STATEMENT OF THE BOARD OF MANAGEMENT

STATEMENT OF RESPONSIBILITY OF THE BOARD OF MANAGEMENT IN RESPECT OF THE INTERIM FINANCIAL STATEMENTS

The Board of Management of Ho Chi Minh City Securities Corporation (“the Company”) is responsible for preparing the interim financial statements which give a true and fair view of the financial position of the Company as at 30 June 2023 and of the results of its operations, cash flows and changes in equity for the six-month period then ended. In preparing these interim financial statements, the Board of Management is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the interim financial statements on a going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Board of Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the financial position of the Company and which enable the interim financial statements to be prepared which comply with the basis of accounting set out in Note 2 to the interim financial statements. The Board of Management is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud or errors.

APPROVAL OF THE INTERIM FINANCIAL STATEMENTS

We hereby approve the accompanying interim financial statements as set out on pages 6 to 93 which give a true and fair view of the financial position of the Company as at 30 June 2023 and of the results of its operations, cash flows and changes in equity for the six-month period then ended, in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and prevailing regulations on preparation and presentation of financial statements applicable to securities companies operating in Vietnam.

On behalf of the Board of Management

Trinh Hoai Giang
Chief Executive Officer

Ho Chi Minh City, Vietnam

REPORT ON THE REVIEW OF INTERIM FINANCIAL INFORMATION TO THE SHAREHOLDERS OF HO CHI MINH CITY SECURITIES CORPORATION

We have reviewed the accompanying interim financial statements of Ho Chi Minh City Securities Corporation (“the Company”) which were prepared on 30 June 2023 and approved by the Board of Management of the Company on 9 August 2023. The interim financial statements comprise the interim statement of financial position as at 30 June 2023, the interim statement of comprehensive income, the interim statement of cash flows and the interim statement of changes in equity for the six-month period then ended, and explanatory notes to the interim financial statements including significant accounting policies, as set out on pages 6 to 93.

The Board of Management’s Responsibility

The Board of Management of the Company is responsible for the preparation and the true and fair presentation of these interim financial statements of the Company in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and prevailing regulations on the preparation and presentation of financial statements applicable to securities companies operating in Vietnam, and for such internal control which the Board of Management determines is necessary to enable the preparation and presentation of interim financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express a conclusion on these interim financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements 2410 - *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements do not present fairly, in all material respects, the financial position of the Company as at 30 June 2023, the results of operations, the cash flows and the changes in equity of the Company for the six-month period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and prevailing regulations on the preparation and presentation of interim financial statements applicable to securities companies operating in Vietnam.

Other Matter

The report on the review of interim financial information is prepared in Vietnamese and English. Should there be any conflict between the Vietnamese and English versions, the Vietnamese version shall take precedence.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****1 GENERAL INFORMATION (continued)*****Investment objectives and investment restrictions***

Being a listed broker firm in the Vietnamese securities market, the Company aims to contribute to the development of the securities market and deliver benefits to customers, investors and its shareholders. The Company's investment portfolio and its restrictions shall follow the investment objectives and investment strategy as stipulated in its Charter and applicable securities laws and regulations.

Structure of the Company and businesses

As at 30 June 2023, the Company had 1 branch and 1 transaction office in Vietnam.

Principal activities

The principal activities of the Company include provision of securities brokerage services, margin loans, proprietary securities trading, securities investment consultancy services, corporate finance consultancy services, securities underwriting services and securities custodian services.

Overview of business operations during the year and their impacts to the interim financial statements

Profit after tax in the first 6 months of 2023 decreased by 50% compared to the same period in 2022 with the main reasons as follows:

- Securities brokerage revenue in the first 6 months of 2023 decreased by 48% due to a 47% decrease in liquidity of the market over the same period last year;
- Margin lending revenue in the first 6 months of 2023 decreased by 39%, influenced by the weakening of liquidity and the increase in lending interest rates following the general trend of the market;
- The results of proprietary trading activities (the net value of items 1.1 and 2.1 in the statement of comprehensive income) decreased by 22% versus the comparative period;
- Revenue from financial consulting activities in the first 6 months of 2023 decreased by 95% compared to the same period last year because in the first 6 months of 2023 the Company did not have a completed deal to record revenue as in the first 6 months of 2022.
- Operating expenses (excluding the effect of item 2.1 as mentioned above) of the first 6 months of 2023 decreased by 35% compared to the first 6 months of 2022 mainly due to a decrease in the cost of securities brokerage operations corresponding to a decrease in revenue.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES****2.1 Basis of preparation of interim financial statements**

The interim financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System, Circular 210/2014/TT-BTC dated 30 December 2014 (“Circular 210/2014/TT-BTC”), Circular 334/2016/TT-BTC dated 27 December 2016 (“Circular 334/2016/TT-BTC”), Official Letter No. 6190/BTC-CĐKT dated 12 May 2017 (“Official Letter 6190/BTC-CĐKT”) and Circular 23/2018/TT-BTC dated 12 March 2018 (“Circular 23/2018/TT-BTC”), all issued by the Ministry of Finance, and prevailing regulations on preparation and presentation of financial statements applicable to securities companies operating in Vietnam.

The accompanying interim financial statements are not intended to present financial position and results of operations, cash flows and changes in equity in accordance with accounting principles generally accepted in jurisdictions other than Vietnam. The accounting principles and practices utilised in Vietnam may differ from those generally accepted in countries and jurisdictions other than Vietnam.

The interim financial statements in Vietnamese are the official statutory interim financial statements of the Company. The interim financial statements in English have been translated from the Vietnamese version.

The interim financial statements have been prepared under the historical cost convention as modified by the revaluation of financial assets at fair value through profit or loss (“FVTPL”) and available-for-sale financial assets (“AFS”) based on market value or fair value (in case where market value is not available).

2.2 Critical accounting estimates

The preparation of interim financial statements in conformity with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and prevailing regulations on preparation and presentation of financial statements applicable to securities companies operating in Vietnam requires the Board of Management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the reporting date and the reported amounts of revenues and expenses during the financial period.

