47 MANUFACTURER LINES **1,285** CATALOGED PARTS **30+ YRS** SPEC EXPERIENCE **100+** PROJECTS SPECIFIED **4** STATES SERVED

COMMODITY CODES – UNSPSC

Water treatment & chemical feed

47101540	Chemical feeder
47101505	Chlorine handling equipment
47101517	Ultraviolet disinfection equipment
47101511	Ion exchange equipment
47101508	Desalination (RO) equipment

Pumps

40151505	Dosing pumps
40151552	Metering / injection pumps
40151548	Diaphragm pumps

Tanks

24111805	Chemical tanks
24111810	Water storage tanks
24111812	Containment basin

Valves, piping & instrumentation

40141607	Ball valves
40141621	Diaphragm valves
40141609	Control valves
40171500	Commercial pipe & piping
41112501	Flowmeters
41111938	Level sensors / transmitters
32152002	SCADA packaged system

NAICS & NIGP

423830	NAICS (primary) – Industrial machinery & equipment merchant wholesalers
423840	NAICS – Industrial supplies merchant wholesalers
424690	NAICS – Other chemical & allied products wholesalers
885 · 890	NIGP – Water/wastewater treating chemicals · Water supply & sewage treatment equipment
720 · 830	NIGP – Pumping equipment · Tanks
658 · 220	NIGP – Pipe & tubing · Controlling/monitoring instruments

PAST PERFORMANCE

Municipal water plant, lime slurry feed (CA) – hose-pump retrofit cut calcium hydroxide clog shutdowns from ~10/yr to zero over 365 days.
