

PRODUCT CATALOG OVERVIEW

Every product family, under every brand we carry.

The main product families and groups under all 47 manufacturer lines — one level deeper than the line card, one level up from a full spec sheet.

Product Catalog Overview

This groups each manufacturer's real catalog into its main product families — not a one-line brand summary (see our Manufacturer & Product Line Card), and not full model-level specs (see the 67 individual per-manufacturer catalogs available on request). Every family listed here reflects real, sourced product lines already in our parts catalog.

Pumps, Metering & Dosing

CATEGORY 1 OF 8 • 13 manufacturers

Barnes (Crane Pumps & Systems)

Solids Handling (SH) Series submersible sewage pumps

Blue-White Industries

- FLEXFLO Peristaltic Metering Pumps (A1-A5, M1-M5, A-100N/NA)
- CHEM-FEED Diaphragm Metering Pumps (C2, C3, CD1, CD3, MD1, MD3, C-600P/HV, C-1500N)
- CHEM-FEED Skid Systems (CFCS, CFPS, CFWS series)
- Flow Meters (F-300-F-550, BW-Digimeter, SONIC-PRO)

Cornell Pump Company

Submersible / Solids Handling pumps

Dosatron

- Water-Powered Dosing Pumps (D6-D400 series)
- Compact/Specialty Dosers (DM11, Hobby Cultivator)
- Accessories (Carts, Venturi injectors)

Filter Pump

- In-Tank / Outside-Chamber Pumps (A, AA, AB, ASF, CN)
- Filter Chambers & Bag Filtration (C, BF, CB, CBK)
- Mag-Drive & Vertical Pumps (MF, MTD, P, PHF, PS)
- Carbon Treatment Systems (CT, CTM, CTL + cartridges)
- Metal Recovery Systems (MR-SR)
- Accessories & Media (Penductors, gauge guards, fill media, filter bags)

Finish Thompson

- Sealless Mag-Drive Pumps (DB, MSDB, KC/MSKC, MSVKC)
- ANSI/Sealed Centrifugal Pumps (UCR, UCP, UC Legacy, AC, GP)
- Vertical Pumps (AK, AV, VKC)
- Drum/Barrel Pumps (EF, PF, SF, TT, TB, BT, HVDP)
- Flow Meters & Accessories

FTI Air

- FDA-Compliant AODD Pumps (metallic + non-metallic)
- Standard Non-Metallic AODD Pumps
- Accessories

Graco

- AODD Diaphragm Pumps (Husky, SaniForce, QUANTM)
- Peristaltic Pumps (SoloTech 10/23/26/30)
- Metering & Chemical Injection Pumps (G-JR, Python, Mongoose, Wolverine)
- Controllers (Harrier EZ/EZ-B/EZ-JR, Harrier+ AC/DC/MPI, KRAKN MPI, PC-8(e))
- Sealants & Adhesives Dispensing Equipment (Check-Mate, E-Flo, EFR/EVR/HFR, InvisiPac, Therm-O-Flow, ExactaBlend, and related dispense hardware)
- Triton Circulating/Transfer Pumps

Grovhac

- Portable Clamp-Mount Mixers (lab/C-clamp series)
- Fixed Tank-Top Mixers (bridge, tote, saddle-plate, flange, bung, cover mounts)
- Heavy-Duty Industrial Mixers (Series 600/900)

Grundfos

- CR/CRE/CRI/CRIE/CRN/CRNE Inline Multistage Centrifugal Pumps
- DDA/DDE Digital Dosing Pumps
- DME/DMH/DMX Motor-Driven Dosing Pumps
- DID Measurement & Control Modules

Iwaki America

- Electronic Metering Pumps
- Magnetic Drive Pumps
- Walchem IX Series Metering Pumps

Schurco Slurry USA

- End-Suction Slurry Pumps (S/L Series)
- High-Head Slurry Pumps (H Series)
- Vertical Cantilevered Pumps (V/U Series)
- Severe-Duty Gravel/Dredge Pumps (P/Z Series)

Walchem

- Metering Pumps (EHE, EWP-L, EZ)
- Controllers (Intuition-9, W100, W600)

Valves & Actuation

CATEGORY 2 OF 8 · 7 manufacturers

Asahi/America

- Thermoplastic Ball & Butterfly Valves
- Diaphragm & Check Valves (Type-14, swing/wafer check)
- Gate & Globe Valves
- Actuation (Series 19 Smart Actuator, electric/pneumatic actuators)
- Chemical-Resistant Piping Systems (ChemProline, Advanced PE, Double Containment, High Purity, Industrial Piping)

AVCO Valve

- Ball Valves (economy, industrial, cryogenic, metal-seated, multi-port, diverter, trunnion, V-port, chlorine service)
- High-Performance Butterfly Valves
- Knife Gate Valves
- Instrumentation Valves, Orifice Plates & Venturi
- Actuation (electric/pneumatic actuators, limit switches, positioners, solenoid valves)

Crane CPE (XOMOX)

