President Edward T. Foote II

Edward T. "Tad" Foote II became the fourth president of the University of Miami in 1981.

After graduating from Yale in 1959, President Foote served three years in the U.S. Marine Corps. In the early 1960s, he was a journalist for the Washington Star and, while in law school, he worked for the Washington Daily News and later was assistant to the chairman of the Pennsylvania Avenue Commission in Washington, D.C.

Following graduation from Georgetown University Law Center in 1966, President Foote practiced trial, appellate, and labor law at the firm of Bryan, Cave, McPheeters & McRoberts in St. Louis, Missouri.

In 1970 President Foote became vice-chancellor, general counsel, and secretary to the Board of Trustees for Washington University in St. Louis. He then served from 1973-1980 as dean of the Washington University School of Law, where he taught constitutional law and legal ethics. In 1980-1981, President Foote was special advisor to the chancellor and Board of Trustees for Washington University, during which time he also chaired two federal court-appointed citizens' committees which helped design and implement desegregation plans for schools in greater St. Louis.

Upon his arrival at the University of Miami in 1981, President Foote introduced corporate-style strategic planning, leading to reducing the number of students while increasing the number of faculty. Approximately three-quarters of the current faculty have been hired during President Foote's tenure. High quality teaching is a top priority, and the University's research productivity has expanded dramatically.

President Foote serves on the Board of Directors of Ryder System, Inc. He has served on the Board of Directors and Executive Committee of the American Council on Education in Washington, D.C., and is a member of the Council on Foreign Relations.

Athletic Director Paul Dee

Paul Dee was named the University of Miami Director of Athletics on June 25, 1993. Dee had served as general counsel for the University since 1981, building a reputation among his peers for his strong leadership, integrity, fairness and ability to get along with people.

Dee, 47, is no stranger to intercollegiate athletics, having twice served as Miami's interim athletic director and working closely with the athletic department during his tenure as University general counsel. He has negotiated radio and TV contracts and is nationally renowned as a speaker on educational, ethical and legal issues concerning intercollegiate athletics.

Dee is committed to gender equity issues, and the need for an on-campus convocation center for Hurricane basketball.

In his first three years as athletic director, Dee was active in the NCAA and the BIG EAST Conference. Presently, he is a member of the Executive Committee of the Conference and serves as chair of the BIG EAST Football Conference.

Dee believes intensifying fund raising efforts and developing stronger interest in women's sports are vital to ensuring the future success of the Hurricane program.

Before joining the University, Dee was with the Miami law firm of Mershon, Sawyer, Johnston, Dunwoody & Cole and was a law clerk for Chief U.S. District Judge Charles Fulton in Miami. He received his bachelor of arts degree from the University of Florida in 1970 and his master's of education and juris doctor degrees with honors from the University of Miami in 1973 and 1977, respectively.

Dee was Athletic Director at Glades Central High School in Belle Glade, Florida from 1971-74.

Dee was raised in West Palm Beach. Married to the former Elizabeth Hall, he and his wife have a son, Terrance, a recent Harvard graduate who is in his first year of law school at the University of Miami.

1995-96 BIG EAST Academic All-Star Team

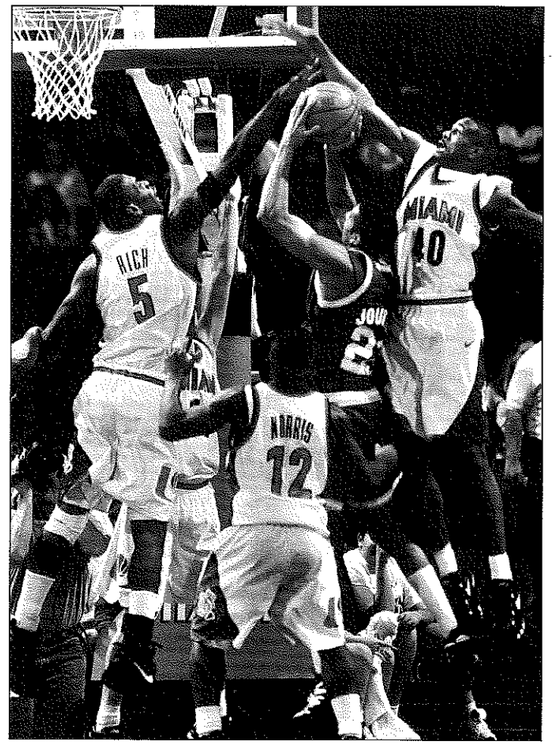

University of Miami student-athletes continue to maintain a tradition of excellence both in the classroom and on the playing fields. This past year, a total of 70 UM student-athletes were selected to the BIG EAST Academic All-Star team, which requires a GPA of 3.0 or higher either cumulatively or over the past academic year. (UM student-athletes from the sports of baseball, crew, and women's golf are not represented on the all-star team due to independent status. The BIG EAST Academic Honor Roll applies for football.)

Tennis player Gil Kovalski (class of 1996) led this heralded group of student-athletes. He was selected the 1996 BIG EAST Men's Scholar-Athlete of the Year and received $4,000 to be applied toward graduate studies. Kovalski, a two-time All-American, graduated with a degree in computer science from Miami's College of Arts and Sciences.

Hurricane News and Notes

- Since defeating St. John's in New York in January of 1995 the Hurricanes have the fifth best record in BIG EAST games (17-16). Only Connecticut, Villanova, Georgetown and Syracuse have a better league record over the same 33-game span.
- Miami is one of just six BIG EAST teams to have a winning overall record in each of the past two seasons.
- The Hurricanes are 17-5 (.773) in their last 22 games in the Miami Arena with two of the defeats coming against teams in the AP Top 10 at the time of the game. Additionally, UM has a 13-4 (.765) mark in its last 17 BIG EAST home games with all four of the losses against nationally ranked teams. The 'Canes enter the 1996-97 season having won 11 straight games against non-ranked BIG EAST teams in the Miami Arena.
- Since joining The BIG EAST Conference, beginning with the 1991-92 season, the Hurricanes have compiled a 28-17 (.622) record against non-conference opponents, including a 21-10 (.677) mark at the Miami Arena.
- This year's UM schedule contains 10 games against teams that advanced to post-season play last year, including eight games against teams that advanced to at least the second round of the 1996 NCAA Tournament.
- When Tim James was named to the BIG EAST All-Rookie Team last year it marked the second straight season the Hurricanes placed a player on that squad. This season UM will attempt to become only the sixth team to have a member of the BIG EAST All-Rookie Team in three consecutive seasons.
- Defense has been the key to the Hurricanes success the past two seasons. Two years ago, Miami led the BIG EAST in both scoring defense (67.4 ppg) and field goal percentage defense (.402). Last season, the 'Canes ranked third in scoring defense (66.9 ppg) and fifth in field goal percentage defense (.413) in the expanded 13-team BIG EAST. Miami opponents have shot just .408 (1320-3238) the past two seasons while averaging 67.2 points per game.
- UM enters this season having held its opponents to under 50% shooting in 48 of the last 60 halves (80%). In five of the 12 halves that a team hit the 50 percent mark it was exactly 50 percent. Furthermore in 27 of the 60 halves (45%), UM has held the opposition to under 40 percent shooting from the floor.
- Entering this season, Miami has allowed only three teams (five total times) to shoot at least 50% from the floor in the last 50 games.
- UM has held its last 12 non-conference opponents to under 50% shooting from the floor and 31 of its last 32 non-conference foes.
- This year's Hurricane recruiting class has been ranked among the tops in the nation by *Future Stars* (7th); *BIG EAST Handbook* (10th); *Dick Vitale's College Basketball Yearbook* (12th), *Bob Gibbons All-Star Sports Report* (17th) and *Hoop Scoop* (17th).
- Last year the Hurricanes sported a 15-13 record for the second consecutive season. Of UM's 13 losses, seven were by five points or less and seven were against teams ranked in both the Associated Press Top 25 and the *USA Today*/CNN Top 25 poll at the time.
- The Hurricanes were 10-0 last season when leading at the half and sport a 32-6 (.842) record dating back to the 1992-93 season when leading at the break.
- When he accepted the UM head coaching job in 1990, one of Leonard Hamilton's main priorities was to keep Florida's homegrown talent in the orange and green of the Hurricanes. Hamilton has consistently kept the top players from the Sunshine State at home. Last year UM had five players on its 15-man roster from the state of Florida and they accounted for 58% (1091 points) of UM's scoring and 50% (543 rebounds) of the team's rebounds. Last season UM's top three scorers and top four rebounders were all from the state of Florida. This year the 'Canes have four players from the state of Florida currently on their roster: Alex Fraser, Tim James, Lucas Barnes and walk-on Mike Curcio.
- Alex Fraser and Torey McCormick have toured with the Athletes in Action All-Star team the past two summers. Fraser traveled to Greece in the summer of 1995 and McCormick toured Africa this past summer.
- Sophomore Tim James is one of the best athletes in The BIG EAST Conference and one of its two-sport stars. As a freshman, James was named a member of the BIG EAST All-Rookie team in basketball and was the high jump champion at the BIG EAST Outdoor Track Championships. James also set the school record in the high jump.
- The Hurricanes enter this season having hit at least one three-point field goal in each of their last 136 games. The school record for most consecutive games with at least one three-point field goal made is 154. The 'Canes hit a minimum of one three-pointer in each of their first 154 games after the NCAA adopted the three-point shot in the 1986-87 campaign. In fact, the only game UM has failed to hit a three-point field goal was against Howard University on Dec. 6, 1991 when the 'Canes were 0-15 behind the three-point arc. Miami has recorded at least one trey in 290 of its 291 games since the rule change.

Suffocating defense has become the trademark of the Hurricanes the last few seasons, here Boston College's Keenan Jourdan experiences UM's defensive pressure.

1996-97 Season Outlook

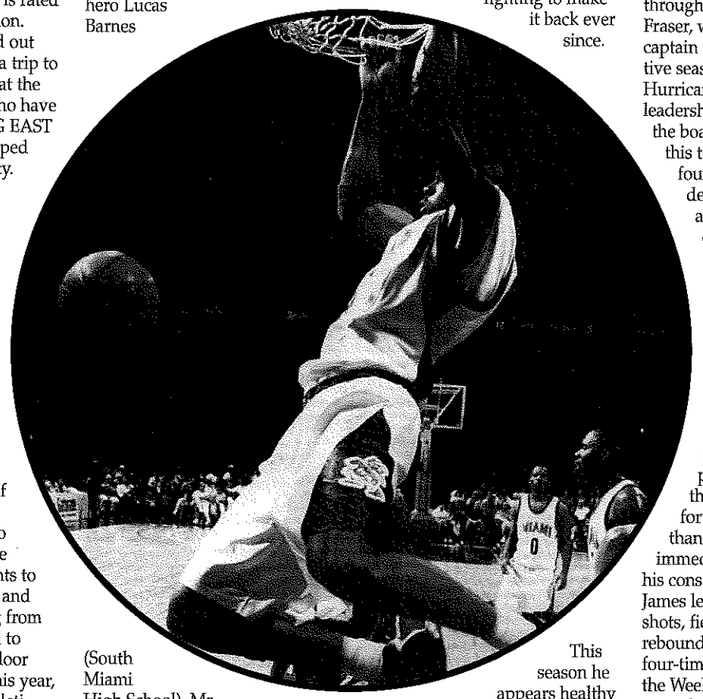

Excitement. Versatility. Optimism. Competition. Togetherness. These are all terms that can be used to describe the 1996-97 Miami Hurricanes. The 'Canes, who are one of only six teams in the BIG EAST to post a winning record in each of the past two seasons, feature a nice blend of returning veterans and promising newcomers. Coach Leonard Hamilton returns 10 letterwinners from his 1995-96 squad which went 15-13, including a win over NCAA Tournament runnerup Syracuse, and a recruiting class that is rated among the best in the nation.

Opponents have found out the past two seasons that a trip to Miami is no longer a day at the beach. The Hurricanes, who have won 13 of their last 17 BIG EAST home games, have developed a "never say die" mentality. Twice last season the Hurricanes rallied from a 12-point deficit with less than nine minutes remaining in regulation to record a league win. They have developed confidence in themselves the past two seasons and they carry that into the 1996-97 campaign.

That confidence is a direct result of Miami establishing itself as one of the top defensive units in the BIG EAST the past two years. During that time the 'Canes have held opponents to under 68 points per game and below 41 percent shooting from the field. Teams are forced to work at both ends of the floor against the Hurricanes. This year, with added depth and athleticism, the 'Canes should be able to step up their defensive pressure. The deep and talented backcourt grants Hamilton the versatility to put many different combinations on the floor. Miami will look to turn solid defensive stands into transition baskets.

Offensively, the 'Canes will feature a balanced attack which attempts to run more and capitalize on its quickness. With more offensive weapons than in past years, the Hurricanes can substitute freely and still maintain fresh legs for the stretch run at the end of a game. Hamilton is developing a team that will have the luxury offensively to play either a fullcourt or halfcourt game.

In addition to the 10 returning letterwinners, this year's newcomers have put a smile on Hamilton's face. Always known as one of the nation's top recruiters, Hamilton has assembled a group this year that should help the Hurricanes continue to build on the solid foundation they have set the past two seasons. Led by local hero Lucas Barnes (South Miami High School), Mr. Basketball in the state of Florida, the 'Canes recruiting class was rated as high as seventh nationally. Although he grabbed most of the headlines, Barnes is not the lone jewel in this class. Swingmen Vernon Jennings and Johnny Hemsley and power forward Mario Bland could all make an immediate impact this season.

One of the keys to how good the Hurricanes can be this year rests in the improvement of fifth-year senior Will Davis and sophomore Nick Donovan.

Davis is a seven-foot athletic talent who has been slowed his entire UM career by knee injuries. The New York native, who has missed two entire seasons and part of a third due to injury, provides the 'Canes with a legitimate rebounding and shot blocking force in the middle when healthy. Two years ago when the Hurricanes returned to the U.S. after a 10-day exhibition tour in Israel, Davis was projected as a starter. A September knee injury caused him to miss the 1994-95 campaign and he has been fighting to make it back ever since.

This season he appears healthy and has seemed to regain his form and confidence. When healthy he gives the Hurricanes something few teams in the BIG EAST have this season, a seven-foot presence in the middle. Davis can still run the floor well and finish a play around the basket with authority.

Donovan, a 6-11 sophomore from Coventry, England, spent most of last season adjusting to the changes of the American game. Like most foreign players, Donovan has the ability to step out to the perimeter and hit a 17-foot jump shot. He worked hard over the summer improving his strength and skill level and as a direct result should see more playing time this season. He added 20 pounds to his frame and decreased his body fat five percent this summer and the added muscle should allow him to be more of a force under the boards.

One constant in the UM frontcourt the past three seasons has been senior Alex Fraser. The 6-8 Miami native has been a starter for the Hurricanes since midway through his freshman season. Fraser, who was named team captain for the second consecutive season, provides the Hurricanes with an abundance of leadership and toughness under the boards. His contributions to this team can't always be found in a box score, they go deeper than that. Fraser has also made his mark as one of top interior defenders in the BIG EAST the past three seasons.

If Fraser is the heart of the Hurricanes than electrifying sophomore Tim James is the pulse of the team. James, UM's leading returning scorer and rebounder, is one of the most exciting players in the history of the program. The gifted forward, who plays bigger than his 6-7 frame, became an immediate crowd favorite with his constant play above the rim. James led the 'Canes in blocked shots, field goals made, offensive rebounds and dunks. He was a four-time BIG EAST Rookie of the Week honoree and was named to the BIG EAST All-Rookie team at the conclusion of the 1995-96 campaign. Despite coming off the bench in all 28 games last season, James managed to lead the 'Canes in scoring six times and rebounds on nine occasions. He topped the 20-point plateau in three contests and was Miami's leading rebounder in BIG EAST games. His finest moment last season might have come in UM's victory over West Virginia when he exploded for 22 points and blocked a team-record eight shots. UM fans have come to expect at least a couple breath-taking plays from James each game.

