

WAGON TRAIN AT THE HOMESTEAD

DAILY ROUNDUP - DAY 6

MEMORY VERSE:

Acts 1:8

But you will receive power when the Holy Spirit comes on you; and you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth.

DISCUSSION QUESTIONS:

1. Who are the people you are around most (sports teams, classmates, friends, family, etc.)? Do all of them know Jesus?
2. How can we share the good news about Jesus with our words AND our actions?
3. How can we share the gospel individually? How can we share it as a family? How can we share it as a church?

CRAFT:

Painted Mug

Today we will be making some custom Wagon Train mugs. Perfect sipping for hot cocoa on a cool night out on the trail, or for holding pencils! Check out our [how-to video](#) for instructions.

ACTIVITY:

Wagon Train's Most Wanted

We made a game for you! Print and cut out the cards (located on Pages 4-21 of this PDF) for Wagon Train's Most Wanted and have a mustache-slapping good time!

CHALLENGE:

Wagon Train Hoedown

It's the last day of camp and you know what that means—it's time for a dance party!!! Take a video of you and your friends or family dancing your boots off. Extra points for moves that aren't from Fortnite!

Then, with the help and permission of your parent or guardian, upload your picture or video to instagram and tag @humelake with the hashtag #wagontrainrec. Enjoy other fun submissions at [instagram.com/explore/tags/wagontrainrec](https://www.instagram.com/explore/tags/wagontrainrec)

WAGON TRAIN: MOST WANTED RULES

Contents:

48 Wanted Cards

24 Mustache Cards

Game Rules:

Most Wanted: 4-6 players

- Shuffle the deck of “wanted cards” and the deck of “mustache cards” separately. Deal cards from each deck evenly, discard any extras. (Each player should have a small facedown stack of mustache cards and a larger facedown stack of wanted cards.)
- Draw the first mustache card off your mustache stack and memorize the color and shape of the mustache. Then hold the mustache up to your lip facing out.
- Players then take turns flipping cards from their wanted piles into a center pile.
- If a player thinks that the character’s mustache on the top of the center pile matches the shape of the one they are holding up to their face they can slap the card. If the slap is correct, the cards in the center pile are added to the player’s “points pile”. If the player is incorrect, they must discard a card from their points pile by putting it on the bottom of the center stack. (for an easier match try playing to match the character or color of the mustache.)
- Whenever a player successfully slaps a card that matches their mustache, that player must place their mustache on the bottom of their mustache stack and draw a new one.
- Once all the wanted cards have been played each player counts up the cards in their points pile and the player with the most points wins!

Unusual Suspects: 2-4 players

- Shuffle and deal wanted cards face down to each player until all cards are dealt. Place one wanted card face down in between the players.
- Each player draws the first card off of their deck.
- Countdown together and flip the center card face up to start the game.
- Players race to play their cards by matching them to the center card either in mustache shape, mustache color, or character.
- As a player plays their card they must shout the category that their card matches the card on the top of the stack before placing their card on the stack. “Color!” “Shape!” “Character!”
- If no cards match the face up cards, players must put their card back on the bottom of their deck and countdown together to reveal their next card simultaneously.
- The first person to play all their cards wins!

Shaving Showdown: 2 players

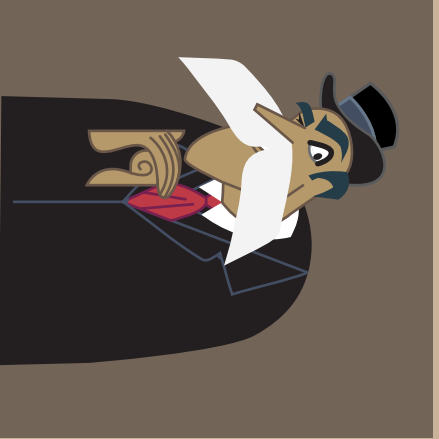

- Shuffle the wanted cards and place the deck in the middle of the table. Sort the mustache cards and divide them evenly so that each player has one of each shape/color combo.
- Each player divides their mustache cards into 3 face up stacks in front of them, separated by mustache color.
- Players take turns flipping wanted cards face up from the top of the wanted deck in the middle of the table.
- When the mustache on the wanted card matches the shape AND color of one of the mustaches on the top of a player's stack, that player may slap the card to shave their mustache. When a mustache is shaved it goes face down into the player's discard pile and the mustache under it is now in play. (If two players match the wanted card at the same time the first one to slap it gets to shave.)
- The first player to shave all their mustaches wins!
- (If you run out of wanted cards, shuffle the face up cards and return them to the deck.)