- High-Performance Butterfly Valves
- Lined Valves
- Soft-Seated Ball Valves
- Tufline Sleeved Plug Valves
- Pneumatic Actuators

Garlock

Lined Butterfly Valves (Gar-Seal Series 400 + general lined line)

Griffco Valve

- Metering-Pump Ancillary Valves (back pressure, pressure relief, injection valves/quills, corp stops)
- Pulsation Dampeners
- Gauge & Instrument Guards
- Y-Strainers & Calibration Columns

Hayward Flow Control

- Ball Valves (true union, three-way, proportional control)
- Butterfly Valves (incl. large diameter)
- Check Valves (swing, wafer, Y-check, ball check)
- PVDF Valve Line (ball, needle, back/relief, strainers, Y-checks)
- Chemfeed & Injection Valves (injection valves/quills, corp stops, calibration cylinders)
- Strainers (basket, Y-strainers)
- Actuation (pneumatic, industrial electric)
- Instrumentation & Controls (flowmeters, level/pH sensors, multi-parameter controllers)

Richter Chemie-Technik

- Valves (ball, butterfly, check, control, safety/overflow, sliding stem, sight glasses)
- Pumps (centrifugal mag-drive, centrifugal mechanically sealed)

Tanks & Chemical Storage

CATEGORY 3 OF 8 • 7 manufacturers

Ace Roto-Mold (Den Hartog)

- Vertical & Cone-Bottom Chemical Tanks
- Septic & Cistern Tanks
- Rectangular & Low-Profile Tanks
- Agricultural Tanks (crop care, liquid feeder, sprayers)
- Containment & Open-Top / Utility Tanks
- Totes & Specialty (stackable totes, pallet paks, inductor tanks, PCO/fuel/pickup tanks)

Houston PolyTank

- Vertical & Horizontal Cylindrical Tanks
- Patented Extrusion-Wound Rectangular Tank
- Extrusion-Wound Pipe & Ductwork
- MagnaPlast Sanitary Sewer Manholes
- Metal Mesh Reinforced Pipe
- Tank Accessories

Norwesco

- Septic Tanks (Bruiser, Legacy, low profile)
- Cistern Tanks (Legacy, low profile, spherical)
- Holding & Water Hauling Tanks
- Vertical Storage Tanks
- Specialty Shapes (elliptical leg, horizontal leg, loaf, freestanding, pickup truck, PCO)

Peabody Engineering

- ProChem Chemical Storage Tanks (cone bottom, rectangular, square, horizontal leg, open/solid top, NSF-61)
- Gemini Dual Containment Systems (cylindrical, square, PLUS, MCU)
- Custom & OEM Tanks (custom molded, rotational molding, fiberglass rectangular process tanks)
- Value-Pak Systems (single/double wall)
- Specialty Tanks (waste oil/antifreeze, PailVault, pump enclosures, freestanding, pickup truck)
- Level Monitoring

Perry Fiberglass

- FRP Structural Products (tanks, ductwork, piping, stacks, enclosures, fans)
- Chemical/Odor Scrubbers (bidirectional, counter-current, cross-current)
- Carbon Adsorption Systems (horizontal/vertical single & dual bed, radial flow, trailer-mounted, manhole/vent insert)
- Biofiltration Systems (biotrickling filter, modular biofilter, biogas system)
- Air Strippers/Degasifiers
- Dampers & Airflow Control
- Filter Media (activated carbon grades, ammonia/chlorine adsorber, packing media)
- Custom/OEM Fabrication & Spare Parts

Poly Processing

- SAFE-Tank Double-Wall Containment
- Standard Vertical & Cone-Bottom Tanks (incl. IMFO full-drain outlets, polyspheres)
- Non-Standard/Custom Molded Tanks
- Fittings, Manways & Plumbing
- Secondary Containment & Restraint Systems
- Vents & Scrubbers
- Lined Steel Vessels

Snyder Industries

- Vertical & Horizontal Tanks
- Cone Bottom & Open Top Batch Tanks
- Double Wall/Containment Tanks
- Brine & Chemical Feed/Injection Tanks
- Fittings

Filtration, Ion Exchange & Water Treatment

CATEGORY 4 OF 8 · 8 manufacturers

AXEON Water Technologies

- RO Membrane Systems (tap water, brackish, sea water, ultrapure)
- Filtration Systems (cartridge, media)
- Treatment Support Systems (softening, deionization, EDI, UV, membrane cleaning)
- Dosing & Pumping (chemical injection, booster/delivery pumps)
- Packaged/Mobile Systems

Clack

WS2H/F Ion Exchange Control Valve

Epiphene

- CPH-16 Silt Separation Skid (standalone + skid-mounted)
- LPD-Mag Magnetic Y-Strainer
- Single Media Filter

Fil-Trek

- Cartridge Filters & Housings
- Bag Filters & Housings
- High-Flow Filters & Housings
- Strainers (automatic/fabricated)
- Filtration Systems

