3.1.2. Night order

The **Night Order** feature allows users to place orders at the estimated ceiling/floor prices (*) for the next trading day and supports viewing the Order Book for the Night Order.

Time Frame:

- Night Orders can be placed from after **5:00** PM on the previous trading day until **8:15** AM on the next trading day.
- Night Orders will be converted to Intraday Orders at 8:15 AM on the trading day.

Supported Order Types (according to HOSE/HNX trading regulations)

- HOSE: LO/ATO orders
- HNX and Upcom: LO orders

(*) The estimated ceiling/floor prices may change for securities with events. Clients are advised to check their orders at the beginning of the day to make any necessary adjustments.

5.2. Smart OTP

- The Smart OTP service was developed to bolster the protection and confidentiality of client accounts.
- Smart OTP is a feature designed for mobile devices that generates One-Time Passwords (OTP) code for secure authentication. This is used by clients during login and while accessing services on the HSC online platform, including fund withdrawal/ transfer, and exercising online rights

5.2.1. Instructions for activating Smart OTP
