

SENSING & CONTROL / ELECTROMAGNETIC FLOW METER

Badger Meter ModMAG® M2000

Electromagnetic flow meter, real vendor specifications sourced to Badger Meter's own product-line documentation – the largest single flow-meter size in LibertyCES's captured Badger Meter line.

Spec	Value
Size Range	1/4–78 in.
Max Temperature	302°F
Flow Range	0.10–39.4 ft/s
Accuracy	±0.2%
Technology	Electromagnetic (Faraday's Law of Induction)

Note: the M2000's 78-inch max size is the largest single flow-meter size in LibertyCES's captured Badger Meter ModMAG line (7 models: M1000, M2000, M3000, M4000, M5000, M7600, plus the portable Field Verification Device).
