Nebraska vs. NJIT

POSTGAME QUOTES: NEBRASKA 18, NJIT 4

WILL BOLT, Nebraska Head Coach

RE: Takeaways And Thoughts On Pitcher Shay Schanaman

"Yeah we really needed him to have a good outing and get us deep into the game and save some of the pen like you said. Equally important is that we were able to get a big lead, you know just get the run early and the big inning really allowed us to make some moves there and get some guys off feet. Shae was really good, he pounded the zone. I thought his fastball was good. It had life to it, you know and he kept his pitch count down."

RE: Double Header

"Yeah, I mean you got a lot of guys feeling pretty confident going into the game tonight at the plate. I mean we were on the barrel, up and down the lineup and we didn't give away many at bats. Yeah, I think we were very competitive and we saw some good results as a result of it."

RE: Pitching Tonight

"Yeah, I mean we'll go (Kyle) Perry in the next game here and extend him out as long as he can go and then we got some other guys and it's probably going to be all hands on deck here just being able to find a way to get to tomorrow."

SHAY SCHANAMAN, Nebraska RHP

RE: Overall Performance

"Yeah, no I didn't honestly feel as sharp as I could have been but I was able to miss barrels and get a lot of quick outs and that's what helped me get deep into the game instead I walked a few too many but, just the quick outs were key and just missing barrels and did what I needed to do to save some arms."

RE: Pressure

"Yea, no there wasn't any added pressure, it was the same as any other start because I'm trying to go nine every start so, it felt the same and um it worked as quick with the trigger you know to get me out of there and get to the pen so that was kind of nice so but you know I'm happy about how it turned it out and you I'm glad I was able to do my job."

RE: Performance This Season

"You know in terms of length it was good, in terms of just giving up the one that was good, but you know I wasn't as sharp as I have been in game. I thought that I could have done more, but I'm happy obviously with how it turned out, got the win but, I don't rank it up there more than any other I'm just happy we were able to get the win and able to move on and save some arms because we are going to need it tonight and tomorrow."

JOE ACKER, Nebraska RF

RE: Close To Getting The Cycle

"Nobody let me know in the dugout, but the fans were letting me have it pretty good and letting me know about it. I think it was an older man, an Arkansas fan, that had let me know. I don't know if it was before the at bat I had walked, I'm not sure, but I wasn't even aware of it. I wasn't even thinking about it to be honest with you until he said something and I was like, oh yea h shoot I am just a double away and it probably got the best of me that last at bat, probably was a little too antsy in the box, just a little too aggressive."

RE: Approach Heading Into The Game

"Yeah, I mean that's kind of what this team's done all year and when we're supposed to take care of business, we take care of business and that was what we had to do that game one. We knew if we wanted to keep playing baseball this weekend we were going to have to take care of a good team and we did that."