The newcomer in the UM frontcourt this season will be freshman Mario Bland, a 6-6, 265-pound power forward from Jackson, MS. Bland, who finished his scholastic career as the all-time leading scorer at Callaway High School, was primarily a low post player in high school but has the ability to play away from the basket. He will provide the Hurricanes with needed toughness and defense under the boards.

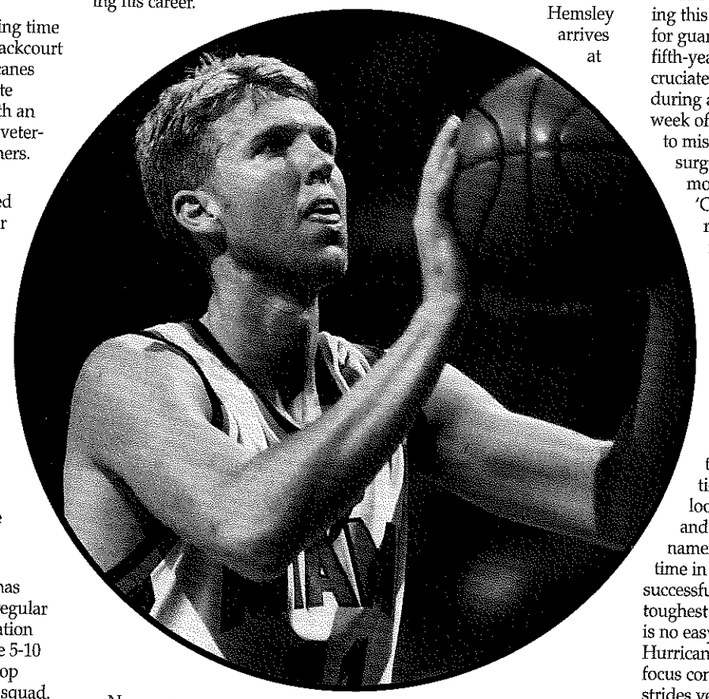

Competition for playing time on the wing and in the backcourt will be fierce. The Hurricanes have nine players to rotate around the perimeter with an equal blend of returning veterans and talented newcomers.

Kevin Norris leads Miami's deep and talented backcourt. The 5-10 junior has been the starting point guard for the 'Canes since the sixth game of his freshman season. Known for his flashy style, Norris has also provided a lot of substance for the 'Canes. He is only the second player in school history to record at least 100 assists in each of his first two seasons and 34 times during his career he has topped the 'Canes in assists.

Senior Anthony Rosa has been a contributor and a regular member of the 'Canes rotation the past three seasons. The 5-10 point guard is one of the top perimeter shooters on the squad. For his career he has connected on 41 percent of his three-point field goal attempts in BIG EAST play to top the 'Canes. Rosa, who is an aggressive defender, enters the season having played in a team-high 66 consecutive games.

Senior Clifton Clark, who transferred to Miami last season after a two-year stint at Atlanta Metropolitan Junior College, should see significant playing time on the wing. Clark, who is one of the best athletes on the team and one of UM's top perimeter defenders, started the first 19 games for the 'Canes last season. He made an early statement when he tallied 24 points to lead the 'Canes to a win over Seton Hall in the BIG EAST opener for both teams.

Torey McCormick also returns to help bolster the Miami backcourt. The 6-3 senior who is best noted for his long range shooting ability, led the team in assist-to-turnover ratio during the 1995-96 campaign. He brings experience to the Hurricane backcourt where he has played in 70 games and has made 21 starts during his career.

Newcomers Lucas Barnes (6-5), Vernon Jennings (6-3) and Johnny Hemsley (6-5) all appear ready to make an immediate impact this season. The freshmen trio dramatically increases the level of athleticism and depth on the squad. All three players figure to see major minutes and make a contribution.

Barnes was named a Parade All-American each of his final two seasons while leading Dade County in scoring. The Miami native, who was known for his ability to penetrate the lane and finish plays, totaled over 3,000 points at South Miami High School.

Jennings is a combination guard who will offer the 'Canes versatility in the backcourt. He is equally adept at running the point or playing off the ball at the shooting guard spot. He spent last season at Maine Central Institute where he helped guide his team to a 22-6 record. Prior to his year at MCI, he was a first-team All-State selection as a senior at Banneker High School in College Park, GA.

Hemsley arrives at Miami after leading Southern High School in Baltimore to a 10th-place finish in the final *USA Today* Top 25 poll. He is a very intense competitor with great leaping ability. Hemsley was rated as the top high school prospect in Baltimore.

Junior Jaime Waggoner and sophomore Mike Curcio provide the 'Canes with depth in the backcourt. Waggoner has seen limited action in his first two seasons, appearing in 11 games. Curcio joined the team this fall.

The Hurricanes were expecting this to be a breakthrough year for guard Steve Frazier, but the fifth-year senior tore the anterior cruciate ligament in his left knee during a pickup game in the first week of October. He is expected to miss the season after having surgery at the end of the month. Frazier was the 'Canes second leading returning scorer and had moved into the UM starting lineup at the end of last season.

With added depth and athleticism brings added optimism that this can be a special year for the Hurricanes. The last two years the Hurricanes have started to build a solid foundation and this year they look to take the next step and earn a post-season tournament berth for the second time in three years. Building a successful program in one of the toughest leagues in the country is no easy task, but the Hurricanes with an unwavering focus continue to make positive strides year after year. All signs point to this being an exciting year in South Florida.

Head Coach Leonard Hamilton

Head Coach Leonard Hamilton
1995 UPI National Coach of the Year

Stepping Up to the Challenge

When Leonard Hamilton was appointed the University of Miami's ninth men's head basketball coach on April 2, 1990, he knew it was a huge challenge to build a program. But everyday, step by step, Hamilton inches closer to his goal of having the finest college team in the land.

The road to the top has been a constant battle for the Hurricanes, who have had more than their fair share of injuries and setbacks. Through it all though, Hamilton has remained a focused, driving force and has the program pointed in the right direction.

Hamilton, who is entering his 26th season as a collegiate coach, knows there are no shortcuts to success. He enters the 1996-97 campaign after having led UM to back-to-back winning seasons. Now as he attempts to lead the 'Canes to their second post-season berth in three years, he is on target to become just the third coach in school history to record three straight winning seasons.

Under Hamilton's leadership Miami is a program on the rise. He has 10 returning letterwinners back from last year's 15-13 team and has once again produced a solid recruiting class which some experts say is his best since arriving at UM. In the near future he will reap the benefits of a new on-campus arena. Just as he did at Oklahoma State, Hamilton has taken a struggling program and brought it to national prominence.

National Honors

Two years ago Hamilton guided the Hurricanes to one of the best seasons in school history. Picked to finish at the bottom of the extremely grueling BIG EAST Conference, Hamilton led the Hurricanes to a fifth-place finish and a berth in the National Invitation Tournament—UM's first post-season appearance in 31 years.

Miami set a BIG EAST record in 1995 for the greatest single-season improvement in the history of the league. The 'Canes' nine-win conference increase tied Louisiana Tech for the best in the nation. UM's eight-win overall improvement tied the third best single-season increase in school history.

At the conclusion of the season, Hamilton was rewarded for his patience and hard work as United Press International named him its National Coach of the Year. Hamilton was also recognized by his peers as the league coaches tabbed him BIG EAST Conference Coach of the Year.

A Player's Coach

Despite being the head coach of a Division I school in one of the country's top conferences, Hamilton has not lost sight of his number one priority: Miami's student-athletes. His number one goal is to help prepare his players for the challenges that they will encounter in society.

"Coach Hamilton is a real player's coach," stated former Hurricane guard and 1992 graduate Trevor Burton. "He's concerned about you both as a player and human being. He will push to get the best out of you both on and off the court. I've never seen anyone as dedicated as Coach Hamilton. I was really impressed with his commitment."

Hamilton displays that commitment to his program both on and off the court. In Hamilton's six years at Miami, every senior has earned his degree or is currently playing professional basketball.

"The thing that separates Coach Hamilton from other coaches is the way he treats you," said Jake Morton, a former Hurricane guard and 1993 graduate who is now playing professionally in Israel. "He stays on top of you to get your degree and helps mold you for life. He feels it's his job to help get you ready to play in the game of life, because he understands there is life beyond basketball."

Bringing in the Best

Hamilton knew when he arrived that in order to compete with the best, you must play the best. No one could have predicted how swiftly or emphatically the best competition would appear on the Miami schedule. After just six months at Miami, Hamilton was presented with one of the most difficult challenges a collegiate coach has ever faced—to compete in The BIG EAST Conference.

Challenges are nothing new to Hamilton though, after spending time at both Kentucky and Oklahoma State facing some of top teams in the nation. He has spent most of his career competing and succeeding against the nation's elite.

In Hamilton's six years at Miami, every senior has earned his degree or is currently playing professional basketball.

In order to raise the Hurricanes' level of competition, it was obvious that Hamilton was required to raise the level of talent flowing into the Miami program. Tremendous strides have been realized in this area during Hamilton's tenure at UM. Having long been recognized as one of the nation's finest evaluators and recruiters of high school talent, Hamilton continued to build his legacy by producing what many consider to be the finest classes in Miami history. Four of his UM recruiting classes have been ranked in the Top 20 nationally by recruiting expert Bob Gibbons and this year's class which was rated 17th, yielded three talented wing players and a power forward that will help shape the 'Canes future.

The rookie class of 1992-93 contained the most promise and was ranked fourth in the country. However, injuries took their toll and slowed the development of what could have been UM's finest class ever.

The two rookies who were healthy, Steven Edwards and Lorenzo Pearson, made their presence known right away by helping the Hurricanes jump from one conference win in 1991-92 to seven wins in 1992-93 (the fifth-largest increase in wins in BIG EAST history). All of Miami's wins came at home in the Miami Arena as the 'Canes' 7-2 home BIG EAST record was the third best among all league teams.

Success in BIG EAST

In his first five BIG EAST seasons, Hamilton has already recorded six victories over teams ranked in the nation's Top 25 and has defeated every league team at least once. His 80-69 victory over 10th-ranked Georgetown during the 1992-93 campaign was Miami's first over a team ranked in the nation's Top 10 since the rebirth of the Hurricanes' basketball program in 1985.

During the 1991-92 campaign, Hamilton continued his lofty expectations in the academic realm as all four Hurricane seniors earned their degrees by June of 1992. On the court, Leonard Hamilton silenced the critics who claimed he would not even come close to a victory in his inaugural BIG EAST campaign as the Hurricanes defeated St. John's in their conference home opener—a victory that would prove to cost the Redmen the outright BIG EAST championship.

Along the way, the Hurricanes surprised their opponents, fans and media as they battled every opponent with the intensity and perseverance which their head coach both demands and instills. Miami proved to be especially tough toward the end of its first BIG EAST campaign, losing its final five conference games by an average of seven points, including an exciting 92-82 overtime loss to eventual No. 1 BIG EAST Tournament seed Seton Hall.

Hamilton's Hurricanes earned the respect of the collegiate world in their first BIG EAST Tournament appearance at Madison Square Garden when they upset Pittsburgh, 83-71, in the opening round at "The World's Most Famous Arena". Miami threatened to repeat the upset in the second round of action as they led co-BIG EAST champion Georgetown, 34-33, at the half before dropping a hard-fought 77-64 decision to Alonzo Mouring and the Hoyas.

Hamilton was granted one year of coaching at UM before entering BIG EAST competition. Determined to make the most of the Hurricanes' final season as an independent, Hamilton quickly laid the groundwork for the future of the Hurricanes. Off the court, Hamilton saw to it that both seniors on his 1990-91 squad would graduate by spring. On the court, he directed the development of Joe Wylie, who was selected in the second round of the 1991 NBA Draft, and inspired his Hurricane squad to produce their absolute best at all times. The efforts paid off as Miami finished the season with what was then the highest final ranking by *USA Today* since the rebirth of the Hurricanes' program.

Breaking Records at Oklahoma State

Hamilton arrived at UM from Oklahoma State where he rebuilt the Cowboys and led them to consecutive appearances in the National Invitational Tournament. The back-to-back post-season appearances were the first for OSU since 1953-54.

The 1989-90 OSU squad earned a No. 49 national ranking by *USA Today*, finished the year with a 17-14 record and advanced to the second round of the NIT before dropping a decision to tournament semifinalist New Mexico. Offensive firepower and the transition game were the signature of Hamilton's program which averaged more than 80 points for the second consecutive season and just the third time in team history. The Cowboys also established school records for most points and most three-point field goals.

Hamilton's last two Oklahoma State teams both won 17 games, marking only the fourth and fifth OSU squads to reach the 17-win plateau in the last 32 years. And of the 14 losses suffered during the 1989-90 campaign, seven came against teams ranked in the nation's Top 10 at the time of the game (UNLV, Oklahoma, Missouri and Kansas). The overall schedule was rated one of the toughest in the nation and included a total of 17 games against teams that went on to post-season play. The season was highlighted with wins over post-season participants Ohio State, Memphis State, New Orleans and a 2-1 record versus

Head Coach Leonard Hamilton

Kansas State (with one win coming in the Big 8 Tournament).

A Rising Star

Prior to his stint at OSU, Hamilton served at the University of Kentucky where he spent 12 seasons with one of the top programs in the country. From 1974-80, he served as an assistant coach, and in 1980 he was honored by being named the first associate head coach in Kentucky basketball history, a post he held until moving to OSU. While at Kentucky, Hamilton developed the reputation as one of the brightest young coaches in the nation and helped guide the Wildcats to the 1978 NCAA championship. In his 12-year tenure at Kentucky, seven recruiting classes were ranked among the nation's elite and 23 former Wildcat players were drafted by the NBA. Additionally, 83% of the seniors (30 of 36) earned their degrees.

His proficiency in the recruiting game carried over to Oklahoma State where his first two classes were rated 12th in the country by different services. He signed four of five Oklahoma High School Players of the Year and was involved with the recruitment of 30 high school All-Americans.

"The thing that separates Coach Hamilton from others is the way he treats you. He stays on top of you to get your degree and helps mold your life. He feels it's his job to help get you ready to play in the game of life, because he understands there is life beyond basketball."

— Jake Morton (1993 UM graduate)

A Decorated College Player

Hamilton played basketball at Gaston (N.C.) Community College, where he set a school record by scoring 54 points in a game, and at the University of Tennessee-Martin where he is a charter member of the school's Hall of Fame. At each school he served as a team captain. Additionally, while at Tennessee-Martin, Hamilton received both the team Most Valuable Player Award and the Best Defensive Player Award.

His coaching career began as a graduate assistant (1971-72) and a full-time assistant (1972-74) at Austin Peay State University. He received his Master's degree from Austin Peay.

Hamilton, who is married to the former Claudette Hale, has a 26-year old son, Lenny, and a 12-year old daughter, Allison.

Veteran with Experience

When Leonard Hamilton had a vacancy in his coaching staff three years ago he was fortunate to land a veteran like Mike Jaskulski. Entering his fourth season at Miami, the well-rounded Jaskulski has proven to be a valuable addition and has served a number of important roles for the Hurricanes. He is responsible for scheduling, practice preparations, on-court instruction, recruiting and has served as the director of the UM Summer Basketball Camp. This year will also mark the second consecutive season that Jaskulski will have a post-game radio show on the UM student station WVUM (90.5 FM) after every Hurricane home game.

Has Made A Difference

Since his arrival in 1993, Jaskulski has made an impact on the program. With a strong emphasis on defense, Jaskulski has helped UM lower its opponent's scoring average from 74.2 points per game the year before his arrival to 66.9 points against last season. Over the same period of time UM opponents have gone from shooting 44.3 percent from the floor to 41.3 percent and the Hurricanes have gone from a rebound margin of -2.7 per game to + 3.1 per contest.

This past year, Jaskulski helped the Hurricanes land one of the nation's top recruiting classes. Miami's 1996 recruiting class was rated as high as seventh among the national recuiting services and the future of the Hurricane program is once again very bright.

Success Before UM

Jaskulski arrived at Miami after serving six years as an assistant coach at the University of Maine. His recruiting efforts help revitalize the Black Bears and made them one of the top programs in the North Atlantic Conference. His 1990 recruiting class was ranked as the 49th in the country, one of the top among Division I mid-major conferences.