The areas involving significant estimates and assumptions are as follows:

- Market value/fair value of financial assets (Note 2.7 and Note 3.2);
- Provisions for impairment loss of loans (Note 2.7 and Note 3.3).

Such estimates and assumptions are continually evaluated. They are based on historical experiences and other factors, including expectations of future events that may have a financial impact on the Company and that are assessed by the Board of Management to be reasonable under the circumstances.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.3 Form of records applied**

The Company uses the accounting software tailored in general journal to record its transactions.

2.4 Fiscal year and reporting period

The Company's fiscal year is from 1 January to 31 December.

These interim financial statements are prepared for the period from 1 January 2023 to 30 June 2023.

2.5 Currency

The interim financial statements are presented in the Vietnamese Dong ("VND" or "Dong"), which is also the Company's functional currency.

Transactions arising in foreign currencies are translated at exchange rates ruling at the transaction dates. Foreign exchange differences arising from these transactions are recognised in profit or loss of the interim statement of comprehensive income.

Monetary assets and liabilities denominated in foreign currencies at the reporting date, except liabilities whose foreign exchange risk exposure has been hedged, are respectively translated at the buying and selling exchange rates at the reporting date of the commercial bank where the Company regularly trades. Foreign currencies deposited in bank at the reporting date are translated at the buying exchange rate of the commercial bank where the Company opens the foreign currency accounts.

Foreign exchange differences arising from these translations are recognised as income or expenses in profit or loss of the interim statement of comprehensive income.

2.6 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash in transit, cash at bank of the Company, and other short-term investments with maturity within three (3) months since purchase, which are highly liquid, readily convertible to cash and subject to an insignificant risk of conversion.

Cash of customers for securities trading activities and cash of issuers are accounted for off interim statement of financial position.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.7 Financial assets excluding receivables****(a) Classification and measurement***(i) Financial assets measured at fair value through profit or loss (“FVTPL”)*

Financial assets at fair value through profit or loss are financial assets held for trading or designated by the Board of Management at initial recognition at fair value through profit or loss.

A financial asset is classified as held for trading if meeting one of the following conditions:

- It is purchased or originated for resale/repurchase in the short term; or
- At initial recognition, it constitutes a part of an identified portfolio of financial instruments which are traded for short-term profits; or
- It is a derivative (except those defined as financial guarantees or effective hedges).

At initial recognition, a financial asset is designated at fair value through profit or loss if such designation promotes the fairness of its presentation due to one of the following reasons:

- Such designation eliminates or significantly reduces a measurement or recognition inconsistency (also called as “accounting mismatch”) that would otherwise arise due to different bases; or
- It gives rise to a group of financial assets whose performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy and internally disseminated to the Company’s key management (as defined in Vietnamese Accounting Standard on Related parties disclosure) such as Board of Directors, Board of Management and major shareholders.

Financial assets at fair value through profit or loss are initially recorded at cost exclusive of transaction costs. Transaction costs related to purchases of FVTPL financial assets are expensed off immediately.

Financial assets at fair value through profit or loss are subsequently measured at market value or fair value (in case market value is not available). Shares not traded on active market and those whose fair value is not reliably determined are accounted at cost.

All gains or losses arising from change in fair value of FVTPL financial assets are recognised in profit or loss of the interim Statement of comprehensive income.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.7 Financial assets excluding receivables (continued)****(a) Classification and measurement (continued)***(ii) Held-to-maturity financial assets (“HTM”)*

HTM financial assets are non-derivative financial assets with the following characteristics:

- Payments are fixed or determinable;
- Maturity is fixed;
- The Company has positive intention and ability to hold to maturity.

The following assets are excluded from HTM financial assets:

- Non-derivatives classified as FVTPL financial assets at initial recognition;
- Non-derivatives classified as available-for-sale (“AFS”) financial assets; and
- Non-derivatives qualifying conditions to be classified as loans and receivables.

A financial asset shall not be classified as held-to-maturity if the Company has, during the current financial year or during the two preceding financial years, sold or reclassified more than an insignificant amount of HTM financial assets before maturity (more than insignificant in relation to the total amount of HTM financial assets) other than sales or reclassifications that:

- are so close to maturity or the financial asset's call date (less than three months before maturity) that changes in the market rate of interest would not have a significant effect on the financial asset's fair value;
- occur after the Company has collected substantially all of the financial asset's original principal through scheduled payments or prepayments; or
- are attributable to an isolated event that is beyond the Company's control, is non-recurring and could not have been reasonably anticipated by the Company.

HTM financial assets are initially recorded at cost inclusive of directly attributable purchase costs, subsequently measured at amortised cost using effective interest rate method (“EIR”).

Effective interest method is a method used in calculating the amortised cost of an HTM financial asset or a group of HTM financial assets and in the allocation and recognition of the interest revenue or interest expense in profit or loss over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the financial instrument's expected life, or a shorter year where appropriate, to the net present value of a financial asset or a financial liability.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.7 Financial assets excluding receivables (continued)****(a) Classification and measurement (continued)***(ii) Held-to-maturity financial assets (“HTM”) (continued)*

Amortised cost of HTM financial assets is determined at historical cost less principal received plus (or less) accumulated amortisation using effective interest rate method between historical cost and maturity value, less impairment loss (if any).

At the reporting date, HTM investments are provided for impairment loss when there is any objective evidence of impairment or recoverability as a result of one or more events that occurred subsequent to initial recognition and affected estimated future cash flows of HTM investments. Objective evidence of impairment may include:

- Significant financial difficulty of the issuer or the obligor;
- A breach of contract, such as default or delinquency in interest or principal payments;
- The lender, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the lender would not otherwise consider;
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation;
- Observable data indicating that there is a measurable decrease in the estimated future cash flows from a group of financial assets since the initial recognition of those assets, although the decrease cannot yet be identified with the individual financial assets in the group, including:
 - (i) Adverse changes in the payment status of borrowers in the group; or
 - (ii) National or local economic conditions that correlate with defaults on the assets in the group.

