WILDWOOD 2021

Our lives are rushed and we find ourselves in a constant state of hurry. We practice bad habits which we find ourselves trapped in day after day. This causes us to live in a constant state of exhaustion because under this busyness stirs an uncurrent of "go faster" or "be better"...But what if there is a different rhythm? This summer at Wildwood we are going to dive into what it truly means to live our lives with Christ. A life that brings purpose, joy, and rest.

THEME VERSE: COLOSSIANS 2:6-7