Fluidtrol

- Strainers (basket, duplex basket, Y-strainers)
- Sand Filters
- Balance Tanks
- Modulating Float Valves
- Commercial Reducers

Generic FRP

Brine Tank; Natural Media Pressure Vessel

ResinTech

SBG2-HP strong-base anion exchange resin

Strainrite

- Sterilizing-Grade Membrane Filters (Pur-MAXX SG/Mem-Pleat SG)
- Endotoxin-Removal Filters (Endo-MAXX CN)
- Vent Filters (Vent-MAXX)
- Filter Capsules (MAXX-Cap/Brevi-Cap)

Instrumentation & Controls

CATEGORY 5 OF 8 • 5 manufacturers

Badger Meter

- Electromagnetic & Ultrasonic Flow Meters (ModMAG, Dynasonics)
- Mechanical Flow Meters (Blancett turbine, Hedland variable area, oval gear, turbo, vortex, DP)
- Level & Leak Monitoring (SmartCover, PIPEMINDER, Telog)
- Water Quality Monitoring (ATi, s::can, GasSens)
- Control Valves (Research Control Valves + actuators/positioners)

Flowline

- Level Transmitters
- Level Switches, Controllers & Indicators
- Flow Switches
- Tank Level Monitors
- Fittings, Enclosures & Accessories

Georg Fischer (GF Signet)

- Magmeters (2551/2552 electromagnetic flow meters)
- Analytical Sensors (pH/ORP, conductivity/resistivity, dissolved oxygen, chlorine, turbidity)
- Physical Sensors (flow, level, pressure, temperature)
- Chlorine Systems

Icon Process Controls

- Analytical Instrumentation (pH/ORP, conductivity, dissolved oxygen, turbidity, ion sensors)
- Level Instrumentation (radar, ultrasonic, submersible, float switches, displays)
- Flow Instrumentation (magnetic, turbine/paddle wheel, ultrasonic)
- Pressure Instrumentation (gauges, transmitters, gauge guards)
- Leak Detection (LeakPro sensors/modules, alarms)
- Remote Monitoring (Sentinel tank monitoring)
- Installation Fittings & Accessories

Plast-O-Matic

Gauge Guards (thermoplastic pressure-instrument isolation)

Chemical Feed & Disinfection

CATEGORY 6 OF 8 · 2 manufacturers

Netafim

- Mining Heap-Leach Dripline & Emitters (100/90/75 Series, GyroNet Turbo, Octave)
- Mining Valves & Controls (air valves/vents, butterfly valves, flushing valve, leaching control skid)
- Filtration (manual disc/polymer screen filters, Techfilter, FlexNet HP)
- Wastewater Subsurface Drip Dispersal (Bioline, leach line, MegaStand)
- Monitoring (water meters)

ProMinent Fluid Controls

- Metering Pumps (diaphragm: Sigma/gamma/beta/alpha/Makro/EXTRONIC; peristaltic: DULCOFLEX; solenoid: Gamma)
- Sensors & Analytical Instruments (DULCOTEST pH/ORP/conductivity, DULCOTRANS)
- Controllers (DULCOMETER + diaLog X/AirGuard, DULCODOS)
- Disinfection Systems (Bello Zon/CHLORINSITU ClO₂, OZONFILT ozone, DULCOZON)
- Pool/Spa Systems (DULCOPPOOL, DULCOMARIN)
- Tanks & Storage (dosing tanks, storage tanks)
- Fittings & Accessories

Piping, Fittings, Tubing & Sealants

CATEGORY 7 OF 8 • 4 manufacturers

Altaflo

ALTAFLUOR 200/350/400/480 fluoropolymer tubing grades

GORE

- Universal Pipe Gasket & Sheet Gasketing
- Gasket Tape & Joint Sealant
- GFO Packing Fiber
- SKYFLEX

JCS Tool & Mfg

PTFE-Lined Pipe Fittings

Pexco

- Altaflo® Fluoropolymer Tubing (100/2E0/480/500/550 grades)
- Enflon House-Brand PTFE Tubing
- General Thermoplastic Tubing

Custom Fabrication & Field Services

CATEGORY 8 OF 8 · 1 partner

Becker Engineered Systems

- Custom Chemical Feed System Design & Build
- Control Panel Solutions (PLC/HMI programming)
- On-Site Equipment Calibration & Repair
- Becker IoT Live / Connected Systems (remote monitoring)
- Sub-Assembly Production Service

A NOTE ON SCOPE

Families shown here reflect real, sourced product lines already in LibertyCES's parts catalog — grouped for readability, not an exhaustive SKU list. Full model-level specs are available per manufacturer on request, and we've also researched additional brands (Carver Pump, De Nora, Xylem/Millennium ClO2 generators, Emerson, Hanna Instruments, and others) not yet formally onboarded as active supplier lines.

NEXT STEP

Don't see the family you need? Ask.

This overview covers the main product groups across all 47 manufacturer lines we carry. If your application needs something more specific – a model number, a material spec, a chemical-compatibility rating – send us the application and we'll pull the exact part.
