WHY LIBERTYCES

Authorized distributor & manufacturer's rep – not a broker.

Quotes carry real factory backing, warranty support, and factory lead times across 47 lines.

Spec-first engineering review.

Every item is checked against the real fluid, concentration, temperature, flow & pressure – 30+ years, 100+ municipal and industrial projects.

Approved-equal & submittal support.

Substitutions documented for engineer review; submittals built to your spec section numbering.

Furnish-only – no scope overlap.

We supply and specify equipment. Installation stays with your trades.

Participation paperwork with every quote.

Both certificates, W-9 & COI to your holder language – ready for diversity-spend reporting.

PAST PERFORMANCE

Industrial wastewater pH treatment (CA) – automated neutralization took 20,000–40,000 GPD discharge from pH 3.3 to city-approved 5.5–6.5.

Mining operation, slurry handling (CA) – replaced failing centrifugal pumps with electric diaphragm pumps under SCADA/PLC control.

Bulk fertilizer storage (CA) – 80 GHz radar level monitoring with PLC integration and pump interlocks.
