

Use survey results and other information to arm local residents (supported by other stakeholders) with the information they need to think about and plan (co-produce) how to build stronger, more emotionally resilient communities

Put through a training and awareness raising lens...

**Demand - What's needed? - Informed by:**

Survey results:

- Who wants training?
- Do people know what is available?
- Do people know how to access services and community offers?

Other research

And

**Supply - What's available? Informed by:**

Research by Joanne Gift:

Who offers training locally?  
What is offered nationally?  
(Already in contact with: MIND,  
Brent Young People Thrive, Brent  
Centre for Young People, WDP,  
Recovery College and more)

Other research related to local  
community organisations

Bring together local groups in  
Church End and Alperton to  
co-produce next steps

What are the gaps between what training  
and information is needed and what is  
available?

How do we fill those gaps?

What needs more community engagement  
and involvement before doing anything

What training / information provision can  
be done immediately - Quick wins

Work within BHM on effective co-production – time for engagement