Provision for impairment of HTM financial assets is determined at the difference of the estimated recoverable amount and the carrying value of HTM financial assets at the reporting date. Provision/(reversal of provision) for such impairment is debited/credited to expenses in profit or loss of the interim statement of comprehensive income.

HTM financial assets are classified as current and non-current assets in the interim statement of financial position based on their remaining maturity as at the reporting date.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.7 Financial assets excluding receivables (continued)****(a) Classification and measurement (continued)***(iii) Loans*

Loans are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

In the reporting period, the Company had the following types of loans:

- **Margin loans:** the amounts lent to customers for their purchases of listed securities in accordance with Decision 87/QD-UBCK issued by the State Securities Commission on 25 January 2017. According to this regulation, the initial margin (ratio of net equity to market value of security to be purchased on margin as at trading date) is set by the Company but shall be not lower than 50%. The margin loans are collateralised by securities eligible for margin lending.
- **Trading advances:** the amounts advanced to customers at the trading date and/or the day right after. These amounts are repaid within two (2) trading days.

Loans are initially recorded at cost and subsequently measured at amortised cost using the effective interest rate method (“EIR”).

Amortised cost of loans is determined at historical cost less principal received plus (or less) accumulated amortisation using the EIR between historical cost and maturity value, less impairment loss (if any).

As at reporting date, loans are provided for impairment loss when there is any objective evidence of impairment. Provision for impairment of loans is determined at the difference of market value of collateral and the carrying value of loans at the reporting date. Provision/(reversal of provision) for such impairment is debited/(credited) to expenses in profit or loss of the interim statement of comprehensive income.

(iv) Available-for-sale financial assets (“AFS”)

Available-for-sale financial assets are non-derivative financial assets that are not classified as FVTPL, HTM, nor loans and receivables.

Available-for-sale financial assets are initially recorded at cost inclusive of directly attributable purchase cost.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.7 Financial assets excluding receivables (continued)****(a) Classification and measurement (continued)***(iv) Available-for-sale financial assets ("AFS") (continued)*

At the reporting date, AFS financial assets are measured at fair value. Those equities not traded on active market or those whose fair value is not reliably determined are accounted at cost.

All gains or losses from revaluation of AFS financial assets are accounted for directly in equity (other comprehensive income) through the statement of changes in equity, exclusive of impairment losses. Such recognition is applied until the asset is de-recognised.

At derecognition, accumulated gains or losses in equity are recognised in profit or loss of the interim statement of comprehensive income as a reclassification. Gains using effective interest method is recognised in profit or loss of the interim statement of comprehensive income in accordance with Standard on Revenue recognition.

As at reporting date, AFS financial assets are provided for impairment loss when there is any objective evidence of impairment.

Objective evidence of impairment for debt instruments may include those identified as for HTM financial instruments.

Objective evidence of impairment for equity instruments may include:

- Significant changes which adversely affect the issuer's operations as a result of their impacts on the technological, market, economic or legal environment, and indicates that the cost of the equity instrument may not be recovered;
- A significant or prolonged decline in the fair value of an investment in an equity instrument below its cost.

Provision for impairment is determined at the difference of the estimated recoverable amount and the carrying value of AFS financial assets at the reporting date.

Impairment loss of AFS financial asset is recorded directly to previously recognised revaluation gain in equity (if any), when there is objective evidence that the AFS financial asset is impaired, accumulated revaluation loss in equity is reclassified to profit or loss of the interim statement of comprehensive income despite that asset is yet derecognised.

FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.7 Financial assets excluding receivables (continued)****(b) Reclassification***(i) Reclassification of non-FVTPL financial assets upon disposal*

Non-FVTPL financial assets are reclassified to FVTPL financial assets before disposal. Accumulated revaluation of AFS financial assets in equity will be recorded in the interim Statement of comprehensive income as a reclassification.

(ii) Reclassification due to change in intention/ability to hold the financial assets

Reclassification of financial assets due to change in intention/ability to hold the assets is permitted, provided that:

- Non-derivative FVTPL financial assets that are not required to be classified as FVTPL at initial recognition may be reclassified as loans and receivables in limited circumstances or cash and cash equivalents if meeting certain conditions for reclassification. Gains and losses from revaluation of FVTPL financial assets arising before the reclassification are not reversed;
- If the change in intention/ability to hold a financial asset results in it being inappropriately reclassified as an HTM asset, that asset must be reclassified as AFS and re-measured at fair value. Difference between its carrying value and fair value is recognised in profit or loss of the interim Statement of comprehensive income as a reclassification.

(c) Recognition/de-recognition

Purchases and sales of financial assets are recognised on trade date – the date on which the Company becomes a party to the contractual provisions of the instruments.

Financial assets are de-recognised when the right to receive cash flows from the financial assets has expired or the Company has transferred substantially all risks and rewards of ownership of those financial assets.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, but has neither transferred substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Company's continuing involvement in the asset. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.7 Financial assets excluding receivables (continued)****(d) Initial recognition**

FVTPL financial assets are initially recognised at purchase cost exclusive of transaction costs. Other financial assets are initially recorded at historical cost including directly attributable purchase cost.

Bonus issues and stock dividends are initially recognised as financial assets at nil cost.

(e) Determination of market value/fair value

The Company applies valuation bases for financial assets in accordance with Circular 91/2020/TT-BTC dated 13 November 2020 regarding capital adequacy ratio of securities trading entities (“Circular 91/2020/TT-BTC”) in determining the market value/fair value of financial assets, in particular:

(i) *Shares listed on stock exchanges, shares of public companies registered for trading on the Unlisted Public Company Market (“UPCoM”)*

These shares are revalued at the closing price of the latest trading date up to the reporting date.

(ii) *Other shares*

Other shares are measured at fair value based on review of financial position and book value of the issuers at reporting date.

(iii) *Bonds listed on stock exchanges*

These bonds are revalued based on quoted price on stock exchanges at the latest trading date prior to the valuation date plus accrued interests. Those bonds not traded for more than two (2) weeks prior to valuation date are carried at their purchase prices plus accrued interests.

