

Hem
Novelties
26/27

Hem brings together new ideas, refined classics, and fresh perspectives on contemporary living. Each piece reflects a close exchange between Hem and the designers behind it, balancing experimentation with the practical demands of everyday life.

This season marks an important milestone with the launch of the *Min Chair* by Max Lamb, introducing a distinctive new voice to our chair collection. Alongside new designs, familiar pieces are elevated through richer materials, unexpected finishes, and expanded colour palettes. Walnut brings warmth and depth to selected designs, while the iconic *Boa Pouf* by Sabine Marcelis and *Palo Block Sofa* gain new, expressive colour options.

The collection also explores comfort through material. *Hunk Chair* by Kwangho Lee is reimaged in luxurious sheepskin, adding softness and tactility to its bold, sculptural character. The *Puffy Chair* by Faye Toogood takes on a new mood in sumptuous black velvet, bringing depth and softness to its generous, enveloping form.

Behind every piece lies our need for experimentation, refinement, and collaboration. Explore the latest collection and discover how we continue to evolve contemporary design through new forms, elevated materials, and unexpected details.

Furniture

Min Chair

Max Lamb

Architectural, fundamental, primitive, the Min Chair stands strong, a baseline design in pine. Distinctive in profile, subtly subversive, and characterised by a repeated diagonal angle, the Min Chair is a brand-new seating standard by Max Lamb. The chair's design is a lesson in the economy of material and means. Invented as a self-build product by Lamb, the form is made from little material and minimum cuts. A single pine post is sliced at a diagonal angle to create the greatest surface area for two legs. Another post, similarly cut, produces both back legs and back rest. A third post, again cut on the diagonal, yields the seat. The result is a chair with maximum character made from minimal material, a clever design greater than its modest parts. The principle of the chair remained whilst its shape evolved over several years, executed in different materials and scales and eventually becoming a familiar Max Lamb motif. The Min Chair for Hem is the newest iteration of the form, carefully rationalised for mass production. Made from high grade pine that will steadily acquire a rich colour with age, the chair is purposefully solid, intended for everyday use. Min is peak seating style. Premium chairness. An archetypal, multifunctional seat from one of contemporary design's most coveted names.

Min Chair, Lightly White Pigmented Pine

Min Chair, Black Stained Pine

Touchwood Chair

Lars Beller Fjetland

Walnut

Now available in walnut, the subtle, strong, and elemental Touchwood Chair reflects designer Lars Beller Fjetland's belief that interacting with natural materials is of huge importance. Neither unnecessary decorations nor extraneous components should interrupt the simple relationship between material and user. The wood is molded into a continuous shape, making it contract grade durable, while preserving its flexibility. All variants of the Touchwood family stack, making them an ideal choice for public spaces or busy homes. If you perceive more than a little influence from classic minimalist Scandinavian design at play in this hardworking, functional chair, you'd be right!

Touchwood Chair, Walnut

Touchwood Chair, Walnut / Chrome

Log Table

Julien Renault

Walnut

The Log Table is archetypal, its clean lines and refined silhouette contrived by designer Julien Renault, whose intention was to make a quint-essential table for work or play. Its streamlined design cleverly conceals its engineering: a veneer-covered honeycomb core keeps the tabletop light, allowing it to span a great distance. Purposefully robust legs anchor the table and give it stability, and their simple screw connections make assembly straightforward. The ever-so-pleasing curved edge and rounded lines of the legs gently soften the overall effect.

Log Table, Walnut

Max Table + Benches

Max Lamb

Black Stained Ash

There can be little doubt that the Max Table is furniture that will endure. Boasting extreme length and made from solid ash, this extraordinary and uncompromising design is closer to architecture than object. Designer Max Lamb was given the brief to make a table so strong and so generous, it could be stood upon. He delivered a design that is monolithic, bold, and consequential. Huge in scale, elementary in form, brilliant in construction, the Max Table (and its partner, the Max Bench) will be your home's centerpiece—the hub around which you and yours gather for generations to come.

