Hi Steve,

Thanks for following that up with HCC for us. We clearly specified in the further submissions the reference numbers HCC cited themselves in an assessment document published by them (see below). The Submission form also included more than enough specific details about us for them to infer, which tree the further submission relates to

[HCC had a broken process related to these submissions where we had to really poke to find out where the submission were done, HCC staff themselves didn't have much of a clue, multiple people would give us contradicting guidelines]

There is definitely a currently active "notable tree" proposal related to a road reserve tree next to 96, Forest lake road, Hamilton (also below).

I will request HCC to indicate the specific reference they prefer so we can have that ready for the commissioner.

THE SPECIFIC SUBMISSION(S) THAT THIS FURTHER SUBMISSION RELATES TO ARE:

NAME AND ADDRESS OF ORIGINAL SUBMITTER AND SUBMITTER NUMBER	ORIGINAL SUBMISSION POINT NUMBER	STATE WHETHER YOU SUPPORT OR OPPOSE THIS SPECIFIC PART OF THE ORIGINAL SUBMISSION	STATE THE REASONS FOR YOUR SUPPORT OR OPPOSITION	WHAT DECISION DO YOU SEEK FROM COUNCIL ON THE WHOLE OR PART OF THE ORIGINAL SUBMISSION? <small>Give precise details. Sample - I seek that the whole (or part [describe part]) of the submission be either: Allowed / Disallowed</small>
Hamilton City Council Stem Review Ref. T167 uni ID: e6e40e93-35db-486a-80e4-e349d7b7bf8	Appendix-11 -Notable Trees-Further- Part-2	<input type="checkbox"/> Support <input checked="" type="checkbox"/> Oppose	Proposed "notable tree" is a major health & safety hazard putting multiple lives at fatal risks. And so therefore we question the rationale behind prioritizing a supposedly "notable tree" over human lives.	We seek to have all references to tree identified as T167 removed as a notable tree & have it physically removed from the road reserve pertaining to major health & safety risks the tree poses.

Best Regards,
RN & CN
