COMPLIANCE MVP

This month's MVP comes to us from Football.

We would like to thank Justin Wells for his support and help with the Compliance Office.

IN THE NEWS

University of North Carolina at Greensboro

The (former) assistant women's basketball coach and (former) assistant director of the institution's nonprofit athletics fundraising organization participated in impermissible sports wagering activities. This included placing bets on games involving UNCG's men's basketball team. Several members of the athletic department staff, including the assistant director of compliance, failed to report the gambling violations. In addition to participating in impermissible sports wagering activities, the assistant coach failed to cooperate with the investigation.

PENALTIES:

- Three (3) years of probation
- 15-year show cause order for the former assistant coach
- 4-year show cause order for the former assistant director
- \$15,000 fine

KEY TAKEAWAYS:

Student-athletes, coaches, conference office staff members, institutional athletics staff, and nonathletics institutional staff who have responsibilities within or over the athletics department (e.g., president, faculty athletics representative) may not bet on amateur, collegiate and professional sports in which the NCAA conducts a championship.

NCAA rules prohibiting sports wagering were established to protect student-athlete well-being and ensure the integrity of competition.

Institutions, current and former institutional staff members, and prospective and enrolled student-athletes of member institutions must instruct their legal counsel and/or other representatives to cooperate fully in institutional and NCAA investigations.

INSTITUTIONAL CONTROL AND SHARED RESPONSIBILITY

All individuals performing work for the University of Miami, regardless of full-time, part-time, or volunteer status are considered institutional staff members. Institutional staff members are obligated to comply with NCAA, UM and UM Athletics Department policies regarding collegiate athletics and our student-athletes. This obligation includes a shared responsibility to act ethically; a responsibility of not only self-accountability but also holding each other accountable for the high standards associated with honesty and sportsmanship.

As a University of Miami employee, we all share the responsibility of reporting unethical conduct and NCAA rules violations to ensure our NCAA eligibility as a Division I member-institution.

All violations are required to be submitted to Blake James or Craig Anderson

COMPLIANCE
TIP OF THE MONTH

HEAD COACH ACCOUNTABILITY - The head coach is presumed to be responsible for the actions of all assistant coaches and staff members who report, directly or indirectly, to the head coach. An institution's head coach is responsible for promoting an atmosphere of compliance within his or her program and must monitor the activities of all assistant coaches and staff members involved with their program.

LEGISLATION EFFECTIVE AUGUST 1

2018-118 Awards, Benefits and Expenses - Medical Expenses - Mental Health Services and Resources. Requires that institution's make mental health services/resources available to student-athletes through the athletic department and/or the institution's health services or counseling services department.

2018-116 Recruiting - Unofficial Visit - Complimentary Admissions - Reserving Game Tickets for Additional Individuals. Institutions can now reserve tickets (in addition to permissible comp. admissions) for use of additional individuals accompanying a prospect during an unofficial visit, and for seat locations adjacent to complimentary seats being provided to PSA; the tickets must be purchased by the additional guests at face-value.

2018-115 Recruiting - Official Visit - Complimentary Admissions - Maximum of Five. Reduces from 6 to 5 the maximum number of comp. admissions that may be provided to a prospect and those accompanying the prospect on an official visit.
