#### 2.4. Activate conditional orders

During Continuous Trading Sessions, when the preset price condition is met, the Conditional Order will be updated as follows:

- If sufficient buying power, sellable quantity and price range are met: The order is sent to the Exchange and displayed in the Regular Order Book.
- Status changes to "Activated."
- If insufficient buying power, sellable quantity or price range: The order is not sent to the Exchange and does not appear in the Regular Order Book.

Status changes to "Failed".

**Note**: The Order Book of Conditional Order/Completed Order displays data within 30 days.

## In the Conditional Order Book, tap Done to track the status of activated conditional orders