Assistant Coach Mike Jaskulski 4th Year at Miami

Coached Teams to NCAA Records

Prior to his stint at Maine, Jaskulski served as the head basketball coach at Loras College from 1984-88 where he compiled a 62-48 record (.564 winning percentage). His 1987-88 squad finished as the top defensive team in the Iowa Intercollegiate Athletic Conference and was ranked third nationally by the NCAA in team defense. Additionally, that squad set an NCAA (post) shot clock record allowing only five points in a single half. Before being elevated to the head coaching reigns at Loras, Jaskulski served as an assistant coach for the Duhawks from 1982-84.

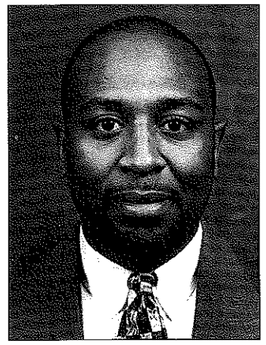

A Great Start

The Milwaukee native began his coaching career as an assistant coach from 1976-82 at St. Norbert College in De Pere, Wisconsin. Four of St. Norbert's teams advanced to the NAIA Tournament during his tenure and the 1981-82 Green Knight team was ranked 10th defensively in the NAIA.

A 1976 graduate of St. Norbert College, Jaskulski earned his master's degree in education in 1984 from the University of Wisconsin-Milwaukee.

Jaskulski and his wife, Marcia, have a five-year old daughter, Katie, and gave birth to their second daughter, Carly, in August.

A Nice Addition

The most recent addition to Leonard Hamilton's coaching staff is Dwight Freeman, who joined the UM staff in November of 1995. Freeman arrived at UM after serving one season as an assistant to Lefty Driesell at James Madison University. He is responsible for recruiting, scouting and provides on-court instruction.

In his first full year at Miami, Freeman helped lead the Hurricanes to a 15-13 overall record and enjoy a top flight recruiting class, which was rated as high as seventh nationally.

A Proven Veteran

Freeman brings a wealth of experience with him to Coral Gables. The 37-year old native from Washington, D.C. is beginning his 14th season in the collegiate coaching ranks. In addition to nine seasons as an assistant, Freeman served as the head coach at Marshall University from 1990-94 where his teams recorded a 46-65 overall record. Freeman was Marshall's youngest head coach and the youngest head coach in the Southern Conference when he was appointed to the position at the age of 31.

He posted one winning season (16-11 in 1992-93) and one .500 season (14-14 in 1990-91) while guiding the Thundering Herd. In his first season at the helm, he led the Thundering Herd to an upset victory over 13th-ranked East Tennessee State and an emotional triumph over state rival West Virginia. Two years later he guided the Thundering Herd to a 16-11 record, the school's best finish in five years.

Climbing The Ladder

Freeman began his coaching career as an assistant coach at Moberly Junior College in Missouri during the 1983-84 season. He followed that with stints at Hutchinson Junior College in Kansas (1984-85), Delaware State University (1985-88), Colgate University (1988-89) and one year as an assistant to Dana Altman at Marshall (1989-90) before replacing him as head coach when Altman left to take the head coaching job at Kansas State.

As a student-athlete, Freeman played one season at Southeast Community College in Nebraska, two seasons at Southern Methodist University in Dallas and concluded his career with one season at Western State College in Colorado. Prior to college, Freeman was a three-year letterwinner in basketball and played baseball at Anacostia High School in Washington, D.C.

He received his bachelor's degree in marketing and management from Western State College in 1982.

Freeman and his wife, Angela, have a seven-year old son, Darrian, and a five-year old daughter, Morgan.

A Great Reputation

Beginning his second season as a member of the Hurricane staff, Stan Jones has earned the reputation as one of the outstanding up and coming young coaches in the country. Jones is a great teacher with an excellent feel for the game. He is responsible for on-court instruction, scouting and serves as the director of the UM Summer Basketball Camp.

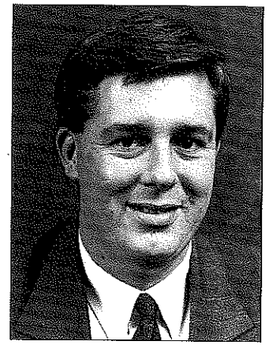

Jones also serves as the shooting coach for the Hurricanes where he made an immediate impact. Miami's shooting percentage (.423) last season was its highest since the 1992-93 campaign. Additionally, the 'Canes enjoyed their largest single-season improvement (+. 022) since the 1987-88 campaign (+.039). Jones spent a lot of time working with Tim James and helped him raise his free throw shooting 26 percent from the midpoint to the end of the season. Under Jones' tutelage James shot 68 percent from the line the second half of last season.

A Proven Winner

Jones, arrived at UM after a 14-year coaching career on the high school level where he compiled an overall record of 353-91 (.795) and captured four state championships. Additionally, Jones was a five-time coach of the year recipient and had 16 former players go on to play at the collegiate level.

Jones, who averaged more than 25 wins per season, began his coaching career at First Christian Academy in Memphis, TN in July of 1981. In nine seasons he amassed a 212-63 (.771) record and led his squad to a pair of state and district championships and five conference crowns. Jones was tabbed the Mississippi Private Schools District Coach of the Year by the coaches association three consecutive seasons (1986-87 to 1988-89), *The Commercial Appeal* Best of the Preps Class A Coach of the Year in 1990 and served as the state all-star team coach for the 1986-87 and 1988-89 campaigns. In 1989 he was listed in the Who's Who of American High School Basketball Coaches.

After his successful tenure at First Christian Academy, Jones accepted the head coaching position at Jackson Academy in Jackson, MS in June of 1990. At Jackson Academy he recorded a 141-28 (.834) record in his five seasons. His teams won three South State AAA championships and two state championships. Jones was named the Mississippi Coach of the Year in each of his last two years and coached the state's all-star team during the 1993-94 season.

The University of Miami

Something for Everyone

Few schools in the country can match the total experience in which a student at the University of Miami will experience. The University of Miami offers something for everyone, both academically and socially. Its vibrant setting provides students with an ideal place to learn and help mold tomorrow's future.

The University of Miami is the largest independent teaching and research university in the Southeast and, opened in 1926, is among the nation's youngest. The Coral Gables campus, 10 miles from Miami, is the site of most of the University's undergraduate and graduate programs. The University also operates a medical center in downtown Miami, a world-renowned marine and atmospheric science school on Virginia Key in Biscayne Bay and a bio-medical research and development center on its South campus.

Achieving Goals

Following goals established in its nationally acclaimed strategic plan, the University of Miami recently completed a five-year fund raising campaign that raised $517.5 million for endowment, facilities and equipment.

Enrollment at the University of Miami has grown steadily from a few hundred when classes were held in the remodeled Coral Gables Hotel to over 13,000 credit-seeking students between the undergraduate, graduate, law and medical programs. Representing all U.S. states and 110 foreign countries, the student body is composed of 50 percent Florida residents, 40 percent from other states, and 10 percent foreign nationals.

An Array of Academic Choices

The University offers 130 undergraduate and 175 graduate degree programs through schools of Architecture, Business Administration, Communication, Continuing Studies, Education, International Studies, Law, Marine and Atmospheric Sciences, Medicine, Music, Nursing, the Graduate School, and colleges of Arts and Sciences and Engineering.

Successful Alumni

The University's alumni base is a strong and successful one, despite the fact that Miami is one of the youngest Universities in the nation. Alumni have gone on to national fame in business, law, medicine, entertainment and many other areas. UM is proud to have supplied the education that catapulted them to national and international success.

The list of successful graduates is very long and includes national stars like Roy Firestone, Jon Secada, Gloria Estefan and many, many more.

Nationally Recognized

The Rosenstiel School of Marine and Atmospheric Science is recognized as one of the top three marine science schools in the country. Established in 1952 as Florida's first medical school, the University of Miami School of Medicine is the hub of the UM/Jackson Memorial Medical Center, the second largest such complex in the country and one of the hemisphere's major centers for teaching, research, diagnosis and patient care. The hospital was recently ranked one of the best in medicine based on peer review by 300 physicians across the country.

In addition to schools and colleges, many institutes, centers and interdisciplinary units attract national recognition for research and other programs, including Miami's reknown Bascom Palmer Eye Institute, Miami Project to Cure Paralysis and the international North-South Center.

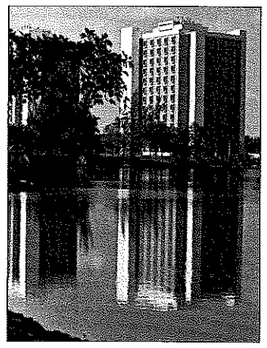

Innovative Research

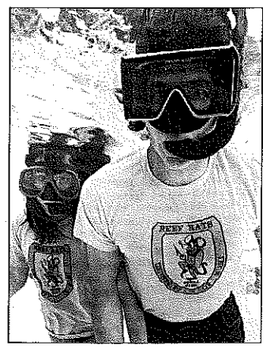

As it has for more than a decade, the University ranks among the top three percent of 2,600 universities and colleges receiving federal research and development grants. During the 1989-90 academic year, the faculty were awarded more than $133.7 million in separately budgeted grants and contracts from federal, state, local and private sources.

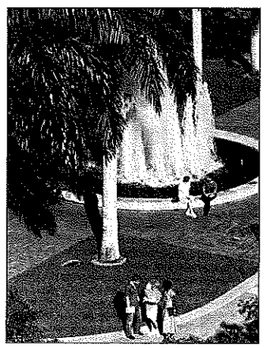

In addition to basic research in science, medicine, engineering and social sciences, current projects cover a wide spectrum of global concerns including climatology, oceanography, population and resource studies, spinal cord injuries, diabetes, AIDS, cancer, productivity, technology transfer and international relations.

A Crossroad of Cultures

A crossroads where culture and commerce of Latin America, the Caribbean, Europe, Asia and North America merge, the Greater Miami area is one of the most dynamic regions of the country. The surrounding area is known for its beaches, outdoor cafes, nightclubs and is home to successful professional sports franchises in all the major sports. Coral Gables hosts hemispheric headquarters for many multinational corporations but maintains the Mediterranean charm envisioned by George Merrick, the city and University founder, 70 years ago.

Best Academic Support Available

The University of Miami, one of the nation's finest institutions of higher education, shows an unparalleled dedication to academics. While Miami's athletic successes are well documented, the University's commitment to academics is second to none. Hurricane athletes have a wealth of resources and programs available to them as they work toward their degrees.

In striving to meet the challenges facing the student-athletes in today's complex society, the University of Miami Athletic Department along with UM's Developmental Services Center has established a unique academic support program that serves to enhance the life of the student-athlete. This cooperative effort reflects the commitment of the entire university to the complete development of the student-athlete.

Neil Brooks, assistant athletic director for academic/student services, administers the academic support and student services programs, which are designed to prepare students for a career after athletics.

"We want to facilitate the true personal development of the student-athlete by establishing a strong fundamental background," said Brooks. "We provide support in helping them develop the balance between academics and athletics as well as proper time management and mental attitude."

The recent results have been very impressive. The overall graduation rate exceeds 60% and the success rate of the Hurricane basketball program has been at or near 100% since its rebirth in 1985.

In order to prepare athletes for life after graduation the University of Miami has instituted a Life Skills Program which helps student-athletes conquer the challenges of life after athletics. The program originally instituted by the NCAA in 1994, focuses on five commitments viewed as critical to personal growth: academic excellence; athletic excellence; personal development; service; and career development.

Few universities can match the success in both academics and athletics that Miami has achieved and through this commitment to excellence, UM student-athletes are properly prepared for life after athletics.

Top-Notch Medical Staff

The number one priority of the athletic department at the University of Miami is a commitment to its student-athletes both on and off the court. This commitment is constantly reinforced with the medical attention that is available to Hurricane student-athletes. UM's newly renovated and expanded training room, located in the Hecht Athletic Center, contains the most modern equipment available.

Computerized testing and a wide range of aerobic conditioning equipment is available to help design individual rehabilitation programs and help reduce the risk of re-injury. The training room also contains a state-of-the-art Biodex machine to aid athletes in their rehabilitation.

The University has assembled one of the finest medical staffs in the country. Team physician and orthopaedic surgeon Dr. John Uribe heads a team which includes 15 medical doctors who serve as consultants, five full-time trainers and 10 student-trainers.

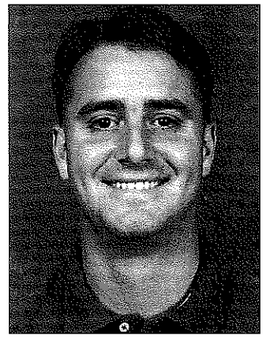

Uribe, regarded as one of the finest physicians in the southeast, is the assistant physician for the Miami Dolphins and the Florida Marlins. Additionally, he and Dr. Keith Hechtman, another member of UM's medical team, serve as team physicians for both Florida International University and St. Thomas University. Hechtman, who specializes in orthopaedics, accompanied the Hurricanes on their exhibition tour of Israel in August of 1995.

Hurricane athletes enjoy the luxury of having one of the nation's finest sports medicine facilities located right on campus. HealthSouth Doctors' Hospital features a full service health-care center specializing in sports medicine. The clinic provides preventative care, physicals, injury evaluations, special testing and referral to specialists. HealthSouth Doctors' Hospital possesses some of the most high-tech equipment in the nation and is available to treat Hurricane athletes.

The hospital includes a health and fitness center where they provide a wide range of services including nutrition counseling and cardiac rehabilitation all done with the exercise physiology department led by Dr. Jack Young, a member of UM's medical team.

Uribe and his colleagues at the sports medicine center are recognized as some of the finest in the field of sports medicine. Patients are often flown in throughout the east coast to be treated at HealthSouth Doctors' Hospital. Many doctors also fly in to learn sports medicine procedures and techniques from the hospital staff.

With all this medical expertise and equipment available to them, Hurricane athletes are among the best cared for in the nation.

Carrying Their Weight

Strength Training With the Best

Michael Bradley,
Basketball Strength Coach

A key element of the Miami basketball program is the strength and conditioning program which is designed for the specific needs of the athlete.

Michael Bradley, who joined the UM staff in September, has a bachelor's degree in chemistry from San Diego State University and a master's degree in chemistry from the University of California, Santa Barbara. He is also a member of the National Strength and Conditioning Association.

Prior to his arrival at UM, Bradley had served as an assistant strength coach at Southern Methodist University for two years, the University of South Carolina for one year and most recently he spent the previous 16 months at the United States Military Academy where he was directly responsible for training the men's basketball squad.

Under Bradley's direction, the program identifies six elements of fitness: strength training, cardiovascular conditioning, flexibility, nutrition, skill development and rest. Each element is addressed separately to insure complete development of all players.

"Getting a player stronger is not that difficult anymore," said Bradley. "The challenge and satisfaction are in the administration of the program. I believe that supervision and motivation determine the results of the conditioning program. Our system is different than others in that we do not give our players a workout to do. We put them through a workout. Consequently, we individually train our entire team. One coach instructs one player. Proper supervision ensures that the athlete is using correct technique, training at the proper intensity, and making progression in weight and repetition. Everything an athlete does is documented by the coach and stored in a computer."

The results are obvious as the Hurricanes enter the 1996-97 season stronger and healthier than ever before. Conditioning will be crucial as the Hurricanes compete in the always grueling BIG EAST Conference with some of the best athletes in the country.

"We draw a distinction between weight lifting and strength training," stated Bradley. "We are a basketball team, not a weight lifting team. The purpose of the strength and conditioning program is to prevent injuries and push back fatigue. The purpose of the conditioning program is not necessarily to develop 400-pound bench pressers. If a player has been blessed with the potential to do that, great, but we are just as concerned with the strength of his hamstrings, shoulder capsule and cardiovascular condition."

The Hurricane basketball squad receives additional assistance from Athletic Director Paul Dee who is committed to ensuring that the Hurricanes have the best equipment and facilities in their quest to excel. Head Strength Coach Dale Hulett also provides tremendous leadership and direction to the Hurricane strength and conditioning program.

