Torlin

Focus on Hair, Shape Elegance

10+ Years Hair Styling Tools Factory Specialized in Production

Company Profile

Torlin (Shenzhen) Technology Co., Ltd. is a national high-tech enterprise specializing in personal care and hair styling appliances. With over 10 years of experience in R&D and manufacturing, we provide comprehensive one-stop OEM/ODM solutions for global brands, covering a full range of hair styling tools, including hair straighteners, curling irons, hair dryers, straightening brushes, and hot air brushes.

Our manufacturing facility spans over 3,000 square meters, with an annual production capacity exceeding 1 million units. All our products comply with international safety standards, including CE, RoHS, FCC, UL, PSE, CB, and ETL. Torlin’ s products are exported to markets across the United States, Europe, the Middle East, and beyond.

We offer end-to-end customization services—encompassing product design, structural development, mold manufacturing, prototyping, mass production, and packaging design—all under one roof.
