Further to your information request of 23 June 2020 in respect of staff speeding tickets and related information, I am now able to provide Hamilton City Council's response.

You requested:

Could I please get information on your staff which have been caught speeding in work vehicles from the GPS units in the vehicle or speeding tickets?

Could I please get the speed the staff were doing in the vehicles which were caught doing over the legal limit - for 2017, 2018, 2019, 2020? And how many were doing those speeds?

If you are able to tell me what was the limit of where they were speeding ie 50km/h, 70km/h, 100km/h?

Could I please get which roads these vehicles were caught over the legal speed limit for the same years?

Could I please get what the fastest speed was over the legal speed limit?

What speed that was and how many vehicles had been caught doing that and where that occurred and when?

Could I please get how many vehicles were caught travelling over 110km/h, 120km/h, 130km/h, 140km/h, 150km/h, 160km/h, 170km/h, 180km/h, 200km/h ? Where these incidents occurred for the same years as above

Could I also get the positions of the staff that have been caught driving over the speed limit for the same years? And what speed they were caught doing for the same years?

Were staff disciplined? If so how?

Who pays for the speeding tickets?

Could I please get figures for staff that have been caught drink driving while driving work vehicles for the same years?

What was there alcohol reading - or how far over the limit they were for the same years, please?

Where were they caught driving over the limit?

What happens to employees that are caught drunk driving in a work vehicle?

Our response:

All overspeed's were in 100 km zones apart from the area in Cambridge that has a limit of 110km.

Could I also get the positions of the staff that have been caught driving over the speed limit for the same years? And what speed they were caught doing for the same years?

To protect the privacy of staff we will not be releasing staff positions, but have included the unit the staff member belonged to at the time. We are unable to go back and identify which unit had the vehicles labelled 'Pool' at the time.

Were staff disciplined? If so how?

Overspeed's are always referred to the Manager for discussion with the staff member. Depending on severity there may have been disciplinary discussions which could lead to dismissal.

Who pays for the speeding tickets?

Speeding tickets issued by police are issued to the driver, so Council may not be aware. If a speed camera ticket is received by Council then the driver is identified and pays for the ticket.

Could I please get figures for staff that have been caught drink driving while driving work vehicles for the same years?

Nil

What was there alcohol reading - or how far over the limit they were for the same years, please?

Nil

Where were they caught driving over the limit?

Nil

What happens to employees that are caught drunk driving in a work vehicle?

They would be subject to disciplinary action which may lead to dismissal.

We trust this information is of assistance to you. Please do not hesitate to contact us if you have any further queries.