No one cares more about conditioning than Leonard Hamilton who is one of the most progressive basketball coaches in the country with regards to strength training. It is his belief that strength training and conditioning is every bit as important as scrimmaging and watching film. Hamilton is committed to the health and development of his players. Along with Bradley, Hamilton will evaluate the strength and conditioning program by how the Hurricanes are doing in March. They realize that just as basketball skills must improve as the BIG EAST and NCAA Tournaments come around, so must the conditioning of their players.

"I determine the success of our conditioning program by our players attitude toward training," Bradley said. "They are a very motivated and intelligent group of young men. They take a great deal of pride in their conditioning. I look at the weight room as a part of a university education. Our players can apply fundamentals of conditioning and understand the subtleties of training. They can discuss both sides of controversial training issues and ask intelligent questions. I like to think of this as the only University of Miami class that you can take four years in a row. The things our athletes learn here will be applicable to life beyond Hurricane Basketball."

UM Athletes are Active in the Community

Recognizing their positions as role models and community leaders, University of Miami student-athletes are extremely active in assisting with the development of the South Florida community.

During the 1996-97 school year, Hurricane basketball players will make personal appearances at numerous functions and will volunteer their time and efforts to many special projects including the "Join a Team, Not a Gang" campaign which is co-sponsored by the Metro-Dade Police and Florida Power and Light. Athletes and the children they reach are both touched by these experiences.

"It was a wonderful experience for the children to have positive role models to look up to when the athletes visited," said teacher Joyce Castro of Fairchild Elementary, after some student-athletes visited her classroom. "They are able to reach out to these children and make a difference."

"I enjoy spending time with the children and giving them a positive male role model," said Alex Fraser, who is very active in the Miami community. Fraser believes in making a difference for the area youth and giving them someone to look up to. In addition to his role in the "Join a Team, Not a Gang" program, Fraser has volunteered to serve as a surrogate father to Daniel Morris, a four-year old boy from his church. Alex spends several hours each week with Daniel acting as a positive role model. His efforts have not gone unnoticed.

"Alex is having a really good impact on Daniel's life and I thank God for that" said Carmen Morris, Daniel's mother.

"Student-athlete appearances are good for the community, the University and the athletes themselves. It's a win-win situation for eveyone involved," said Roger Bell, UM's assistant athletic director for community relations.

Bell coordinates the appearances, which include visits to schools, hospitals and special projects. In July the UM men's basketball team and coaching staff ran a free clinic for children from Charles Drew Elementary School as part of their "I Have A Dream" program. In addition to drills and tips the Hurricanes spoke to the youngsters about the power of positive choices.

"You never know what type of effect you have on youngsters," stated UM head coach Leonard Hamilton. "Every little bit helps though and hopefully you will make a difference in a young person's life. We don't do this because we want recognition, we contribute to the community because it's the right thing to do."

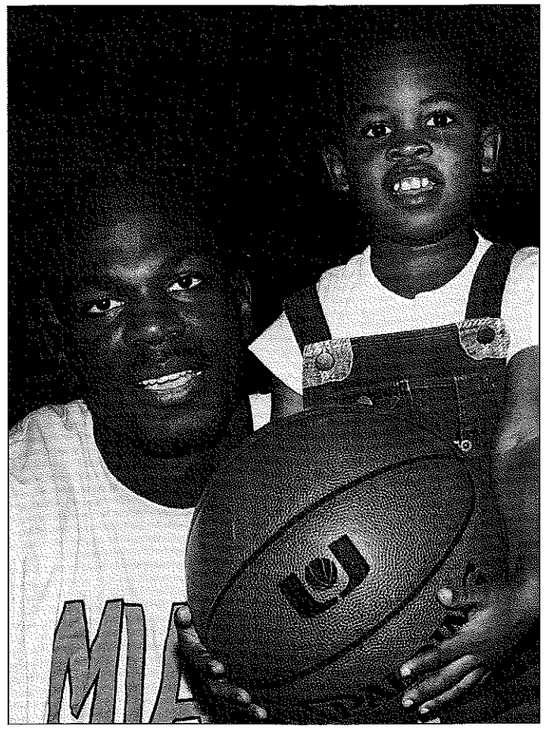

Miami players also speak to children on such topics as self-esteem, motivation, goal setting, staying in school, saying no to drugs, anti-smoking and crime prevention.

"The kids loved interacting with the student-athletes, and it was a good experience for my students to provide instruction in that type of atmosphere," said Dr. Robert Gropper, who teaches a class at Miami that gets the athletes to interact with students at local elementary schools.

Bell also oversees programs designed to prepare Miami's student-athletes for their futures through events like "Career Day". On this day, Bell and the academic staff arrange for many prominent business leaders, in the areas of interest to the students to speak about their businesses and the skills needed to embark in their particular fields.

All these programs are designed to meet the special needs and experiences available to allow Miami's student-athletes to give back to the community.

The program has been such a success, that anyone interested in scheduling appearances should contact Roger Bell at (305) 284-4609.

Alex Fraser, one of the most active Hurricanes in the community, has volunteered to serve as a surrogate father to Daniel Morris, a four-year old boy from his church.

Tim James and Sebastian the Ibis relax with youngsters from Charles Drew Elementary School after members of the UM Hurricane basketball team and coaching staff ran a free clinic for the students as part of the "I Have A Dream" program in July.

FPL's Della McCurdy, Head Coach Leonard Hamilton, Darnella Dunham, Alex Fraser and Metro-Dade Police Major Jeanne Forrester all join forces to make the "Join A Team, Not a Gang" program one of the finest community services programs in South Florida.

Hurricane Warnings

Traditions are Part of the Fun at Miami

The Hurricanes

It began in controversy. Some reports say that the '27 football team held a meeting to select the nickname Hurricanes, hoping they would sweep away opponents just as the devastating storm did on September 16, 1926. Another version holds that the *Miami News* columnist Jack Bell asked end Porter Norris in 1926 what the team should be called. Told that local University dignitaries and officials wanted to name the team for a local flora or fauna, Norris said the players wouldn't stand for it and suggested "Hurricanes" since the opening game had been postponed by such a storm. From time to time, opposition has arisen to the name that would "reinforce Miami's negative reputation as a weather-beaten community living constantly under the threat of destruction. "But as one UM official rationalized in the 60's, "Does anyone think Chicago is overrun by bears just because the town has a football team by that name?"

The U

In 1973, the UM Athletic Federation commissioned a local public relations expert to develop a distinctive logo.

In color, the left side is orange and the right is green.

School Colors

The school colors were selected in 1926 by a committee of Ruth Bryan Owens (daughter of famed attorney William Jennings Bryan), Harry Provin and Bertha Foster. Owens was a member of the board of regents and taught speech at the University. From her suggestion, the colors of the Florida orange tree were to represent UM – orange for the fruit itself, green for the leaves and white for the blossom.

Sebastian the Ibis

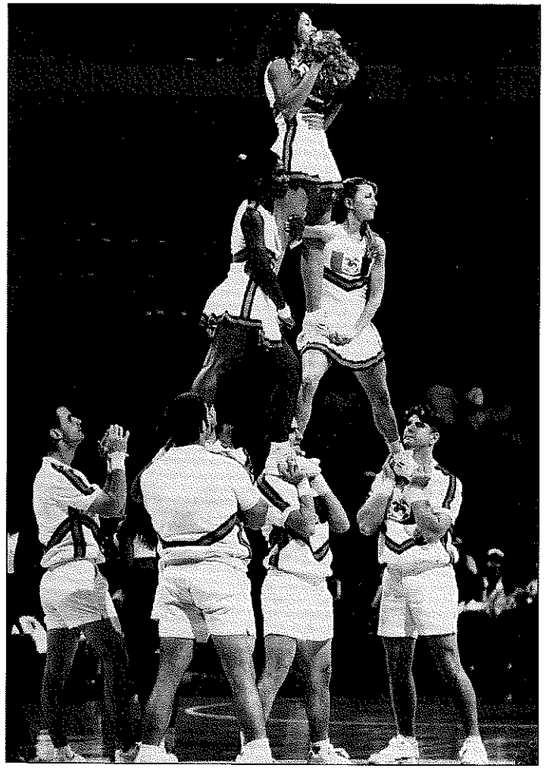

UM's yearbook adopted the name "Ibis" with its inception in 1926, and the local marsh bird was considered UM's first unofficial mascot. In 1958, student John Stormont performed at games in a glued, sewn and pinned together costume that was the forerunner of today's bird. Folklore has it that the Ibis, a symbol of knowledge found in the Everglades and Egypt, is the last sign of wildlife to take shelter before a hurricane and the first to reappear.

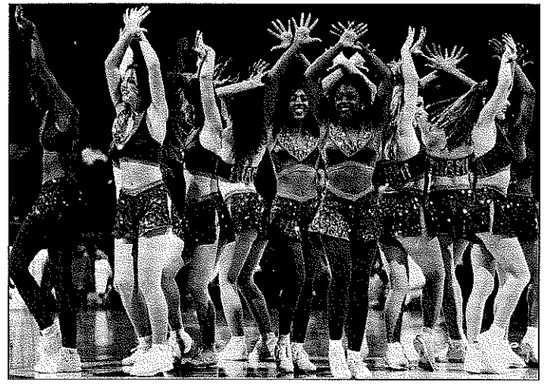

Cheerleaders

The cheerleaders perform at all home contests and The BIG EAST Tournament as well as all home and away football games. The squad also provides a valuable public relations function for the University by promoting season ticket sales, participating in recruiting events and appearing at many charity functions. The squad, which has travelled to both Japan and Europe, is under the direction of Coach Dan Reynolds and has been nationally ranked on a consistent basis.

Sunsations

Now in their tenth year of entertaining Hurricane fans, the Sunsations dance group is a squad of enthusiastic and talented performers developed specifically for basketball events. They perform at all home basketball and football games. The squad is coached by former member Natalie Latronico and has received national recognition.

Living in a Tropical Paradise

Miami Got It All

Miami is suntans in December and warm breezes in March. The ocean. Palm trees swaying. The beaches. Bright sunshine and blue skies. A late-night moon that glows brighter than ever. It's a way of life in the tropical heart of the United States. It's a pride in the city, it's sunsets and salty air. With limitless outdoor activities and international flavor, Miami welcomes all to its shores. You'll find a special place in the sun with a lifestyle as vibrant and endless as the neighboring ocean.

Coconut Grove has Fun Nearby

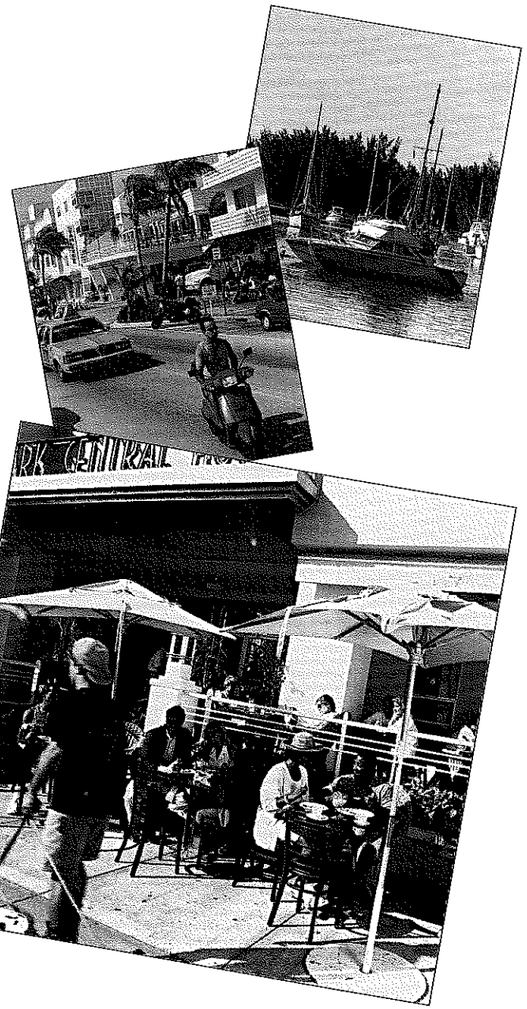

Just a short ten minute drive from the University campus, lies one of Miami's original pioneer settlements, Coconut Grove, which has evolved from a beatnik community into an upscale night life and shopping destination. Transplanted intellectuals, jet setters, artists, craftsmen and professionals converge to create an electric atmosphere that is the essence of the Grove. Located in the center of this carefree neighborhood is Coco Walk, the Grove's open-air retail and entertainment complex with shops, outdoor cafes, trendy nightclubs and a multi-screen theater, all in a European village setting.

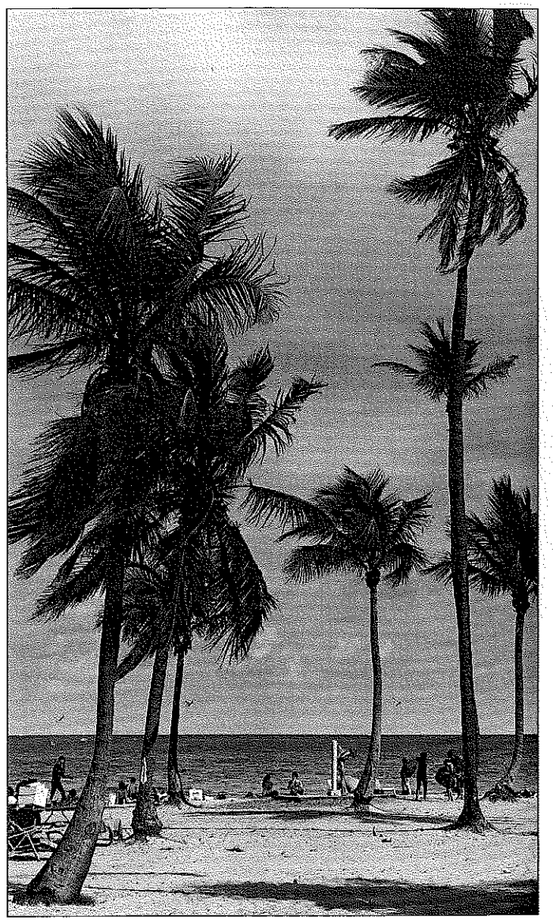

South Beach is the New Riviera

Travel a few more minutes north and you hit world famous Miami Beach and your chance to be discovered. Fashion models, writers, movie producers and famous entertainers are the new players in Miami Beach's renaissance. Miami Beach is a community on the move with stars like Gloria Estefan, Madonna, Sylvester Stallone and many more calling it home.

Renovated Art Deco buildings and hotels host international restaurants, open-air cafes and trendy nightclubs. Throughout this Atlantic coastline community, the restaurants feature a traditional South Florida favorite, stone crabs, and also turn out succulent rack of lamb, spicy international favorites and richly sauced pasta dishes.

In the past few years, images of "SoBe"(the SoHo of the south as South Beach is often called) have filled fashion magazines, films, and television shows from all over the world. International crews can be found filming throughout Greater Miami from dawn until dusk. Such recent films as "True Lies", "Ace Ventura, Pet Detective", "The Specialist", "Drop Zone" and "The Perez Family" were filmed here. Feature films shot in Miami this year include "Fair Game", "Two Much", "The Substitute", "Striptease", "Up Close and Personal", "Blood and Wine" and "Birds of a Feather". You just never know who you'll run into on South Beach.

