Blissful beaches

Situated on the Aegean coast, Hillside Beach Club is a resort on a private bay near Fethiye in Turkey, perfect for couples and children.

The main beach offers bars, cafes and a sports centre, while the adult-only Silent and Serenity beaches are a haven for couples. While children are in the kids' clubs, parents can order drinks to their sunlounger using the Hillside Beach Order App or head to the Sanda Nature Spa. Plus there's lots to do together, including mother and child yoga, a father and son camp and nature-inspired art.