Max Table and Benches, Black Stained Ash

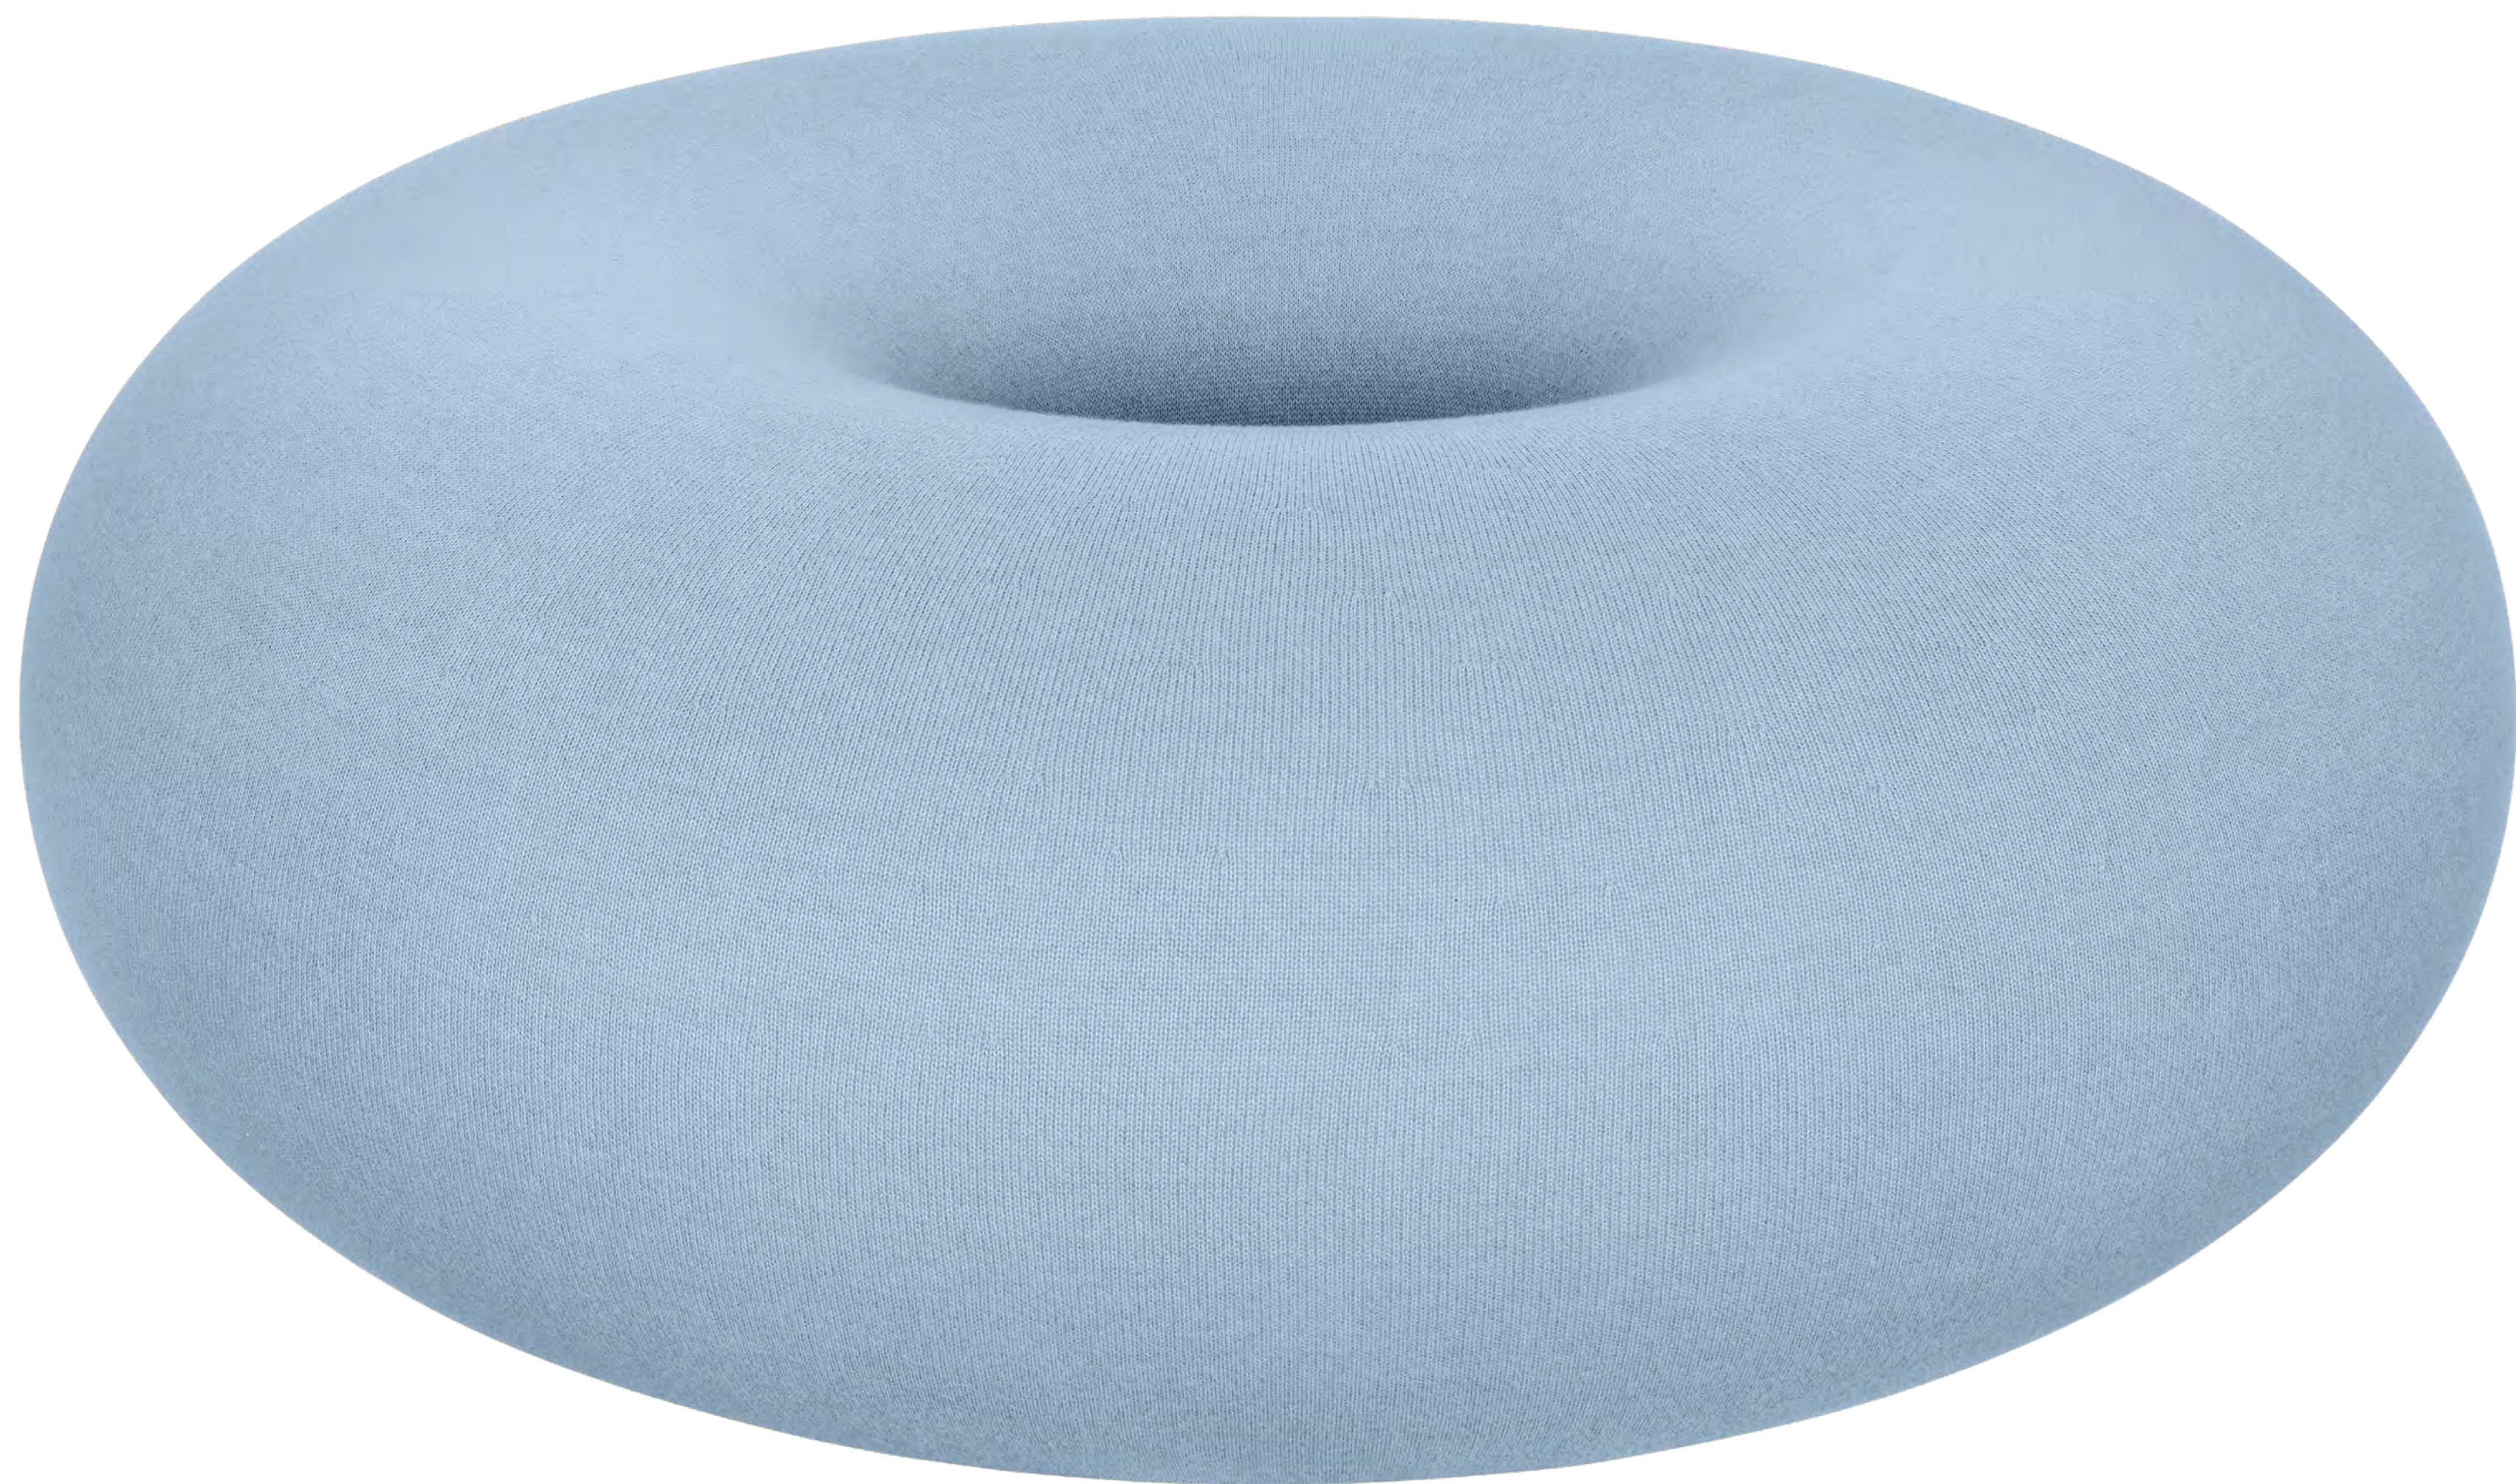

Boa Pouf

Sabine Marcelis

Dove Blue

The donut-shaped Boa Pouf by Sabine Marcelis is perfectly sculptural; a bold graphic form that interrupts interior landscapes with its faultless chunky geometry. This piece of upholstered occasional furniture is rounded and soft, encased in a seamless outer layer that gives it an air-brushed finish: The smooth shape-knit textile that covers the Boa Pouf is a milestone in technologically innovative furniture making. Boa Pouf is as perfect for perching on, propping up feet, lounging against, as it is for making a sculptural statement and is the ideal expression of designer Sabine Marcelis, whose work is characterized by resonating clear, single, notes of absolute material, textile and color.

Palo Block Sofa Hem

Sahco Firo

Our signature Palo Sofa system is the gift that keeps on giving. It is even more flexible, functional and hardworking with the addition of Palo Block Sofa. The system consists of different sizes of back and side panels, easy-apply connectors and partitions, all working together to create fully modular, private seating spaces. In these enclosed spaces, acoustics are improved, comfort is found, privacy and quiet are