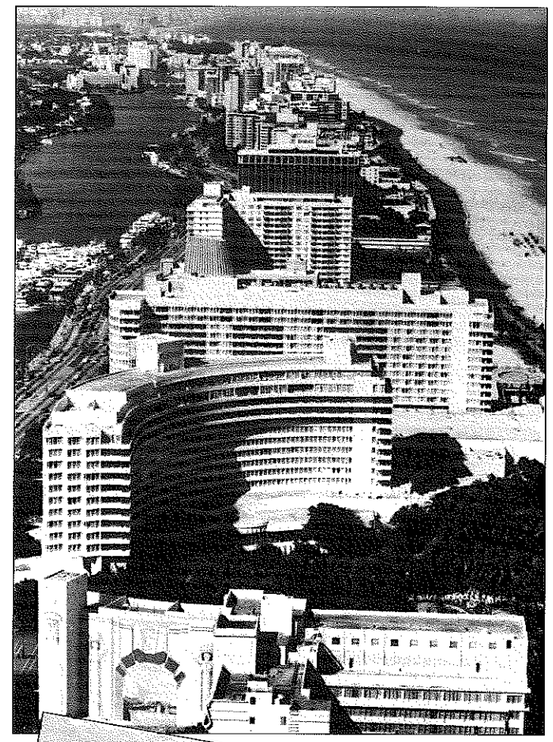

Coral Gables is the "City Beautiful"

The campus itself is located in quite beautiful Coral Gables. Founded by George Merrick 67 years ago, this "City Beautiful" hosts hemispheric headquarters for many multi-national corporations. The city's central boulevard is the famed Miracle Mile. It is here where residents and students enjoy some of the region's finest boutiques, gourmet restaurants and art galleries. In addition to its urban amenities, Coral Gables is distinguished by its natural terrain. Gracing 83 acres of the area's prime land is Fairchild Tropic Gardens, one of the largest tropical gardens in the continental United States. To the north lies the Venetian Pool. Often called the world's most beautiful swimming lagoon, it is surrounded by caves, cascading waterfalls and natural arched bridges.

Key Biscayne Offers Natural Fun

Once a coconut plantation, Key Biscayne maintains a natural beauty rare for an area in such close proximity to an urban center. The allure of this subtropical island lies in its beaches, distinctive accomodations and recreational diversions. The sweeping curve of Rickenbacker Causeway, the Key's link to the mainland, cradles Hobie Beach, a popular public playground for windsurfers.

Over Bear Cut Bridge lies Key Biscayne itself, a haven for sports enthusiasts and sun worshippers. Three miles of sandy beaches, one of the country's finest public 18-hole golf courses and courts holding world-class tennis tournaments like the Lipton, symbols of the island's first-class resort status, are located in the 500-acre Crandon Park area.

South Florida is Sports Crazy

Miami may be best known for its lovely climate and beautiful beaches, but in recent years the city has taken its place as one of the world's greatest sports destinations. No matter what the sport, no matter what the time of year, there is never a dull moment. Miami has something for everyone. It is truly a sports fan's paradise.

Hurricanes Began the Trend

Leading the charge is the University of Miami which has set a high standard of excellence beginning with its inaugural football season in 1926. Since 1937 UM has played its home football games at the world famous Orange Bowl. This historic site has played host to 61 New Year's Day Bowl games and eight of the last 13 national championship games, including three of the University of Miami's four titles in 1983, 1987, and 1991. This past summer the Orange Bowl added the Olympics to its impressive resume as it was one of the soccer venues for the Centennial Olympic Games.

College athletics have set the standard and professional sports are keeping up the tradition. Miami is one of only eight U.S. cities that can boast a professional franchise from each of the four major sports leagues.

A Mecca for Pro Sports

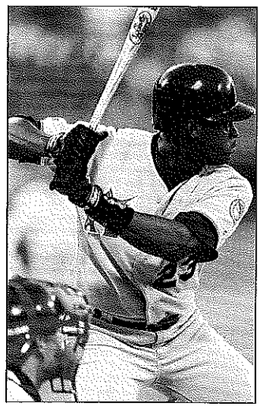

The NFL Miami Dolphins, led by head coach Jimmy Johnson, thrill fans every season at Pro Player Stadium. This sports complex has played host to two Super Bowls. Pro Player Stadium is also the home of Major League Baseball's Florida Marlins.

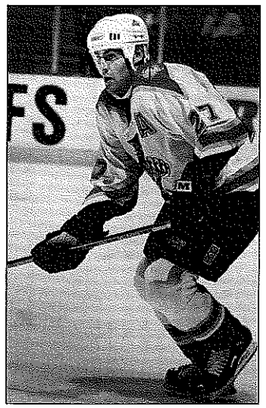

The NBA Miami Heat, led by head coach Pat Riley and all-star center Alonzo Mourning, and the Miami Hurricanes offer basketball fans fast-paced action during the winter at the Miami Arena. The Hueat and Hurricanes spend most of the summer working out together. The Arena is also home to the NHL Florida Panthers, who advanced to the Stanley Cup finals in just their third year of existance. In March of 1994 the University of Miami hosted the NCAA Men's Basketball Tournament East Regional at the Miami Arena. Other events such as professional wrestling and professional world figure skating are often scheduled there.

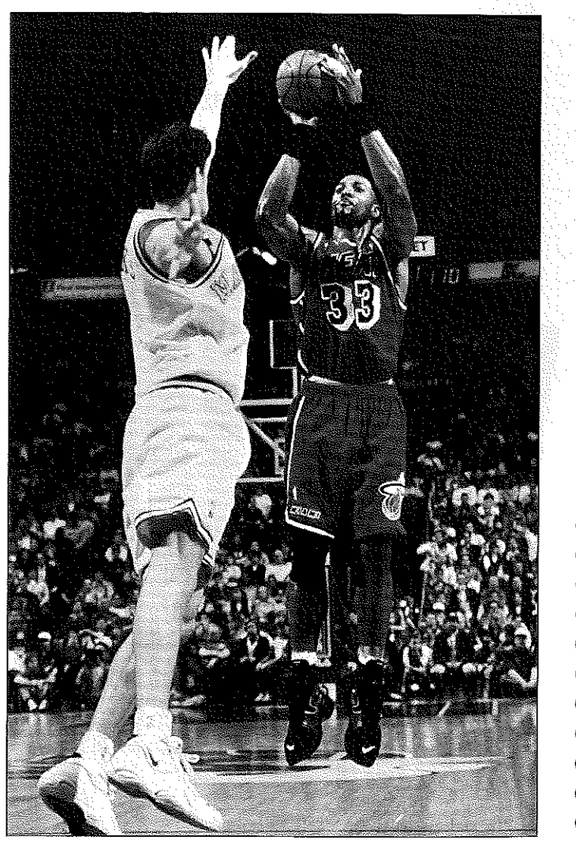

International Sporting Events

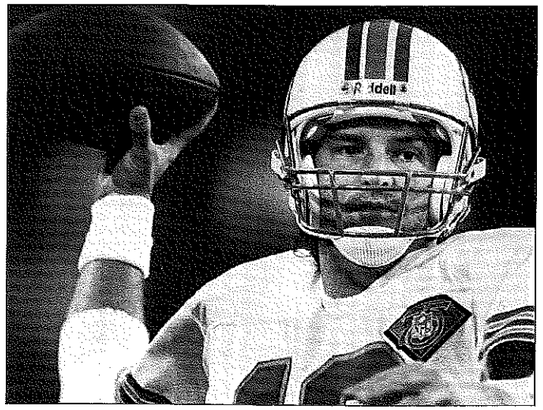

Downtown Miami isn't the only place to catch great sports action. Miami's beaches host an impressive array of sports venues. The Homestead Sports Complex is the host site of the national Olympic baseball trials and on Key Biscayne the International Tennis Center is home to the Lipton Players Championships. Greater Miami and the beaches are also the sight of the Doral-Ryder Open and the Royal Caribbean Classic, two of the PGA's top tournaments, as well as the Miami Grand Prix, one of the premier events on the International Motor Sports Association's circuit.

Greater Miami and the beaches have become a hot bed of sports. Fast-paced Big League action, thrilling championship tournaments and motor sports all combined with spectacular year-round weather make Miami a world-class sports mecca. Even the most demanding sports enthusiasts will find Miami a perfect place.

There's No Place Like Home

'Canes Play in NBA Arena

For the ninth consecutive year the Miami Hurricanes will call the Miami Arena home. This beautiful $56 million state-of-the-art facility, which was the site of the 1994 NCAA Tournament East Regional, contains 15,508 fully upholstered seats for college basketball and 16 luxury boxes. The Miami Arena hosts approximately 150 events annually and has welcomed more than 10 million spectators since opening in 1988.

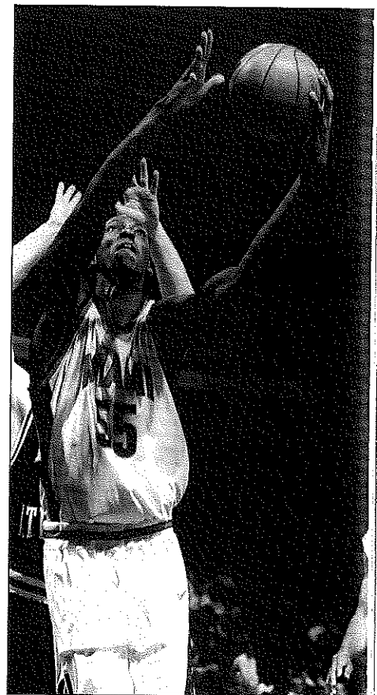

Where the Stars Take Center Court

In addition to serving as host for UM men's basketball games, the Miami Arena is one of only 11 arenas in the United States to be home to franchises from both the National Basketball Association and the National Hockey League.

Hurricanes Enjoy Home Advantage

During their previous eight seasons in the Miami Arena, the Hurricanes have compiled a 73-50 record. Included among the 73 wins are victories over defending national champion and No. 16-ranked Kansas in January of 1989, an 11-point victory over 10th-ranked Georgetown in January of 1993, a win over 13th-ranked Georgetown in February of 1995 and a victory over 11th-ranked Syracuse, the eventual NCAA Tournament runner-up, in January of 1996. The resounding victory over the Hoyas in 1993 marks the highest-ranked opponent the 'Canes have defeated since the rebirth of the program.

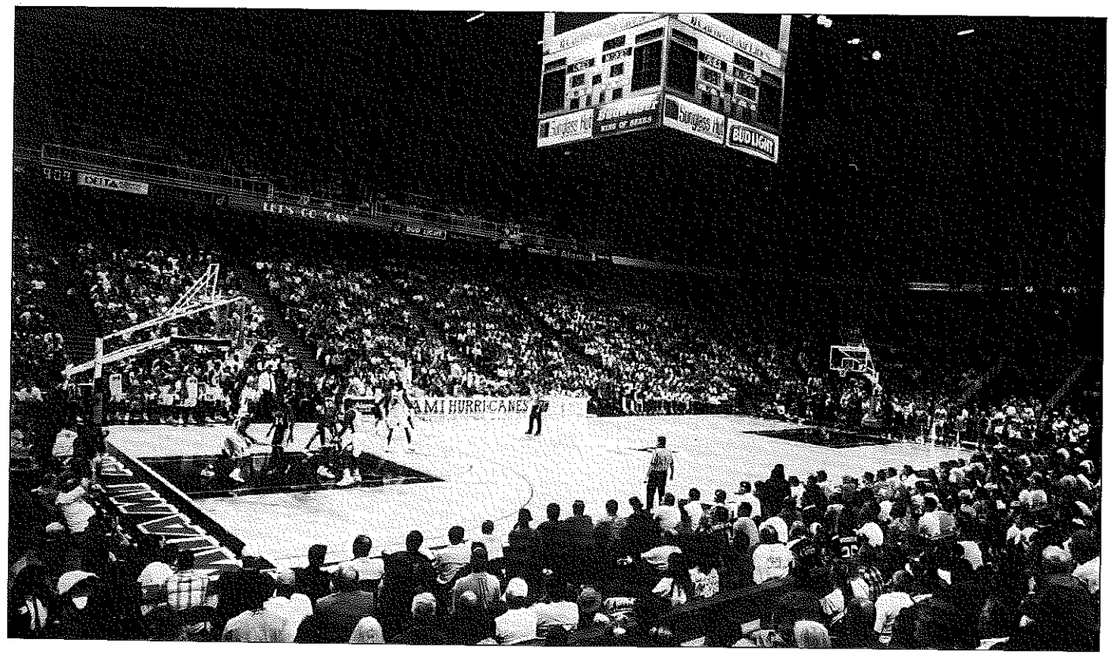

The Miami Arena is truly a community center which genuinely reflects the cultural, economic and civic diversity of South Florida. In addition to professional and collegiate sports, the Arena frequently hosts major concerts and family shows from Gloria Estefan to Disney On Ice.

The RYDER Center

March 6, 1995. That date will go down as one of the biggest days in University of Miami basketball history and the Hurricanes did not even play a game. That was the day University of Miami President Edward T. Foote II and M. Anthony Burns, Chairman, President and Chief Executive Officer of Ryder System, Inc. announced that Ryder System, Inc. had committed approximately $9 million to the development of The RYDER Center, an on-campus, multipurpose facility that will become the home of University of Miami basketball.

The commitment from Ryder System, Inc. is one of the top 10 gifts in the history of the University and enabled Miami to move forward and begin planning for additional fundraising, and design and construction for the facility.

Many basketball experts feel a new on-campus facility is all Miami needs to turn the rising Hurricane program into one of the finest in the nation. Only three of the 13 schools in The BIG EAST Conference (Syracuse-33,000; West Virginia-14,000; Notre Dame-11,418) will have an on-campus arena which will seat more than the 9,000 fans that The RYDER Center will accommodate.

"The RYDER Center will be a tremendous boost and guarantee us continued success."

—Leonard Hamilton

The Hurricanes are currently one of the few major Division I athletic programs in the nation that plays both basketball and football games off campus. The state-of-the-art RYDER Center will be built on the commercial side of campus, convenient to the Metro Rail, UM's new parking garage, student residences and current athletic facilities.

Many University events are currently held outdoors or off campus. The RYDER Center will provide the University of Miami and the South Florida community with new opportunities to present major indoor events while upgrading the current facilities to improve the quality of education for students.

"Having a company like Ryder make such a wonderful commitment to our University and program shows the amount of support there is for the University and its athletic department," said head men's basketball coach Leonard Hamilton. "The RYDER Center will be a tremendous boast and guarantee us continued success. We are happy to have a home on campus and appreciate the support of Ryder and everyone who will make this possible."

When completed, The RYDER Center will provide an abundance of opportunities, ranging from academic and athletic to campus and community. The list of possible events includes: NCAA Division I men's and women's basketball games, area high school basketball championships, commencement, orientation, convocation, lectures, conferences, theatrical productions, student government activities, alumni social events, class reunions, employment fairs and career days, cultural events and town meetings.

The RYDER Center will become the focal point of the UM athletic department and the entire University.

"The close relationship between Ryder and the University of Miami goes back many years. As we look ahead, the RYDER Center will be a reminder of the relationship between our two organizations, but Ryder's support represents much more," said Mr. Burns. "The RYDER Center will be the largest such facility in South Dade. Beyond its obvious contribution to the University's athletic program, the Center will be used for a variety of campus activities and conferences, and will also provide the community with a much-needed facility for a variety of other purposes."

The University of Miami was founded in 1926 and Ryder System, Inc. was established in Miami in 1933. Over the years, the two institutions have developed a close relationship and grown together for the betterment of the South Florida community.

