# Arch Throw

Design by Arthur Arbesser

Fashion designer Arthur Arbesser has a particular skill with pattern and color. His bold graphic prints are frequently inspired by the architecture and design heritage of his home city, Vienna. For Hem he has applied his skills to a series of rugs and throws. Each features a distinctive stylized pattern in an appealingly unconventional color palette. The Arch Throw is a graphic architectural motif with a reversible pattern for twice the decorative potential. This especially thick and warm throw is made from fine New Zealand lambswool using traditional weaving techniques. Perfect for colder climates or chilly days.