guaranteed. This makes Palo Block Sofa the ideal solution for busy public areas, work environments, or even domestic spaces where a little respite is required. Endless configurations are possible; Palo Block's extreme versatility is its super strength. Customers can choose from three different seat back heights, plus two different leg heights. An ottoman is available for further low-profile seating solutions, and power outlets can be added for extra functionality. Palo Block can be easily augmented and re-arranged, allowing customers to create vast islands of soft sanctuaries or mini moments of solitude.

Hunk Lounge Chair

Kwangho Lee

Sheepskin

The elemental block-like form of the Hunk armchair is especially characteristic of designer Kwangho Lee. In fact, the Hunk Chair is extra in every way. With exaggerated proportions, a profile so chunky it would make The Flintstones blush, and a ground-breaking construction made entirely from natural materials, Hunk is a whole lot of easy seating and conscientious furniture design. Although geometric in form, the chair's deep natural upholstery is made for melting into - natural latex and coco mat provide extreme cushioning whilst this new sheepskin variant has a super soft finish. Hunk is destined for lounging greatness.

Hai Chair + Ottoman

Luca Nichetto

Brushed Stainless Steel

The Hai Lounge Chair does everything a classic armchair does and more. Luca Nichetto's design is strong—very strong—ergonomic, and handsome, but smart about it. A lightweight metal skeleton is covered in molded foam and soft, inviting textile for maximum comfort. Although sleek and contemporary, the wide arms and high back embrace the sitter in a way that inspires total, classic relaxation. The Hai Lounge Chair's sleek looks can be admired from every angle, even from behind, making this an armchair that nobody should push into a corner.

Puffy Lounge Chair Faye Toogood

Black Velvet

The detachable upholstery of the Puffy Lounge Chair is now also soft and silky as well as fat and plump. Its generous shape spills freely over the sides of a tubular steel frame which, in stark contrast, is hard-lined and strong. The two key elements of this seating design by Faye Toogood are in purposeful and playful juxtaposition. The elementary frame is inspired by the rational structure of classic modernist design, whilst the extravagant quilt-like upholstery warmly embraces and envelopes, is comforting and reassuring. The Puffy Chair frame is available in powder-coated or sand-blasted steel finishes.