What they are saying about The RYDER Center

"We are greatful for this splendid gift. A campus convocation center has been a dream here for a long time. Ryder's generosity brings that dream much closer to reality. On behalf of the University, I express my deep appreciation to Tony Burns, one of our Trustees, and our other friends at Ryder."
—Edward T. Foote II, University of Miami President

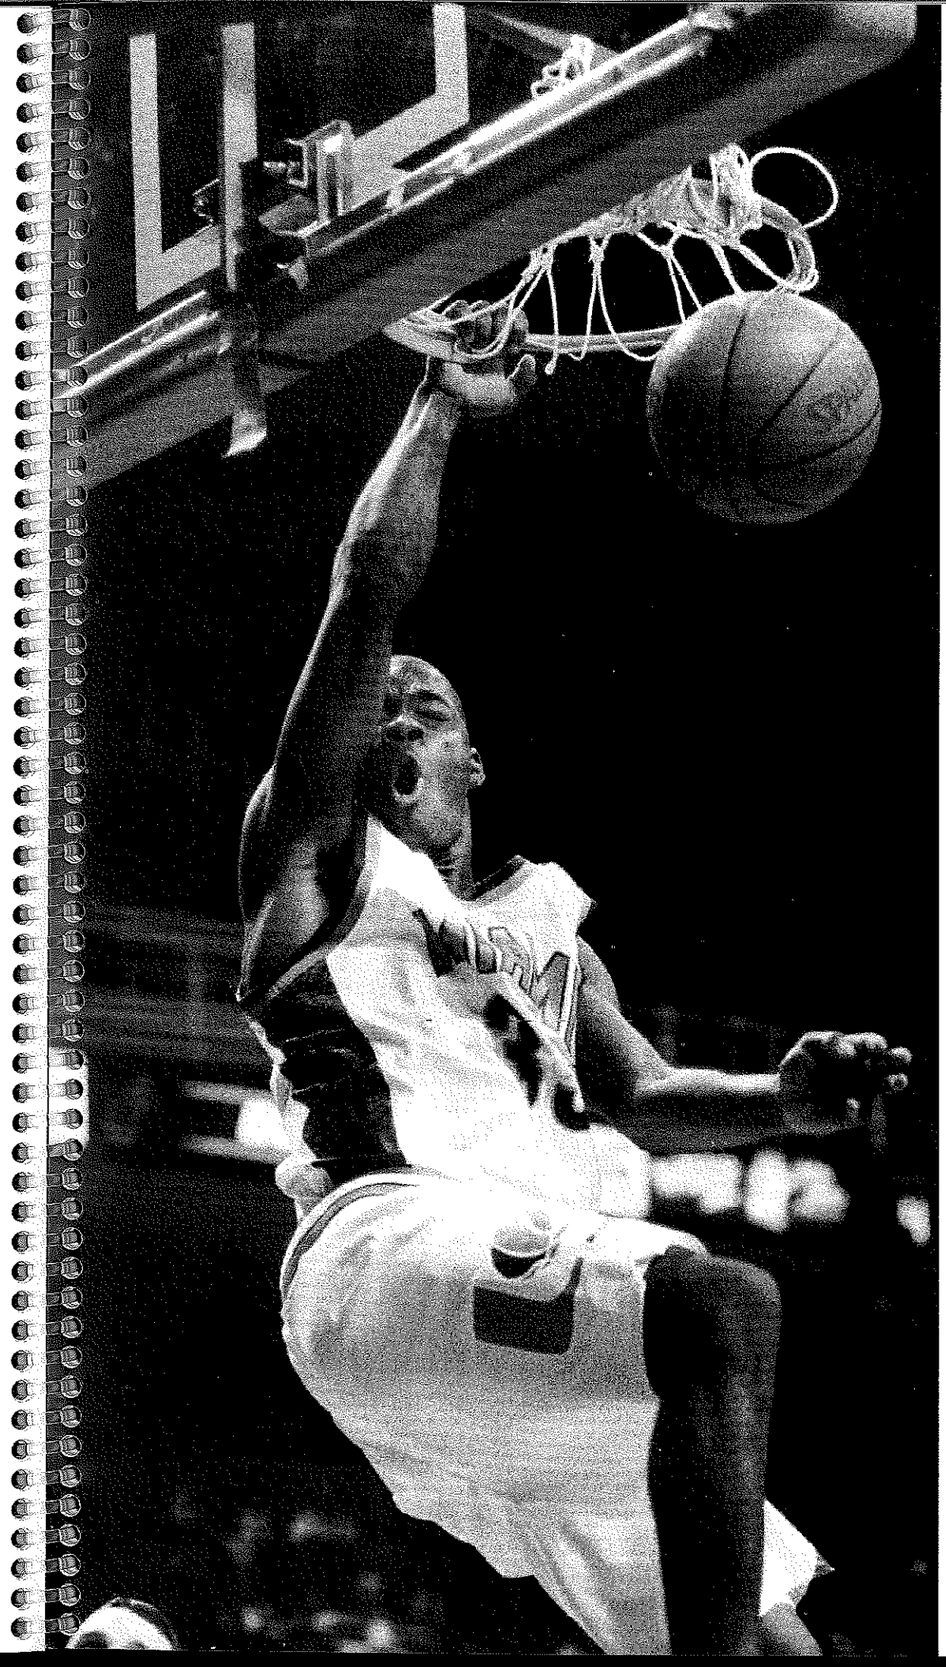

"Ryder has given the University and its athletic department a tremendous boost with this generous gift, and we are extremely grateful. It enables us to begin development of The RYDER Center. As we go forward, we are going to need the help and support of our fans, alumni and boosters."
—Paul Dee, University of Miami Athletic Director

"I think it is terrific that Ryder is supporting Miami basketball. Leonard Hamilton and the Miami administration have done a great job of raising the level of the basketball program. Obviously, this announcement will help the Hurricanes reach even greater heights."
—Michael Tranghese, Commissioner of The BIG EAST Conference

"Having a company like Ryder make such a wonderful commitment to our University and program shows the amount of support there is for the University and its athletic department. The RYDER Center will be a tremendous boost and guarantee us continued success. We are happy to have a home on campus and appreciate the support of Ryder and everyone who will make this possible."
—Leonard Hamilton, Head Men's Basketball Coach at the University of Miami

"The RYDER Center is the last piece of the puzzle we need to make Miami basketball among the best in the nation. We thank Ryder because it is with their generous support combined with the unending efforts of President Foote, the UM administration and Paul Dee that our dream of a state-of-the-art, on-campus facility has come true."
—Ferne Labati, Head Women's Basketball Coach at the University of Miami

"In 27 years of association with the University of Miami, first as a student and now as a member of the Board of Trustees, I have never been more excited about any announcement than I am about this gift from Ryder. It enables the University to move toward the long-needed creation of a multipurpose facility where all the University's family and friends of the community can come together as one on campus."
—Ron Stone, University of Miami Board of Trustee Member Chairman, Athletic Advisory Committee

The BIG EAST Conference

Michael Tranghese
Commissioner

The world of collegiate athletics was tremendously volatile in the first half of the nineties and The BIG EAST was a significant participant. The league added the University of Miami in 1990 and Rutgers University, West Virginia University and the University of Notre Dame in 1994.

Now, that the wave of conference realignment appears to be slowing, the BIG EAST is again receiving deserved attention for the accomplishments of its student-athletes on athletic playing fields and in the classrooms.

The Providence women's cross country team won the 1995 NCAA Championship. The Friars broke Villanova's record six-year hold on the title. Notre Dame captured the '95 NCAA women's soccer crown. BIG EAST athletes won six individual NCAA track titles and one relay crown.

For the first time in the history of the league, men's and women's basketball placed teams in the Final Four in the same season. The Syracuse men played in the champinship game and the Connecticut women made their third Final Four appearance in this decade.

Since the date of its birth, May 31, 1979, The BIG EAST Conference has always pledged to be a proactive - rather than reactive - group. That credo may never have been more in evidence than in 1994 when the league added Rutgers, West Virginia and Notre Dame as full conference members in two separate expansions.

BIG EAST teams are led by some of the best coaches in the nation. Here UM's Leonard Hamilton and Georgetown's John Thompson talk before their teams tip off.

In March of '94, the BIG EAST added Rutgers and West Virginia as full-time members. Both schools, which boast wide-ranging, successful athletic programs, had been members of The BIG EAST Football Conference. In July, The BIG EAST, then a group of 12, added Notre Dame, one of the nation's most prestigious private institutions.

While the membership has increased, the focus of the BIG EAST remains unchanged. It is a group that reflects a tradition of broad-based programs, led by administrators and coaches who place a constant emphasis an academic integrity.

The BIG EAST Conference has enjoyed a leadership role nationally. Its student-athletes boast significantly high graduation rates and their record of scholastic achievement notably reflects a balance between intercollegiate athletics and academics.

While the BIG EAST certainly made its splash with men's basketball as its signature program, the conference also has enjoyed a steady, wide-ranging growth. It now sponsors 19 championships.

Any successful consortium enjoys outstanding leadership. Michael Tranghese, the league's first full-time employee, and for 11 years the associate of Dave Gavitt, took over as Commissioner in June, 1990, after Gavitt left to take a position with the Boston Celtics.

The expansion in membership in the nineties is only a portion of Tranghese's achievements. In his first year at the helm, he administered the addition of the University of Miami and the formation of The BIG EAST Football Conference.

The University of Miami became the league's 10th full member on October 10, 1990. The largest private institution in the Southeast, Miami was a prized addition to a conference already noted for a successful co-existence of academics and athletics.

BIG EAST sports attract the interest of followers in the nation's largest media markets within New England, the New York metropolitan area, Washington D.C., Pennsylvania and Florida. Innovative concepts in promotion and publicity, particularly regarding television, have resulted in unparalleled visibility for BIG EAST student-athletes. Exclusive long-range television contracts with CBS and ESPN, Inc. provide BIG EAST basketball with more television exposure than any other conference.

The addition of Rutgers and West Virginia strengthened the BIG EAST's geographic hold on the Northeast. Notre Dame has opened doors in the Midwest.

The BIG EAST Conference

Also, other BIG EAST championship events in track, men's soccer, women's basketball and baseball have been seen on various cable networks across the country.

While BIG EAST basketball games are regular sellouts at campus and major public arenas, including the annual BIG EAST Tournament Championship in Madison Square Garden, attendance figures also are significant at BIG EAST soccer, women's basketball and baseball games.

Some feats of note since the inauguration of the league in 1979-80:

- Nine Final Four appearances and NCAA men's titles by Georgetown in 1984 and Villanova in 1985.
- NCAA women's basketball title by Connecticut in 1995 and two other Final Four appearances (1991 and 1996).
- An NCAA Women of the Year Award (Nnenna Lynch, Villanova, 1993).
- An NCAA record six straight national women's cross country titles by Villanova (1989-1995).
- All-Americans in men's soccer (24), baseball (30), softball (nine), men's swimming and diving (49), women's swimming and diving (20), women's soccer (eight) and field hockey (26).

Since 1983, The BIG EAST Conference Tournment has been a fixture at Madison Square Garden and is sold out annually.

More than 250 BIG EAST athletes have earned All-America recognition, and dozens have won individual NCAA national championships. The BIG EAST has been well-represented in U.S. or foreign national and Olympic teams, with several athletes earning gold medals in the summer Olympiads in Atlanta in 1996, Barcelona in 1992, Seoul in 1988 and Los Angeles in 1984.

The BIG EAST Conference became a reality on May 31, 1979, following a meeting of athletic directors from Providence College, St. John's, Georgetown, and Syracuse Universities. Seton Hall, Connecticut, and Boston College completed the original seven school alliance. Further expansion included Villanova (1980-81), Pittsburgh (1982-83), and Miami (1991-92). Rutgers, West Virginia, and Notre Dame began play in 1995-96.

Only two men have served as BIG EAST Commissioner. Dave Gavitt, former basketball coach and athletic director at Providence, was succeeded by longtime associate Michael Tranghese on June 21, 1990. Tranghese supervises operations from the Providence league headquarters, where the conference staff administers to 5,000 athletes in 19 championship events.

The Nation's Most Televised Conference

The BIG EAST will again be the most televised basketball conference in the nation. BIG EAST teams will receive more national exposure than any other league, and Creative Sports will produce primetime and weekend afternoon games for syndication on a regional and local market basis.

TV Tidbits

BIG EAST SCHOOLS
are located in seven of the top 17 TV markets.

TV MARKETS
include one third of the nation's television homes.

NATIONAL EXPOSURE
the BIG EAST has exclusive multi-year contracts with CBS and ESPN.

CREATIVE SPORTS
produces primetime and weekend games for syndication.

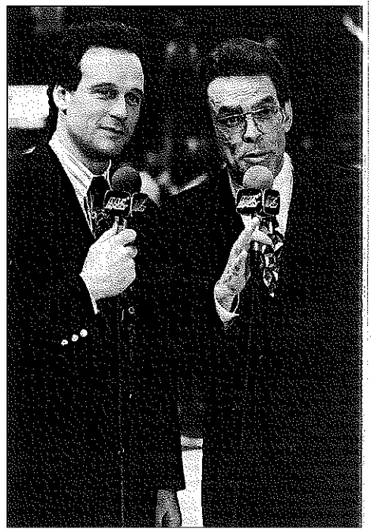

THE MOST TELEVISED
96 percent of last year's BIG EAST games were televised.

The BIG EAST has long been an innovative leader in its approach to negotiating and approving television packages for the league's member schools. BIG EAST schools are located in seven of the top 17 markets and eight of the top 26. BIG EAST television markets include one-third of the nation's television homes.

The league was the first to sign an exclusive contract with a major network (CBS) and a national cable network (ESPN). In 1985, the BIG EAST became the first league to act as its own syndicator by forming the BIG EAST Conference Television Network. Under the supervision of Commissioner Mike Tranghese and Senior Associate Commissioner Tom McElroy, the BIG EAST Network produced games for telecast in each school's local market from 1985 through 1995.

Currently, the BIG EAST is in the second year of a new multi-year agreement with CBS. The BIG EAST and CBS have been television partners for the past 13 years, the last 10 on an exclusive basis. The initial agreement was made in 1985. The current contract provides for a minimum of 18 appearances per season, including five conference games and at least eight intersectional contests.

The BIG EAST and ESPN have grown together. In 1979-80, ESPN began the "Monday Night Game of the Week" concept which was also the first year of existence for the BIG EAST. ESPN and the BIG EAST are in the second year of a new agreement which will run for six seasons. ESPN will provide at least 50 basketball appearances per year and ESPN2 will have at least 26 per season. BIG EAST games will once again be featured in ESPN's Big Monday and Wednesday night formats. ESPN and ESPN2 will once again carry the entire BIG EAST Tournament this year, with the semifinals and championship game televised in primetime on ESPN.

Ron Perry and Mike Gorman will once again call the shots for BIG EAST games.

1995-96 Season Recap

Nov. 24—MIAMI 81, NORTHEASTERN ILLINOIS 58:

Twelve different players scored for the Hurricanes as they opened the 1995-96 campaign with an 81-58 victory over Northeastern Illinois in the Miami Arena. Alex Fraser led the 'Canes with 12 points and Steven Edwards added 11.

Leading 8-7 with 16:59 remaining in the opening half, Miami scored 13 unanswered points over the next 3:58 to take command of the game. Fraser scored eight of his team-high 12 points during the decisive run.

The Miami bench proved too much for the Golden Eagles as UM received 39 points and 31 rebounds from its reserves.

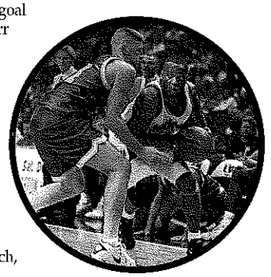

The Hurricanes also established new Miami Arena collegiate records with 61 total rebounds and a +31 rebound margin (61-30). Tim James, playing in his first collegiate game led the 'Canes in rebounds with eight. He became the first player to lead UM in rebounds in his first game as a Hurricane since Joe Wylie pulled down 12 rebounds in the 1988-89 season opener.

Miami held the Golden Eagles to 34.8 percent (23-66) shooting from the floor, including 1-13 (.077) from three-point range. Andrell Hoard, who shot 10-29 from the floor (0-6 from three-point range), led NEIU with a game-high 23 points.

Nov. 27—MIAMI 76, FLORIDA ATLANTIC 56:

Steve Frazier scored 17 points to lead the 'Canes to a 76-56 victory over Florida Atlantic at FAU Gymnasium. The 17-point performance was one shy of his career-high set against St. John's on Jan. 22, 1994.

Frazier hit his first five three-point field goal attempts, to fall one short of tying Samarr Logan's school-record of six straight against Boston College in 1990.

Steve Rich (12 points, six rebounds in 12 minutes), Steven Edwards (12 points) and Alex Fraser (10 points and a team-high seven rebounds) each scored in double figures for the 'Canes. Edwards scored the 75,000th point in UM history when he nailed a three-point field goal 25 seconds into the contest. Miami outrebounded the Owls, 44-29, and outscored the FAU bench, 45-10.

Craig Buchanan and Rob Ritter each scored 14 points to lead the Owls and Machael Harvey added 11. The Owls shot just 41.2 percent (21-51) from the floor.

The victory was UM's first in five BIG EAST openers and gave the 'Canes a share of first place in the conference for the first time in their history. UM's Steven Edwards also scored in double figures with 15 points.