(iv) *Unlisted bonds*

Unlisted bonds are measured at their purchase prices plus accrued interests.

Certificates of open-ended funds/ETF are revalued at net asset value per fund unit at the fund’s latest valuation up to the reporting date of the Company.

(vi) Delisted shares/shares suspended from six days or longer

These shares are revalued based on its book value at the latest reporting date.

Unless otherwise stated above, securities are measured at fair value based on review of financial position and book value of the issuers at valuation date.

(f) Recognition of gains/(losses)*Purchase transaction costs*

Transaction costs related to purchases of FVTPL financial assets are expensed off in the statement of comprehensive income, while transaction costs related to purchases of other financial assets are included in the cost of these assets.

Selling transaction costs

Selling transaction costs are expensed off.

Gain/(loss) on disposal

Gain/(loss) on disposal of financial assets are accounted for as income/(expenses) in profit or loss of the interim statement of comprehensive income. Costs of disposed financial assets are determined using the weighted average method up to the end of trading dates.

Provision/(reversal of provision) for impairment of financial assets

Provision/(reversal of provision) for impairment of financial assets is debited/(credited) to expenses in profit or loss of the statement of comprehensive income.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023**

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.8 Receivables

Receivables comprise receivables from disposal of financial assets, dividend and interest receivable, service-related receivables, receivables from trading errors and other receivables. Receivables are recorded on an accrual basis and presented at cost less provision for impairment (if any).

Receivables are classified as current and non-current assets in the statement of financial position based on their remaining maturity as at the reporting date.

Provision for doubtful debts is made for each outstanding amount based on number of days past due according to initial payment commitment (without considering any mutually agreed extension), or based on the estimated loss that may arise. Bad debts are written off when identified.

Provision/(reversal of provision) for impairment is debited/credited to expenses in profit or loss of the interim statement of comprehensive income.

2.9 Repurchase and reverse repurchase agreements

Securities sold under agreements to repurchase at a specified future date (“repos”) are not de-recognised from the interim statement of financial position. The corresponding proceeds are recognised in the interim statement of financial position as a liability. The differences between the selling prices and the repurchase prices are recognised as interest expenses and are accrued over the agreement years.

Conversely, securities purchased under agreements to resell at a specified future date (“reverse repos”) are not recognised in the interim statement of financial position. The corresponding cash paid are recognised in the interim statement of financial position as an asset. The differences between the purchase prices and resale prices are recognised as interest income and are allocated over the agreement years.

For overdue commitments, the Company considers making provision for impairment.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.10 Futures**

Futures are listed derivatives in which the parties commit to:

- Buy or sell a volume of underlying asset at a pre-determined price on a pre-determined future date; or
- Settle the difference between the pre-determined transaction price and the price of the underlying asset on the pre-determined future date.

The Company accounts for futures in accordance with guidance of the Official Letter 6190/BTC-CĐKT, in particular:

Proprietary trading activities

Deposit for derivative trading activities is accounted for as “Other current assets” in the interim statement of financial position.

Securities deposited for derivative trading activities are not de-recognised but rather monitored under sub-accounts of the same type of financial assets and separately disclosed in the financial statements.

Gain (or loss) on futures position are determined and settled on a daily basis at the difference between the closing settlement price on accounting date and that on the latest trading date. Gain (or loss) on futures position is accounted for as realised income (or expense) in the interim statement of comprehensive income under item “Gain (or loss) on disposal of FVTPL financial assets”.

Interest arising on deposit for derivative trading activities is accounted for as a financial income in the interim statement of comprehensive income under item “Dividend income and interest income from demand deposits”.

Brokerage activities

Deposit in the Derivative Clearing Fund is accounted for as “Other non-current assets” in the interim Statement of financial position.

Revenue from futures brokerage is accounted for in the interim statement of comprehensive income under item “Brokerage fee income”.

Cash and securities deposited for derivative trading activities of customers is accounted for off interim statement of financial position under item “Customers’ deposits for derivative trading” and “Customers’ deposits at VSD”.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.11 Fixed assets***Tangible and intangible fixed assets*

Fixed assets are stated at historical cost less accumulated depreciation or amortisation. Historical cost includes all costs necessary to bring the assets to working condition for their intended use. Subsequent expenditures can be capitalised only if they result in probable future economic benefits from using the assets. Unqualified expenditures are immediately expensed off.

Depreciation and amortisation

Fixed assets are depreciated/amortised using the straight-line method to write off the historical cost of the fixed assets over their estimated useful lives, specifically as below:

Motor vehicles	6 years
Office equipment	3 - 5 years
Computer software	3 - 4 years

Disposals

Gains or losses on disposals are determined by comparing net disposal proceeds with the carrying amount of the fixed assets and are recognised as income or expense in the interim Statement of comprehensive income.

Construction in progress

Construction in progress represents the cost of assets in the course of completion for operation or administrative purposes, including all necessary costs for qualifying assets. Depreciation of these assets, on the same basis as other fixed assets, commences when they are ready for their intended use.

2.12 Leased assets

Leases where a significant portion of the risks and rewards incidental to the asset ownership is retained by the lessor are classified as operating leases. Operating lease payments are charged to the interim Statement of comprehensive income on a straight-line basis over the lease term.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.13 Prepaid expenses**

Prepaid expenses include prepayments for goods and services, tools and equipment not qualified to be recognised as fixed assets under prevailing regulations. Prepaid expenses are initially recorded at cost and allocated to expenses over their estimated useful lives using the straight-line method.

The following items are classified as prepaid expenses and amortised to expenses over two (2) to forty (40) years in profit or loss of the interim Statement of comprehensive income:

- Office renovations;
- Office rentals; and
- Office supplies.

2.14 Short-term/long-term security deposits

Short-term/long-term security deposits are recognised when the Company makes its payments in accordance with contractual terms and are classified as other current/ non-current assets.

