Miami - Regional Final

Thomas Oosterbroek

(on mindset coming into this game) - "We knew last year was also a big game. We were in it all the way through the first half, the second half we kind of let off the gas and let them take control. This time around half we wanted to make sure that we were the ones putting our foot on the gas and keep moving towards what we've been working all year for."

(on if last year's game provide more motivation) – "Definitely, I mean to have gone to the Elite 8 last year we wanted to do more than that. We felt like it just slipped out of our hand so we wanted to make sure that we really got it this time."

(on the feeling of going to the Final Four) - "I mean it's the Final Four and we're not done yet, we've still got two more games to play. I think the whole squad knows that. We're going to take our time to celebrate now, but as soon as we get back to Miami we're ready to work again for sure."

Anthony Walker

(on what did it feel like making it to the Final Four) - "I mean I can't even put it into words, especially for me being here for four years and having the rocky start that I had my first couple years. Just being able to look up and see that we are one of the final four teams left, it's just once in a lifetime."

(on what we're you thinking of in the moment) – "Yeah I was just thinking of my mom, she couldn't be here, but yeah I just wanted to hug her. All the sacrifices she's made for me to just even be in a jersey is crazy."