With the score tied at 67 and 3:01 left in the contest, Clark stole the ball from Seton Hall's Danny Hurley and drew a foul two seconds later. Clark converted one of two from the line and put UM ahead to stay. He also scored on a layup and completed a three-point play with 2:20 left to put UM up four, 71-67. The 'Canes then added a Fraser layup and seven free throws in the final two minutes to clinch the victory.

Adrian Griffin led the Pirates with 19 points, Levell Sanders added 16 points and Hurley contributed 12. Donnell Williams scored 11 points off the bench for The Hall and Bayonne Taty grabbed a game-high 10 rebounds.

The 24-point performance by Clark was the second highest total by a Hurricane in a BIG EAST debut. Forward Steve Rich set the school record with 25 points at Syracuse on Dec. 22, 1993.

Dec. 5—VILLANOVA 70, MIAMI 68:

The Hurricanes came within inches of upsetting second-ranked Villanova as Kevin Norris' 60-foot shot at the buzzer bounced off the front of the rim and gave the Wildcats a hard-fought 70-68 victory over UM in the Miami Arena. The desperation heave by Norris ended a wild 61 seconds in which UM rallied from a nine-point deficit to tie the game at 68, only to lose when Kerry Kittles picked up a loose ball and scored on a layup with 1.8 seconds remaining.

The Hurricanes jumped out to a 28-19 lead with 7:22 left in the opening half after hitting five straight three-point field goal attempts. But in their final 16 possessions of the half, UM committed seven turnovers and shot 2-11 from the floor as Villanova took a 37-34 halftime lead.

Miami then mounted its rally and when Edwards hit his first trey of the contest (with 5:29 left) to become The BIG EAST Conference all-time leader (167), the 'Canes trailed by just two, 45-43. The 'Canes took their only second-half lead 29 seconds later when Edwards hit another trey. The 'Canes shot just 24 percent (6-25) in the first half and were held without a field goal the final 8:19 of the half. The 16 first-half points Miami scored were a season-low for a half.

The 'Canes cut the PC lead to 11 points on three occasions in the second half, but could get no closer. Miami trailed 63-52 with 2:39 left in the contest, but Providence closed the game with a 14-2 spurt to record the victory. The Friars improved to 14-8 overall and 7-7 in the BIG EAST while UM dropped to 11-10 overall and 5-8 in BIG EAST play.

Feb. 17—WEST VIRGINIA 72, MIAMI 69:

Greg Simpson's 18-foot jumper with 20 seconds remaining and a pair of free throws by Cyrus Jones with 4.5 seconds left allowed the Mountaineers to hold off a second half surge by the Hurricanes and record a 72-69 victory before 10,065 fans at the WVU Coliseum. Simpson scored a game-high 18 points (11 in the second half) to lead the Mountaineers who also received 16 points from Damian Owens and 14 from Jones.

Torey McCormick, making his first start since Dec. 20, 1994 at Clemson, scored a season-high 16 points (14 in the second half) and Steve Rich, who was limited to just 39 minutes in the previous four games while battling a viral infection, returned to the starting lineup for the first time in five games and responded with 16 points and a game-high 11 rebounds. The double-double was his second of the season and fifth of his career. The Mountaineers limited Steven Edwards to two points and snapped his streak of 34 consecutive BIG EAST games (a UM record) with at least one three-point field goal made, holding the senior to 0-6 shooting from behind the three-point arc.

Miami continued to suffer first-half woes and for the 10th straight contest the 'Canes found themselves down by at least eight points in the opening half. After tying the game at 2-2, Miami allowed West Virginia to go on a 10-0 run. The 'Canes cut the lead to four, 12-8, but the Mountaineers pushed it to a game-high 14 points (32-18) before settling for a 32-21 lead at the half. West Virginia shot 50 percent from the floor in the opening half while holding the 'Canes to 34.6 percent shooting (9-26).

In the second half the Mountaineers enjoyed a 65-54 advantage with 4:40 remaining and appeared to be cruising to victory before the 'Canes mounted one final rally. Miami scored the next 10 points and pulled to within a single point when Alex Fraser made a layup with 1:59 remaining. West Virginia pushed the lead back to four points but a three-point play by Rich pulled UM within one again with under a minute to play. Simpson then drained his jumper with 20 seconds left, McCormick responded with a pair of free throws with 5.1 seconds left and Jones hit a pair of free throws with 4.5 seconds remaining to push the lead back to three. Miami had one final chance, but Kevin Norris missed a three-point attempt from the right corner at the buzzer. The loss was Miami's third straight and dropped the 'Canes to 11-11 overall and 5-9 in the BIG EAST. West Virginia improved to 10-13 overall and 5-10 in the BIG EAST.

Feb. 20—MIAMI 96, ST. JOHN'S 91 (2OT):

Steve Rich turned in one of the finest individual performances in UM history, scoring a career-high 43 points and grabbing a game-high 13 rebounds as the 'Canes rallied to record a 96-91 double-overtime victory over St. John's in the Miami Arena. Freshman Tim James tied his career-highs in both points (22) and rebounds (nine), blocked four shots and scored six of UM's eight points in the first overtime period in a career-high and UM BIG EAST single-game record 43 minutes.

Rich, who set the UM BIG EAST single-game record for points (43), points in a half (22 in the second half), points in an overtime period (seven in the second OT), field goals made (18) and field goals attempted (25), sent the game into overtime with a six-foot jumper with 3.6 seconds left in regulation. Rich also sent the game into the second overtime period when he connected on a free throw with 36 seconds left in the first extra session. He put UM ahead to stay when he hit a pair of free throws with 3:52 left in the second overtime.

The 43-point performance by Rich tied Dana Barros (43 vs. Pitt on Jan. 7, 1989) for the third highest scoring output in a BIG EAST game and tied for the second highest individual scoring output in a Division I game during the 1995-96 season (two shy of the top performance).

The victory allowed UM to set a school BIG EAST record for its largest second half comeback. UM, which had previously never rallied from more than eight points down in the second half of a BIG EAST game (once each in 1992 and 1993 UM rallied to defeat SJU from eight down in the second half), overcame a 12-point second half deficit en route to the victory. UM trailed the Red Storm by 12 points on five occasions in the second half, the final time coming with 8:29 left in regulation (64-52).

UM also set school BIG EAST single-game records in points (96), field goals made (33), field goals attempted (77), offensive rebounds (27), total rebounds (54) and free throws made (28).

The victory was UM's third straight over St. John's, setting another Hurricane BIG EAST record and gave Miami a 5-4 lead in the nine BIG EAST meetings. The 'Canes own a 4-1 record against the Johnnies in the Miami Arena.

Miami is now 3-1 in BIG EAST overtime games since joining the conference and has won its last three overtime affairs.

The Hurricanes, who snapped a three-game losing streak, improved to 12-11 overall with the win and 6-9 in the BIG EAST while St. John's dropped to 10-13 overall and 4-11 in the conference.

Feb. 25—RUTGERS 71, MIAMI 55:

Damon Santiago scored a game-high 24 points, including the 1,000th point of his collegiate career, as the Scarlet Knights rolled to a 71-55 victory over the Hurricanes before a crowd of 8,012 in the Louis Brown Athletic Center. Rutgers also received a boost off the bench from junior forward Johnny McCrimmon who added a season-high 17 points.

Steven Edwards recorded team-highs in points (20) and rebounds (seven) to lead the Hurricanes. Steve Rich added 12 points and six rebounds for the 'Canes and Tim James totalled 11 points. Junior guard Anthony Rosa, UM's lone New Jersey resident, had a game and career-high five steals and also led UM with three assists.

Rutgers scored the first eight points of the contest and never looked back. The lead reached 12 on two occasions in the first half before the Scarlet Knights settled for a 35-25 halftime lead.

1995-96 Season Recap

Miami cut the lead to single-digits, 38-29, with 17 minutes left in the game, but Rutgers responded with a 15-3 run to push the lead to a game-high 21 points (53-32) with 10:07 left and put the game away.

Feb. 26—JAMES EARNS WEEKLY HONORS:

Tim James was named BIG EAST Conference Rookie of the Week for the third time after leading the Hurricanes to a split of their two league games. James totalled 33 points, 13 rebounds and five blocked shots in the two games. He shot 11-20 (.550) from the floor and 11-13 (.846) from the foul line. In UM's 96-90 double overtime win over St. John's, he matched his career-high in points (22) and rebounds (nine) and also set a UM BIG EAST record for minutes played (43).

Feb. 28—MIAMI 71, NOTRE DAME 59:

The Hurricanes scored the final 18 points of the first half to seize control of the contest and record a 71-59 victory at Notre Dame, UM's largest in a BIG EAST road game. Steve Rich and Tim James each scored 14 points to lead Miami and James grabbed a team-high eight rebounds. Steven Edwards contributed 10 points and added four assists while Torey McCormick, who was reinserted into the starting lineup, totalled nine points (all in the first half) and four assists.

Leading 23-17 with 7:54 remaining in the opening half the 'Canes shut out the Fighting Irish the remainder of the half to take a 41-17 point lead at the break. The 24-point halftime lead is UM's largest in a BIG EAST game surpassing the 16-point halftime advantage UM enjoyed over Georgetown on Feb. 4, 1995. The 17 points scored by the Fighting Irish also represented the fewest points scored against the 'Canes in a half during the 1995-96 season and the fewest allowed by UM in a BIG EAST game since holding Boston College to 14 first-half points on Feb. 22, 1992 (a span of 76 conference games).

The lead reached 26 points on two occasions in the second half and never got below 12 in the final 20 minutes. With the victory UM improved to 13-12 overall and 7-10 in BIG EAST play. Notre Dame, which received 20 points from Pat Garrity and 12 from senior Ryan Hoover who was playing his final home game, fell to 9-16 overall and 4-13 in the BIG EAST.

The victory gave UM its only BIG EAST two-game series sweep of the season and fourth since joining the conference. It also marked UM's only BIG EAST road win during the 1995-96 campaign.

Mar. 1—RICH NAMED PLAYER OF THE MONTH:

Steve Rich was named the Miami Hurricane Upper Deck Player of the Month for February. In eight games, Rich totalled 94 points (11.8 ppg), 41 rebounds (5.1 rpg), six blocked shots, three assists and two steals. He shot 37-68 (.544) from the floor and 20-28 (.714) from the foul line.

Rich, who was hampered by a viral infection which caused him to lose 17 pounds in 10 days and play only 39 minutes in the first four games of the month, was the 'Canes leading scorer and rebounder in three of UM's final four games in February. He turned in a career performance against St. John's on Feb. 20 when he exploded for 43 points and 13 rebounds in UM's 96-91 double overtime victory. The 43-point effort was the highest by a BIG EAST player during the 1995-96 season and was the most by a Hurricane since the rebirth of the program in 1985.

Mar. 2—MIAMI 66, PROVIDENCE 59:

In what seemingly became a routine event during the 1995-96 season, the Hurricanes rallied from a large deficit to record a home victory. UM trailed Providence, 56-44 with 7:48 remaining in the contest, before embarking on a 22-3 run in which they held the Friars to just one field goal the rest of the way. In each of its last five wins in the Miami Arena, UM had to come-from-behind. Steve Rich, who led the 'Canes with 18 points, scored 11 of UM's final 22 points to secure the victory. Steve Frazier made several big contributions for Miami and finished with 14 points, including two key free throws in the final minute. Michael Brown led the Friars with a game-high 19 points.

Rich, began UM's rally with a three-point play at the 7:25 mark and then pulled the 'Canes within one (56-55) by hitting a pair of free throws with 4:29 left. Austin Croshere put a brief stop to the 11-0 UM run by nailing a trey 17 seconds later, but the basket would be PC's final score of the night as the 'Canes scored the final 11 points of the game. Rich pulled the 'Canes within two with a short jumper and then put the 'Canes ahead to stay (61-59) with a field goal at the 1:24 mark. Miami then connected on five of its six free throw attempts in the final 30 seconds to record the win.

The 'Canes, who outrebounded the Friars, 46-36, held PC to 26.5 percent shooting (9-34) from the floor in the second half and 32.4 percent (22-68) for the game. Miami connected on 11-19 (.579) from the field in the second half. The 12-point second half deficit UM overcame matched the largest the 'Canes have overcome to win a BIG EAST game. Ironically, they set the record in their previous home game, against St. John's, just 11 days earlier.

Prior to the game UM honored seniors Steven Edwards, Lorenzo Pearson and Rich in their final home appearance in the Miami Arena.

With the victory, UM closed out the BIG EAST regular season with a 14-12 overall record and an 8-10 league mark, good for fourth place in the BIG EAST 7 division. Providence, which finished in third place in the BIG EAST 7 division, dropped to 16-10 overall and 9-9 in the conference.

Mar. 3—JAMES NAMED CO-ROOKIE OF THE WEEK:

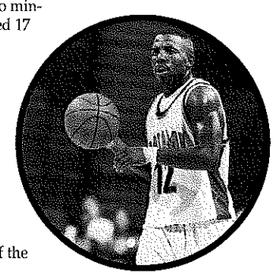

Tim James and James "Scoonie" Penn of Boston College were named BIG EAST Conference Co-Rookies of the Week. For James, it marked a UM record fourth time during the 1995-96 season he was named the league's top rookie, only Penn (five) was chosen more times. James tallied 22 points and 16 rebounds as the Hurricanes split a pair of conference games.

Mar. 4—JAMES SELECTED TO ALL-ROOKIE TEAM:

Freshman Tim James was named to The BIG EAST Conference All-Rookie team, marking the second consecutive year the Hurricanes were represented (Kevin Norris in 1994-95).

Mar. 6—MIAMI 77, RUTGERS 67:

Kevin Norris scored a season-high 20 points (one shy of his career-high) and recorded seven assists to lead the Hurricanes to a 77-67 victory over Rutgers in the opening round of the 1996 BIG EAST Tournament. With the 'Canes clinging to a 63-62 lead with 4:36 remaining, Norris scored the next nine points of the contest over a span of 3:49, including four straight free throws in the final two minutes of the game. Steven Edwards scored 17 points (12 in the first half) for the Hurricanes including a school BIG EAST Tournament record five three-point field goals. Tim James, with 12 points, was the only other Hurricane to score in double figures. Steve Frazier added seven points and tied Norris with a game-high (and UM BIG EAST Tournament record) seven assists. The seven assists established a career-high for Frazier.

Miami scored the first four points of the contest only to have the Scarlet Knights answer with five straight points. The one-point Rutgers lead would be short lived and mark the only time the Scarlet Knights would enjoy an advantage. The 'Canes scored the next 16 points and never trailed the remainder of the contest. The 16 unanswered points, which marked the second best consecutive string of the season by UM, was keyed by three treys from Edwards. The 'Canes led the contest 41-32 at the break.

Geoff Billet led Rutgers with a game-high 25 points on 9-15 shooting (7-12 from three-point range) and Billy Gilligan added 14 points on 5-7 shooting (2-3 treys).

Miami outshot the Scarlet Knights, 51.9 percent to 39.1 percent and outrebounded RU, 39-32. With the victory UM improved to 15-12 on the season and with the loss Rutgers ended its first season as a member of The BIG EAST Conference with a 9-18 record.

Mar. 7—GEORGETOWN 92, MIAMI 62:

Allen Iverson and Jerome Williams proved to be too much for the Hurricanes to handle as Georgetown (#6 AP/#6 *USAT*/CNN) eliminated Miami in the quarterfinal round of the BIG EAST Tournament with a 92-62 victory. Iverson totalled 38 points and six assists while Williams contributed 20 points and a game-high 16 rebounds.

The Hoyas, who led 41-38 at intermission, scored the first 10 points of the second half and Miami never got closer than 12 points the remainder of the game. Georgetown shot 54.4 percent from the floor and outrebounded the 'Canes, 44-34.

Tim James led UM with 16 points and nine rebounds and Steve Rich added 15 points and five rebounds. The loss ended UM's season with a 15-13 overall record for the second consecutive season.