2.15 Liabilities**(a) Recognition/de-recognition**

Liabilities are recognised when the Company has an obligation as a result of receipts of assets, commits or becomes a party to the contractual provisions. Liabilities are de-recognised when such obligations are fully discharged. Liabilities are recognised on an accrual basis and under prudence concept.

(b) Classification

Classifications of liabilities are based on the type of transactions on which they arise as follows:

- Borrowings;
- Trading obligations;
- Covered warrant liabilities;
- Trade payables arising from purchases of financial assets, goods or services; and
- Other payables including non-trade payables and those not arising from purchases of financial assets, goods and services.

Liabilities are classified as current and non-current liabilities in the interim statement of financial position based on their remaining year from the reporting date to their maturity dates.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.16 Offsetting financial instruments**

Financial liabilities are contractual obligations to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Company, or contracts that may be settled in the Company's own equity instruments.

Financial assets and liabilities are offset, and the net amount is presented in the interim statement of financial position when there is a legally enforceable right to offset the recognised amounts and the Company has an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously.

2.17 Borrowings

Borrowings include borrowings from banks and third parties. Borrowings are stated at cost as at the reporting date.

Borrowings are classified as current and non-current liabilities in the interim statement of financial position based on their remaining year from the reporting date to their maturity dates.

2.18 Covered warrants

Covered warrant is a collateralised security issued by securities companies that gives the holders the right to buy from (call warrant) or sell to (put warrant) the warrant issuer an underlying asset at a pre-determined price, at or by a pre-determined point of time, or receive an amount of cash at the difference between exercise price and price of the underlying asset on exercise date. The securities companies issuing covered warrants are required to deposit cash and financial assets, or obtain bank guarantees to secure their obligations to the warrant holders.

The Company accounts for covered warrants in accordance with the guidance of Circular 23/2018/TT-BTC, in particular:

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.18 Covered warrants (continued)*****Covered warrants issued by the Company***

Proceeds from issuance of warrants are accounted as covered warrant liabilities.

When the Company buys back covered warrants it issued for market-making purpose, or when the covered warrants are delisted and buybacks are mandatory, positive (or negative) differences between buyback price and carrying value of covered warrants are recognised as loss (or gain) in the interim Statement of comprehensive income.

All costs incurred for buybacks and issuance of covered warrants are expensed off immediately. Indemnifications and penalties from late payments for customers are accounted as other expenses.

As at reporting date, covered warrants are fair valued. Increase (or decrease) in fair value of covered warrants is recognised in loss (or gain) in the interim statement of comprehensive income.

Gain (or loss) on expiry of covered warrant is recognised as gain (or loss) on disposal of FVTPL financial assets in the interim statement of comprehensive income.

Authorised quantity of covered warrants, issued quantity of covered warrants and buyback quantity of covered warrants are monitored off interim statement of financial position. Such quantities as at reporting date are disclosed in the off interim statement of financial position items.

Securities used as hedges against covered warrants

Securities used as hedges against position of covered warrants are monitored under separate accounts and revalued at reporting date. Revaluation result is accounted similarly to FVTPL or AFS financial assets.

Proprietary trading of covered warrants

When the Company purchases covered warrants issued by other issuers for investing purpose, such covered warrants are accounted similarly to FVTPL financial assets.

2.19 Income tax paid on behalf of investors

According to the prevailing taxation regulations in Vietnam, the Company is required to withhold foreign contractor tax of 0.1% on trading proceeds of foreign institutional investors and pay on their behalf. For individual investors (both residents and non-residents), the Company is required to withhold personal income tax of 0.1% on their trading proceeds. The Company will declare and make tax payment on behalf of these investors. For local institutional investors, the Company is not responsible for withholding tax as these entities are responsible for their own tax payments and declarations.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.20 Accrued expenses**

Accrued expenses include liabilities for goods and services received in the reporting period but not yet paid due to pending invoices or insufficient records and documents. Accrued expenses are recorded as expenses of the reporting period.

2.21 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the expenditures expected to be required to settle the obligations. If the time value of money is material, provisions will be measured at the present value using pre-tax rates that reflect current market assessments of the time value of money and the risks specific to the obligations. Increases in the provision due to passage of time are recognised as financial expenses.

Changes in the provision balances during the period are debited or credited to operating expenses.

2.22 Provisions for severance allowances

In accordance with Vietnamese labour laws, employees of the Company who have worked regularly for full 12 months or longer, are entitled to a severance allowance. The working year used for the calculation of severance allowance is the year during which the employee actually works for the Company less the year during which the employee participates in the unemployment insurance scheme in accordance with the labour regulations and the working year for which the employee has received severance allowance from the Company.

The severance allowance is accrued at the end of the year on the basis that each employee is entitled to half of an average monthly salary for each working year. The average monthly salary used for calculating the severance allowance is the employee contract's average salary for the year prior to the reporting date.

This allowance will be paid as a lump sum when employees terminate their labour contracts in accordance with current regulations.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.23 Equity****(a) Owners' capital**

Owners' capital is recorded according to the actual amounts contributed at the par value of the shares.

Share premium is the difference between the par value and the issue price of shares and the difference between the repurchase price and re-issuing price of treasury shares.

Treasury shares are shares issued and repurchased by the Company, but not yet cancelled at the reporting date. Treasury shares are recorded at cost and deducted from equity. The Company does not account for gains/(losses) from purchase/sale, issuance/cancellation of its own equity instruments.

- Treasury shares repurchased before the effective date of the Securities Law 2019 (ie. 1 January 2021) are shares issued and repurchased by the Company, but not cancelled and may be re-issued subsequently in accordance with the Law on Securities.
- Treasury shares repurchased after 1 January 2021 will be cancelled and adjusted to reduce equity. The Company has no transaction to repurchase treasury shares after 1 January 2021 until the date of this report.

(b) Revaluation reserve

Revaluation reserve reflects the differences arising on revaluation of AFS.

