

Waikato Contract Bridge Club – additional images

On Monday 13 November, Mr Knott, when asked about the Waikato Contract Bridge Club inclusion in the Hamilton East HHA, said that the building was included as it had “clear frontage” on Brookfield Street. He also described it as “prominent”. These buildings below are **excluded** from the Frankton East HHA (despite being adjacent to the HHA). (These are the two yellow circles on Slide 8 – Frankton East HHA.) These Frankton East buildings are prominent with clear frontage. This is inconsistent treatment of buildings which do not display the heritage values of the HHA.