University of Miami Hurricane

It lay silent for 14 years. Collecting dust and going unnoticed, the Miami basketball program was the Rip VanWinkle of college basketball from 1971 to 1985. Now, Hurricane Basketball is back. In a big way.

Since 1985 the Miami program has undergone such dramatic and frequent changes, it seemed that the Hurricanes were continually entering "a new era." First came the "Era of Miami Basketball" itself. Then came the "Bill Foster Era," followed by the "Tito Horford Era," "The Leonard Hamilton Era," and finally "The BIG EAST Era."

The latest step taken by the blossoming Hurricane program serves as the most dramatic in the 46 seasons and 70 years since the team's formation. With the entry into the BIG EAST Conference, the University of Miami not only shed its previous life-long status as an independent, it entered the ranks of the most competitive and successful basketball conference in the nation.

The road to conference affiliation in the BIG EAST has not been an easy one for those who have thirsted for basketball in this continually prospering section of the country. Moreover, the previous path traveled by Miami basketball players, coaches and fans was dotted by flashes of brilliance, color and sometimes disappointment.

Here is a capsule summary of the 70 years of Miami basketball that have intermittently played a part in the history of the athletic program at the University and its neighboring community.

The 1920s: Miami's First Time

- The Hurricanes fielded a freshman team in **1926-27**, finishing 7-1 under **Head Coach Art Webb**.
- In **1927-28**, the first official varsity basketball team at the University of Miami posted an 8-4 mark, knocking off **Rollins, 51-15,** in the opener.

The 1930s: A Missing Link

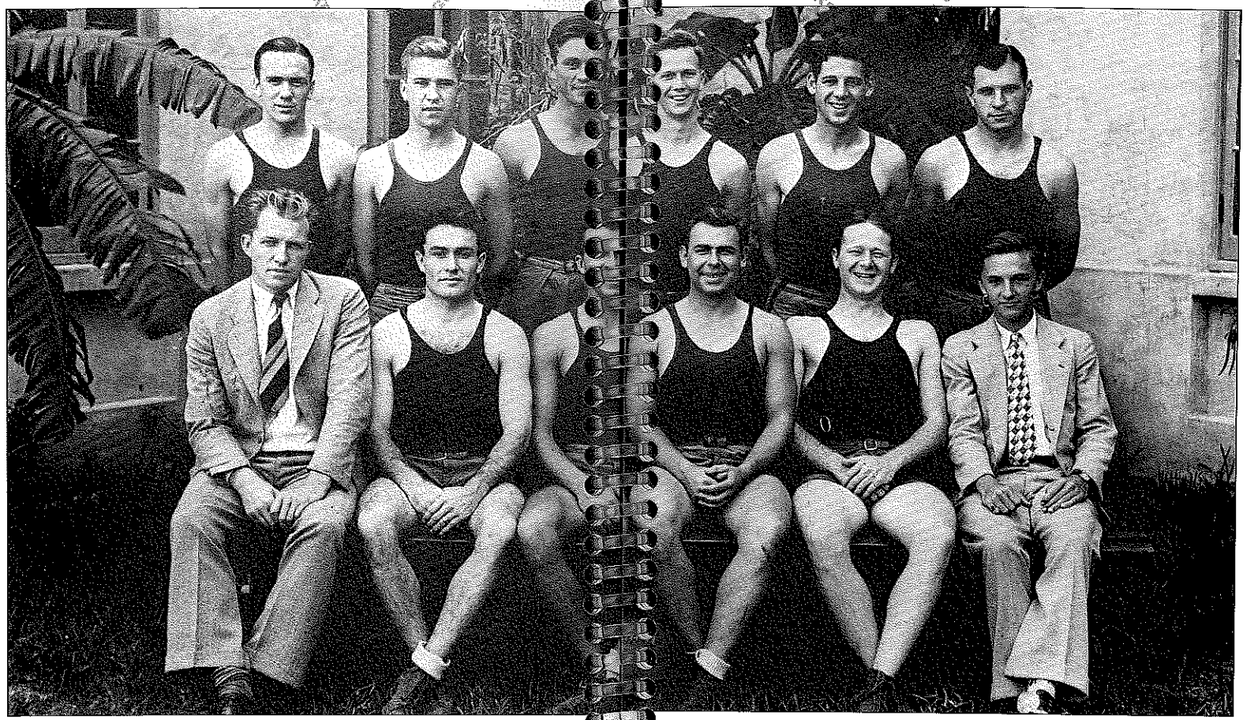

- Miami records list no official results from 1932 through 1938. During that period of time, representatives from the school played local AAU and church sponsored teams under **Coach Tom McCann**.
- The Hurricanes returned to intercollegiate competition in the **1938-39** season, posting a 4-6 record under **Head Coach Hart Morris**.

The 1940s: World War II Stops Play

- Like many other institutions across the nation, Miami dropped intercollegiate basketball during the war years of **1942-1945**.
- Morris returned as head coach along with the program in 1946 and was the UM mentor until 1952 when Dave Wike took over for a two-year stint as the UM coach.

The 1950s: UM's Glory Years

- In **1954**, the University named **Bruce Hale** as its head basketball coach. The retired Air Force captain and former professional basketball star held the UM head coaching post for 13 seasons, leading the Hurricane program through its glory years of intercollegiate basketball. Before the end of Hale's tenure in 1967, the Hurricanes won 220 games and lost 112 for a .663 winning percentage. Hale's first Miami team turned in a 9-11 record, but there were no other losing campaigns in the next 12 years. The streak of non-losing seasons extended through the 1968-69 season – marking 14 consecutive campaigns of .500 basketball or better for UM.

The 1928-29 Miami Hurricanes recorded a 13-6 overall record.

- Hale's **1959-60** club was the only UM men's basketball team to ever advance to the **NCAA Tournament and finish the season ranked in the Associated Press Top 10**. That 1959-60 edition ran its record to 23-3 before bowing to Western Kentucky, 107-84, in the first round of the tournament.
- During that historic '59-60 NCAA Tournament year, junior guard **Dick Hickox** became the first UM basketball player to earn All-America recognition. Hickox averaged 22.1 points per game during that season en route to becoming a second-team AP and UPI All-American.

The 1960s: Rick Barry's All-American Years

- The Dick Hickox-led Hurricanes of **1960-61** returned to post-season play — falling in the first round of the **NIT** to **St. Louis, 58-56**. The 1960-61 squad compiled a 20-7 record.
- In **1962-63**, Miami advanced to the second round of the **NIT** before falling to **Providence, 106-96**. An opening round NIT victory over **St. Francis (NY), 71-70**, marks the only Miami victory to date in post-season play.
- From **1962 through 1965**, Miami recorded three consecutive 20-win seasons, rolling up a composite record of 65-16. The star of these Hurricane glory teams was a brilliant scorer named **Rick Barry**.
- **In 1964-65, Barry** became the Hurricanes' only **consensus All-America** selection. The 6-7, 200-pound native of Roselle Park, New Jersey led the nation in scoring with a 37.4 average in his senior season. He went on to become the only player in basketball history to win single-season scoring titles in the NCAA, ABA and NBA. He was inducted into the Basketball Hall of Fame in Springfield, MA, in 1986.

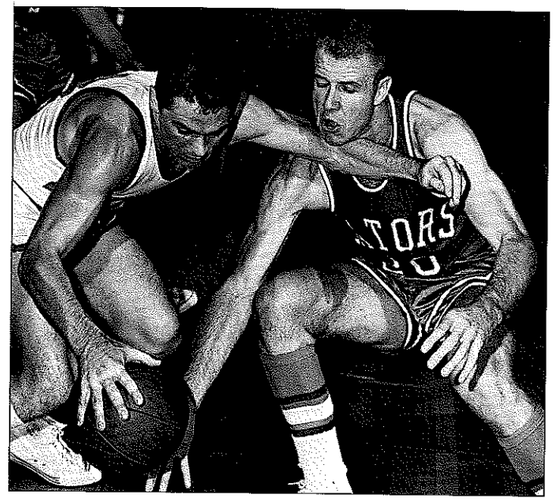

Rick Barry
UM's 1st Consensus All-American (1962-65)

- The **1964-65** Miami squad, led by Barry's scoring brilliance, established a new **NCAA scoring record** by averaging **98.4 points per game**. The 'Canes, however, were not allowed to participate in the NCAA Tournament that year — after posting a 22-4 record — because of recruiting violations.
- Bruce Hale resigned after 1966-67 and assistant **Ron Godfrey** assumed the head coaching responsibilities.

The 1970s: First Era Ends

- **Don Curnutt** closed out his Miami basketball career in **1970** as the Hurricanes' third and last player to receive All-America recognition.
- **February 27, 1971 — The last victory by a University of Miami men's basketball team** came in the second to the last game of the season, a **100-94** triumph over **Florida State** at home in the **Dinner Key Auditorium**. The 'Canes shot a season-high 62.5 percent from the floor as all five Miami starters scored in double figures.
- **March 1, 1971** — After posting a four-year record of 47-56 at Miami, **Ron Godfrey resigned** his post as head basketball coach, effective following Miami's final game of the season against nationally ranked Jacksonville.
- **March 2, 1971 — The last game played by a University of Miami men's team until 1985** took place at the Dinner Key Auditorium where one of the largest UM home crowds in years turned out to see the Hurricanes host nationally ranked Jacksonville. The Dolphins handed Miami a 94-75 loss that remained as UM's last contest for the next 14 years.
- **April 22, 1971** — The University of Miami Board of Trustees voted to drop the sport "temporarily until such time as a permanent field house can be constructed on the main campus." Sagging attendance figures and serious financial losses were also believed to contribute to the discontinuation of basketball at UM.

Basketball History - 1926-1996

Dick Hickox was named UM's first All-American in 1960. He led UM to a 23-3 record, the Hurricanes' first NCAA tournament and the school's only final regular-season Associated Press Top 10 ranking.

In 1983: UM Commits To Rebuild

- **July 15, 1983 — Sam Jankovich** was named athletic director at the University of Miami. Coming to UM after a successful stint as the athletic director at Washington State, Jankovich immediately announced that the resurrection of men's basketball at Miami would be his primary priority in the early months of his tenure, enabling UM to have "one of the nation's most complete and visible overall programs in the country.
- **October 12, 1983** — The University of Miami Board of Trustees unanimously voted to reinstate men's basketball at the University of Miami. The Board made the decision after reviewing a report submitted by newly hired Athletic Director Sam Jankovich which stated that men's basketball can be a revenue-producing venture. Moreover, nearly $500,000 had already been raised in support of bringing basketball back to the University. It was also announced that the Hurricanes would be ready to compete on the **Division I level in the 1985-86 season**, and the downtown **James L. Knight Center** was home for the reborn program.

"This is an exciting day for the University and for the athletic program," **UM President Edward T. Foote II** said. "And we are keeping in mind the priorities of academics first and athletics second ... we are pleased that the changes in the economics of intercollegiate basketball allow the University to resurrect one of the country's most popular sports. We look forward to welcoming these Hurricanes home again."

The new all purpose structure – located between the Hecht Athletic Center and the Greentree Track would be funded through a gift from the **James L. Knight Charitable Trust.**
- The first phase of the 1985-86 basketball schedule was also announced on this day, and the line-up included such perennial powers as North Carolina, Georgia, Notre Dame, Marquette and Dayton.
- **October 15, 1984 –** The first men's basketball practice session in over twelve years was held on the patio in the center of campus. More than 200 members of the student body participated as Foster and his assistants searched for prospects under the warm Florida sun.

The facility now serves as the practice home to the men's and women's basketball programs while also housing the men's basketball coaching staff offices. In addition, the Knight Sports Complex enabled the athletic program to more than double the size of the existing strength room, while also providing meeting rooms and lecture rooms for all of Miami's student athletes. The structure is located between the Hecht Athletic Center and the Greentree Track.
- **November 22, 1985 –** The brand new era of Hurricane basketball was ushered in by a young UM squad which defeated **The Citadel, 85-77,** in front of a sellout crowd of 4,984 at the Knight Center. **Dennis Burns (24 points), Kevin Presto (22) and Eric Brown (21)** combined to lead the Miami offense, while **Bryan Hughes** enjoyed the distinction of scoring Miami's first point in 14 years (a free throw with 18:34 remaining in the first half).

Retired Jerseys

The only basketball jersey that has been retired at the University of Miami is number 24 in honor of Rick Barry, the Hurricanes' all-time leading scorer. Barry, who is UM's lone consensus first team All-American, led the Hurricanes to a 65-16 record and a pair of post-season berths in this three years. Barry, who finished his UM career with 2,298 points and 1,274 rebounds, is the only Hurricane to top both the 2,000-point and the 1,000-rebound barrier. He still owns five UM career records and numerous single-season records. Barry was inducted into the Basketball Hall of Fame in Springfield, MA in 1986. He is the only player in basketball history to win single-season scoring titles in the NCAA, NBA and ABA.

Leonard Hamilton with 1996-97 captains Torey McCormick (left), Kevin Norris and Alex Fraser.

WINZ & Paxson Sports

For the second straight year, WINZ Radio (940 AM), a Paxson owned station, will serve as the flagship station of University of Miami basketball and will provide daily Hurricane reports in morning and afternoon drive time. Veteran play-by-play announcer Sonny Hirsch returns for his 26th season as the "Voice of the Hurricanes". He will once again be joined by UM graduate Dave LaMont, who will provide the analysis and Phil Latzman, who will anchor the pregame show. WINZ will carry a half-hour pre-game show before each Hurricane contest and will also broadcast a post-game show featuring an interview with UM Head Coach Leonard Hamilton.

Every regular season and post-season contest will be broadcast live on the Hurricane Radio Network. This year the Hurricanes can be heard on 11 different stations throughout the state of Florida.

Hurricane Hotline

WINZ will also serve as the home for Hurricane Hotline, a one-hour call-in radio show broadcast live every Thursday during the season featuring Coach Leonard Hamilton and his guests. Sonny Hirsch will serve as the host of the program which will air from 6-7 p.m.

WVUM (90.5 FM)

WVUM Radio, the University's student radio station, will broadcast all Hurricane home games and the 1997 BIG EAST Tournament. Sports Director Jason Solodkin, Bryan Dolgin and Randy Wehofer will serve as the announcers for the majority of the WVUM broadcasts.

WVUM will also broadcast a half hour pre-game show before every Hurricane home BIG EAST contest and a post-game show with assistant coach Mike Jaskulski after every broadcast. Additionally, WVUM hosts a weekly sports show from 4-5 p.m. on Thursday which will include a college basketball segment with Hurricane assistant captain Torey McCormick.

SportsChannel Florida

SportsChannel Florida will serve as the primary television home for UM basketball for the second straight season. The regional cable outlet will broadcast 13 University of Miami games, including 10 BIG EAST Conference clashes.

SportsChannel will also air a half-hour season preview on the Hurricanes, hosted by Frank Forte, in the month of November and a post-season special in April.

WPLG-CHANNEL 10

WPLG-Channel 10 will broadcast the Hurricanes' away games at Georgetown on Jan. 4, at Villanova on Jan. 11 and at St. John's on Feb. 22. The games which will be produced and distributed by Creative Sports, Inc. are part of the BIG EAST Game-of-the-Week syndicated package.

ESPN/ESPN2

The Hurricanes will make a minimum of four appearances on the national cable outlets this season. Miami's Feb. 2 contest at Rutgers and its Feb. 5 game against Pittsburgh will both be telecast on ESPN. The 'Canes will make an appearance on ESPN2 when they travel to Seton Hall on Feb. 10.

Dan Bonner of ESPN interviews UM Head Coach Leonard Hamilton after a Hurricane victory.

For the second straight year ESPN has secured the rights to the BIG EAST Tournament. All BIG EAST Tournament games will be shown live on either ESPN or ESPN2, assuring the 'Canes of at least one more appearance on the national cable outlets. ESPN currently reaches more than 69.8 million homes and ESPN2 is in 37.9 million households.

Creative Sports

Creative Sports, Inc., purchased the rights to all BIG EAST games not shown on CBS or ESPN. Under the terms of an agreement with the conference and its member schools, Creative Sports owns the rights to all games not nationally televised and will produce the games for regional syndication and local market viewing.