(c) Financial and operational risk reserve and supplementary capital reserve

From 1 February 2022, Circular 114/2021/TT-BTC issued by the Ministry of Finance on 17 December 2021 became effective, accordingly:

- The financial regimes applicable to securities companies stipulated in Circular 146/2014/TT-BTC issued by the Ministry of Finance on 6 October 2014 are revoked in full.
- The balance of Supplementary capital reserve made in accordance with Circular 146/2014/TT-BTC shall be added to the Company's charter capital in line with Securities Law 2019, the related guidelines and the Company's charter.
- The balance of Financial risk and operation reserve made in accordance with Circular 146/2014/TT-BTC shall be added to the Company's charter capital or utilised in line with resolution of Annual General Meeting of shareholders, Securities Law 2019 and related guidelines, the Company's charter, while ensuring financial safety ratio pursuant to securities regulations.

FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.23 Equity (continued)****(c) *Financial and operational risk reserve and supplementary capital reserve (continued)***

Before 1 February 2022:

- According to Circular 146/2014/TT-BTC, securities companies are required to make annual appropriation to the financial and operational risk reserve and supplementary capital reserve at 5% of the post-tax profit for each reserve in each of its profitable years until the accumulated balance of each reserve reaches 10% of the charter capital.
- Financial and operational risk reserve is made to compensate the residual losses and damages arising in operation beyond the indemnification received from the parties causing damages and insurance companies and the utilisation of indemnity funds and the relevant provisions made.
- Supplementary capital reserve serves as a financial resource to increase charter capital.

(d) *Other equity funds*

Other equity funds are made in accordance with resolutions of Annual General Meeting of shareholders.

(e) *Undistributed earnings*

Undistributed earnings represent cumulative undistributed post-tax profits at the reporting date including cumulative realised profits and cumulative unrealised profits.

Unrealised profit/(loss) for the period is the total difference between gain and loss arising from revaluation of financial assets at FVTPL or other financial assets charged into the interim statement of comprehensive income.

Realised profit for the period is the difference between total revenue, income and total expenses in the interim statement of comprehensive income, except for gain or loss arising from revaluation of financial assets recognised in unrealised profit/(loss).

2.24 Dividend distribution

The Company's dividend declaration is recognised as a liability in the interim financial statements when the dividend is approved in the General Meeting of Shareholders or when the Board of Directors declares dividends in accordance with the Company's Charter and prevailing regulations or when the distribution decision is approved by the Member's Council.

Dividend base for distribution is post-tax realised profits after deducting amounts appropriated to financial and operational risk reserve and supplementary capital reserve.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.25 Assets of customers and liabilities to customers**

Assets of customers and liabilities to customers are presented as off interim Statement of financial position including:

- Customers' deposits for securities trading, cash of securities issuers and related liabilities; and
- Financial assets of customers.

2.26 Revenue and income recognition**(a) Revenue from provision of services to investors**

Revenue from provision of services to investors comprises securities brokerage fees, securities underwriting fees, financial consultancy fees, securities custody service and entrustment service fees.

Revenue from the provision of services is recognised in the interim statement of comprehensive income when the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided. Revenue from the provision of services is only recognised when all four following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company;
- The percentage of completion of the transaction at the reporting date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

When the outcome of a service delivery transaction cannot be ascertained, revenue is recognised in proportion to the recognised and recoverable cost.

Revenue deductions include price discounts. Revenue deductions incurred in the same period of the related revenue are recorded as a deduction from the revenue of that period.

Revenue deductions incurred after the reporting date but before the issuance of the interim financial statements are recorded as a deduction from the revenue of the reporting period.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.26 Revenue and income recognition (continued)****(b) *Income from proprietary trading of financial assets***

Income from proprietary trading of financial assets comprises gain/(loss) from sales or disposal of financial assets and dividend income.

Gain/(loss) from sales or disposal of financial assets is measured as difference between selling price before selling costs and costs of securities disposed. Costs of securities disposed are determined using the weighted average method up to the end of trading dates.

Dividend income is recognised in the interim Statement of comprehensive income when the Company's right to receive dividend is established, except for scrip dividends whose quantity is added to the Company's securities portfolio and is not recognised as income.

(c) *Income from working capital management*

Income from working capital management comprises interest income from deposits at bank, income from HTM investments, income from margin loans and trading advances. This income is recognised on an accrual basis unless collectability is in doubt.

(d) *Revenue from securities repurchase and reverse repurchase agreements*

Revenue from securities repurchase and reverse repurchase agreements is recognised over the term of the agreement.

(e) *Other income*

Other income includes non-recurring income generated from activities other than those generating the revenue and income described above.

2.27 Expenses**(a) *Recognition***

Expenses are recognised on an accrual basis, matching with revenue and under prudence concept.

(b) *Classification*

Expenses are classified by function as follows:

- Operating expenses;
- Financial expenses;
- General and administrative expenses; and
- Other expenses.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023**

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.28 Financial income

Financial income reflects income from investment activities arising during the period including mainly interest income from bank deposits.

2.29 Financial expense

Financial expenses are expenses incurred in the period for financial activities mainly including interest expenses.

The Company hedges against foreign exchange risk for borrowings denominated in foreign currencies by entering into cross currency interest rate swaps and forward contracts with local commercial banks. The cost of hedging arising from these contracts are allocated on a straight-line basis over their contract term and recognised as financial expense in the interim statement of comprehensive income.

2.30 General and administrative expenses

General and administrative expenses represent expenses for administrative purposes.

2.31 Current and deferred income tax

Income taxes include all income taxes which are based on taxable profits. Income tax expense comprises current tax expense and deferred income tax expense.

Current income tax is the amount of income taxes payable or recoverable in respect of the current period taxable profit at the current tax rates. Current and deferred income tax should be recognised as an income or an expense and included in profit or loss for the year, except to the extent that the tax arises from a transaction or event which is recognised, in the same or a different year, directly in equity.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the interim financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of occurrence affects neither the accounting nor the taxable profit or loss. Deferred income tax is determined at the tax rates that are expected to apply to the financial year when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted by the reporting date.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilise.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****2.32 Related parties**

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with, the Company, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Company. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the enterprise, key management personnel, including the Board of Directors, the Board of Management of the Company, and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

In considering its relationship with each party, the Company considers the substance of the relationship, and not merely the legal form.

