Pattern

Make two gauge squares. You can use the gauge square already made for the Hygge CAL, or follow the instructions below to make two new ones.

With SW, ch20.

Row 1 Starting in 2nd ch from hook dc to end, ch1, turn. (19 dc)

Rows 2-18 19dc, ch1, turn.

Row 19 19dc, cut yarn and fasten off.

Embroider one, or both of the squares following the provided embroidery pattern. Instructions for embroidery are on the next page.

Border each square by joining SW with a ss in the corner st, *(dc, ch1, dc) in corner st, 17dc along side of square; repeat from * for each side. Join with ss in first dc, fasten off.

Put the squares with the wrong sides together. Take colour D and keeping the yarn on the bottom of your squares, insert the hook from above through border sts of both squares. Pull up loop, insert hook from above through next st, pull up loop, pull through loop on hook (ss made). Ss in each st around. When you have finished approximately half of the sts on the fourth and final side, stuff the pillow lightly and keep stuffing it as you close each st. After finishing the last stitch, cut yarn and weave in ends. Sew the little wooden snowflake charm on the bottom left of your embroidered gauge square with colour D. I unwinded the cotton thread and used one floss thread of it.

Charm Stitch markers

Use your pliers to pry open the silver ring. put both the lobster clasp and the charm on the metal ring, shut it with the pliers again. Simple as that!

Embroidery

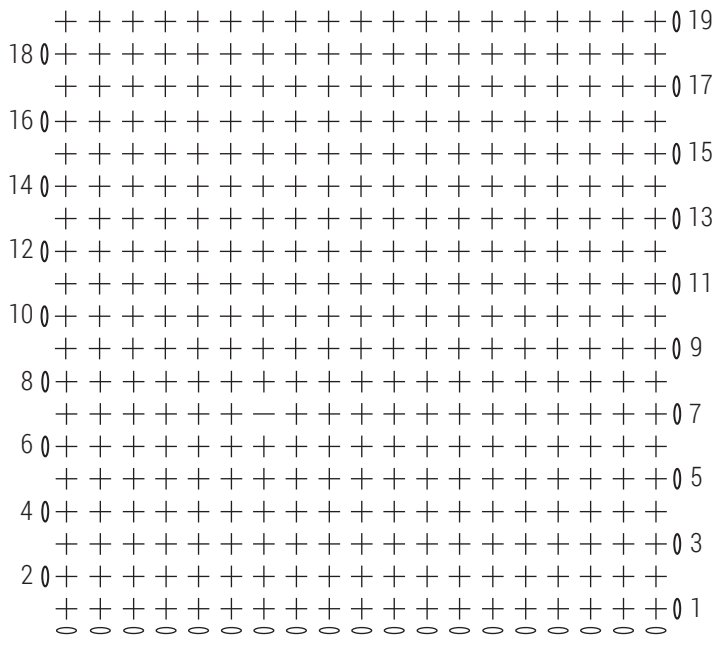

Work your embroidery on the gauge square in cross stitch according to the embroidery scheme. You read the scheme as follows:

Every square represents a crocheted stitch in your gauge square. The white squares will not be embroidered. The coloured squares represent the cross stitches you're going to make. In every square there's a letter, corresponding to the colour you use for the embroidery.

For details regarding how you embroider read the Tips & Tricks document, or watch the video tutorial provided by Esther for week 2 of the Hygge CAL.