2.33 Segment reporting

A segment is a separable component of the Company engaged in trading securities or providing services (business segment), or trading securities or providing services within a particular economic environment (geographical segment). Each segment is subject to risks and returns that are different from those of other segments. A reportable segment is the Company's business segment.

Segment reporting is prepared and presented in accordance with accounting policies applied to the preparation and presentation of the Company's interim financial statements in order to enable users of interim financial statements to understand and evaluate the Company's operations in a comprehensive way.

2.34 Nil items

Items required by Circular 334/2016/TT-BTC, Official Letter 6190/BTC-CĐKT and Circular 23/2018/TT-BTC that are not presented in these interim financial statements indicate nil items.

Short-term borrowings have maturities from 1 month to 364 days and are used to supplement working capital.

(*) Included VND1,780,000,000,000 secured borrowings.

(**) The loan interest rate is floating at the reference interest rate plus a margin of 2% to 2.3% per annum (LIBOR) or 2.3% to 2.65% per annum (SOFR).

The reference rate is the London Interbank Offered Rate ("LIBOR") for United States Dollar ("USD") of equivalent term quoted at 10:00 am (London local time) on interest calculation date. In case the LIBOR for USD of equivalent term is not available, the reference interest rate will be the LIBOR for USD converted to the same loan term at the same quoted time mentioned above ("the converted interest rate"). In case the converted interest rate is indeterminable, the reference rate will be the mobilising interest rate of each lender.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023**

3 NOTES TO THE INTERIM STATEMENT OF FINANCIAL POSITION (continued)

3.10 Borrowings (continued)

The reference rate is the Secured Overnight Financing Rate (“SOFR”) for United States Dollar (“USD”) administered by the Federal Reserve Bank of New York published by the Federal Reserve Bank of New York on the banking day (RFR Banking day). In case the day during the interest period is not a RFR banking day, the rate of interest on that loan for that day will be the rate applicable to the immediately preceding RFR banking day. In case the converted interest rate is indeterminable, the reference rate will be the mobilising interest rate of each lender.

(***) Borrowings from foreign banks are denominated in United States Dollar. The Company hedged foreign exchange risk on 100% of the outstanding balances by entering into cross currency interest rate swaps and forward contracts with local commercial banks. These contracts have the same maturity dates as those of the borrowings.

As at 30 June 2023 and 31 December 2022, there was no balance of short-term borrowings from related party or was past due.

As at 30 June 2023 and 31 December 2022, there was no doubt on the Company’s ability to repay these borrowings.

5 NOTES TO THE INTERIM STATEMENT OF COMPREHENSIVE INCOME (continued)

5.8 Earnings per share

(a) Basic earnings per share

According to prevailing regulations, basic earnings per share are calculated by dividing the net profit attributable to shareholders after deducting the appropriations to bonus and welfare funds by the weighted average number of ordinary shares in issue during the year, excluding ordinary shares repurchased by the Company and held as treasury shares.

Other comprehensive income is not included in earnings to calculate earnings per shares due to the absence of detailed guidance from the authority.

For the interim financial statements, the Company did not adjust the appropriation to bonus and welfare funds when calculating basic earnings per share because these funds are set aside from the profit of the financial year. These funds will be adjusted when calculating basic earnings per share in the annual financial statements.

	For the six-month period ended	
	30.6.2023	30.6.2022
Net profit after tax attributable to ordinary shareholders (VND)	280,967,687,518	562,066,637,162
Weighted average number of ordinary shares in issue (shares)	457,211,949	457,211,949
Basic earnings per share (VND)	615	1,229

b) Diluted earnings per share

The Company did not have potentially diluted ordinary shares during the period and up to the date of these interim financial statements. Therefore, the diluted EPS is equal to the basic EPS.

9 FINANCIAL RISK MANAGEMENT

The Company's activities expose it to financial risks including market risk, credit risk and liquidity risk. The Company's overall risk management strategy seeks to minimise the adverse effect of these risks on the Company's performance.

The Board of Management of the Company is responsible for setting the objectives and underlying principles of financial risk management for the Company. The Board of Management establishes the detailed policies such as risk identification and measurement, exposure limits and hedging strategies. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

Financial risk management is carried out by finance personnel. The finance personnel measure actual exposures against the limits set and prepare regular reports for the review of the Board of Management.

The information presented below is based on information received from the Board of Management.

(a) Credit risk

Credit risk is the risk that counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Company, resulting in a financial loss to the Company. It arises principally from cash at banks, financial assets, receivables and other assets.

The maximum exposure to credit risk equals the total of carrying amounts of balances exposed to credit risk before provision, collateral held or other credit enhancements, in particular:

FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****9 FINANCIAL RISK MANAGEMENT (continued)****(a) Credit risk (continued)***(i) Balances with banks*

Balances with banks include deposits and accrued interest.

All bank balances are placed with local credit institutions which have high creditworthiness or qualifying as clearing members. Balances with banks are continuously monitored by treasury function in compliance with the Company's policies and periodically reported to the Board of Management. Credit risk from balances with banks is assessed as low.

As at 30 June 2023 and as at 31 December 2022, there were no balance with banks that were past but nor impaired.

(ii) FVTPL financial assets

Debt securities in the Company's portfolio are unsecured bonds issued by low-risk issuers with bond issuance plans approved by the State Securities Commission. Investment appraisals related to debt securities are approved in accordance with the Company's investment policies. Debt securities portfolio is continuously monitored by treasury function in compliance with the Company's policies and periodic reported to the Board of Management. Credit risk from debt securities is assessed as low.

As at 30 June 2023 and as at 31 December 2022, there was no debt security that exceeded 20% of the Company's equity.

As at 30 June 2023 and as at 31 December 2022, there was no debt security that was past due nor impaired.

(iii) Trading advances and deposit for derivative trading activities

Trading advances are collected from VSD. Deposit for derivative trading activities is also placed with this entity.

VSD is a state-owned entity and has no history of payment defaults.

VSD requires its members to deposit into the Settlement support fund and the Derivative trading clearing fund to secure their trading obligations.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****9 FINANCIAL RISK MANAGEMENT (continued)****(a) Credit risk (continued)***(iii) Trading advances and deposit for derivative trading activities (continued)*

The securities companies may fulfil customers' securities trading orders only when the customers' balances maintain enough (100%) cash or securities and must carry out further steps to ensure payment ability prior to execution of the trades.

Credit risk from trading advances and deposit for derivative trading activities is assessed as low.

As at 30 June 2023 and as at 31 December 2022, there was no balance with VSD that was past due nor impaired.

(iv) Margin loans

Margin loans are secured by eligible securities listed on the stock exchanges. Under the prevailing regulations on margin lending, the loan limit is set at 50% of the eligible securities' value. Ineligible securities are defined by the stock exchanges on an ad-hoc basis. Eligible securities are approved and frequently updated by margin lending risk management function based on several criteria including volatility and liquidity.

Customer Services department is responsible for the continuous review of margin loan report which includes balances, collateral assets and margin maintenance ratio. When the margin maintenance ratio falls below 40% (regulated level: 30%), the system alerts and the Company makes margin calls. When the margin maintenance ratio falls below 30%, the Company sells off collateral assets to collect the loans.

The market value of collateral assets as at 30 June 2023 was VND 30,236,329,807,480 (as at 31 December 2022: VND27,629,267,621,700).

According to prevailing securities regulations, the margin loan limit applicable to a balance (for either an individual customer or an institution customer) is 3% of the securities company's equity. As at 30 June 2023 and as at 31 December 2022, there was no individual margin loan balance that exceeded 3% of the Company's equity.

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023****9 FINANCIAL RISK MANAGEMENT (continued)****(b) Market risk**

Market risk is the risk that fair value or future cash flows of a financial instrument will fluctuate according to changes in market prices. The Company's market risks include interest rate risk and other price risk, such as share price risk.

The Company manages this risk through sensitivity analysis of variables that would impact its financial position and performance, diversification of its investment portfolio, critical appraisal of securities within limited exposures, and hedging where necessary.

- Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate as a result of changes in market interest rates. The Company is exposed to interest rate risk mainly from its term deposits, corporate bonds, loans and borrowings.

The Company manages this risk through analysis of market competition in order to obtain the most favourable interest rate for its intended operations while still staying within limited exposures.

The Company's term deposits and loans are at fixed rates and due in short term, so interest rate risk is minimal.

Details of interest rates of corporate bonds and borrowings are presented in Note 3.2 and Note 3.10. These balances bear floating interest rates and due in short term, so interest rate risk is minimal.

- Market price risk

Shares held by the Company, open position in futures and covered warrants are affected by market risk due to the uncertainty in the future value of these items. The Company manages its share price risk by setting up investment limits and hedging where necessary. The Investment Committee of the Company also takes part in appraisal and approval of investment in shares and issuance of covered warrants.

As at 30 June 2023, had the prices of securities increased/decreased by 10% with all other variables being held constant (including tax rate), the Company's profit before tax would have been higher/lower by VND157,417,222,914 (at 31 December 2022: higher/lower by VND124,249,439,473).

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023**

9 FINANCIAL RISK MANAGEMENT (continued)

(b) Market risk (continued)

- Currency risk

Currency risk is the risk that the value of the Company's financial instruments will be affected by changes in exchange rates. The Company manages its currency risk by continuously monitoring of foreign exchange rates and thereby timely updating its forecast of cashflows in foreign currencies, and entering into cross currency swaps and forward contracts (Note 3.10(**)).

The Company's operations are exposed to risk of certain foreign currencies, mainly the United States Dollar ("USD").

The Company's currency exposure to the USD is as follows:

	Original currency USD		Equivalent to VND	
	30.6.2023	31.12.2022	30.6.2023	31.12.2022
Financial assets				
Cash	6,618.87	2,050.14	155,469,664	46,778,634
Financial liabilities				
Borrowings (unhedged exposure)	-	-	-	-
Net currency exposure	6,618.87	2,050.14	155,469,664	46,778,634

As at 30 June 2023, had the USD strengthened/weakened by 10% (estimated % change in exchange rate) against the VND with all other variables being held constant, the Company's profit before tax would have been higher/lower by VND15,546,966 respectively as a result of foreign exchange gains/losses on translation of USD-denominated financial instruments (as at 31 December 2022: higher/lower by VND4,677,863 respectively).

**NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2023**

9 FINANCIAL RISK MANAGEMENT (continued)

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty or fail to perform its financial obligations.

The Company's approach to managing liquidity risk is to ensure that it will always have sufficient reserves of cash to meet its liquidity requirements in both short term and long term.

The table below presents the Company's financial liabilities at contractual undiscounted cash flows falling due within 1 year:

	As at	
	30.6.2023	31.12.2022
	VND	VND
Short-term borrowings (Note 3.10)	5,939,090,321,198	6,938,057,640,000
Trading obligations (Note 3.11)	153,102,316,000	46,315,877,007

Short-term accrued expenses (Note 3.13)	109,725,772,093	188,422,944,100
Other short-term payables (Note 3.14)	29,927,632,066	250,047,320,274
Total financial liabilities	6,240,803,810,537	7,429,923,436,196

(d) Capital adequacy ratio

Capital adequacy ratio ("CAR") is an indicator that measures the Company's financial safety and ability to meet its financial obligations and absorb certain losses resulting from risks arising during its business operation.

CAR is calculated and presented in the Company's monthly capital adequacy ratio report in accordance with Circular 91/2020/TT-BTC issued by the Ministry of Finance on 13 November 2020 ("Circular 91/2020/TT-BTC"). Circular 91/2020/TT-BTC stipulates requirements of capital adequacy ratio applicable to securities trading institutions and sanctions imposed on non-compliance. According to Circular 91/2020/TT-BTC, the Company is required to maintain a prescribed minimum level of CAR of 180%.

As at 30 June 2023, the Company's CAR was 942% (as at 31 December 2022: 648%).
