# HUSKERS READY TO KEEP CLIMBING IN 2023-24

Gentry Scheve, Will Marshall and Harry Crockett were recognized as Nebraska's Big Ten Golfers to Watch heading into the 2023-24 season.

The Nebraska men's golf team plans to continue building momentum in Head Coach Judd Cornell's second season leading the program in 2023-24.

Cornell, a former Husker golfer who also spent six seasons with the Big Red as an assistant before returning to guide the Nebraska program after three seasons as Creighton's head coach, has a solid nucleus of returning golfers this season.

He hopes to see Nebraska's more experienced golfers make significant strides on the course this season while also looking for greater impacts from young Huskers.

Will Marshall enters his fifth season at Nebraska as the Big Red's most experienced golfer. The graduate student from Elburn, Ill., posted a 73.68 stroke average over 28 rounds for the Huskers as a senior in 2022-23. He has competed in 61 rounds for Nebraska through his first four seasons in Lincoln while producing a 74.57 career stroke average.

Marshall was Nebraska's top finisher at four of 11 events last season, including a tie for 12th at the Seahawk Intercollegiate (March 26-27) and a tie for 16th at the season-opening Badger Invitational (Sept. 11-13). He is also a three-time Academic All-Big Ten selection.

Marshall, who was one of three Huskers to be recognized as a Big Ten Golfer to Watch for 2023-24, was joined on that list by senior Gentry Scheve and junior Harry Crockett.

Scheve enters his fourth season at Nebraska after recording a 73.35 stroke over 14 rounds for Coach Judd Cornell's team a year ago. The senior from Emporia, Kan., has competed in 26 rounds for the Huskers in his career, posting a 74.50 stroke average. Scheve came on strong late in the 2022-23 campaign for the Huskers, producing Nebraska's best finishes at its final two regular-season tournaments. He closed the regular season with a fourth-place finish at the Fighting Illini Spring Collegiate (April 22-23) after tying for 12th at the Tiger Collegiate in Columbia, Mo. (April 10-11). He has also earned Academic All-Big Ten honors.

Crockett (Oxsted, England) enters his second season as a Husker after transferring from Hutchinson (Kan.) Community College, where he was the 2021 NJCAA individual runner-up and a two-time first-team All-American for the two-time NJCAA Division I champions. As a sophomore at Nebraska in 2022-23, Crockett set the school single-season stroke average record (71.82) while playing in 11 rounds, including a third-place finish at the Purdue Fall Invitational.

Crockett was one of NU's top four finishers at each of the first four events to open the season, but did not compete during the spring semester for the Big Red. His return could provide a significant boost in Nebraska's hunt for postseason contention.

Reed Malleck also brings extensive college experience to the table for Nebraska's lineup. The senior from York, Neb., ranked second among the Huskers with 22 rounds played a year ago while posting a 74.86 stroke average. He posted a season-best tie for 25th at the Tiger Collegiate while also leading the Huskers with a tie for 28th at the Desert Mountain Collegiate in Arizona (March 4-5). Malleck is also a standout in the classroom as a 2022 Big Ten Distinguished Scholar.

Fellow Nebraskan Grant Jabenis also looks to increase his contributions in his second season with the Huskers. The Omaha Westside grad took third at The Prestige in Indio, Calif. (Feb. 20-22) to match Nebraska's top individual finish of the season. He competed in 20 rounds and posted a solid 74.50 stroke average. Jabenis joined Malleck, Scheve, Marshall and Davis Johnson in the Husker lineup at the 2023 Big Ten Championship to close the season.

Johnson, a sophomore from Chaska, Minn., competed in 11 rounds as a true freshman and posted a 76.00 stroke average, including a season-best tie for 36th at the Purdue Fall Invitational (Oct. 10-11).

Fellow freshmen Evan McDermott and Quinn Yost also saw lineup time for the Huskers a year ago and will be hungry for more in 2023-24.

McDermott, a sophomore from Spring Lake, Mich., led the Husker freshmen with 20 rounds

and a 75.45 stroke average, including a tie for 13th at the Stampede at The Creek.

Yost, a sophomore from Farmington, N.M., added a 76.06 stroke average over 17 rounds, including a tie for 17th at the Stampede at The Creek.

The Big Red will also be bolstered by the addition of senior Evan Myers (Northbrook, Ill.), junior Hamish Murray (Sydney, Australia) and freshman Rhett Hughes (Edmond, Okla.). Myers posted a 73.13 stroke over eight rounds in 2022-23, including a fifth-place finish at the Badger Invitational and a tie for 13th at the Huntsville Toyota Bearcat Invite (April 3-4). Murray comes to Nebraska after being named the Cameron University Athlete of the Year in 2023. He set the career stroke average record (73.325) at the Lawton, Okla., school and was named a second-team All-Lone Star Conference golfer.

Hughes was the runner-up at the Oklahoma Junior Amateur and took 10th at the Oklahoma Class 6A-1 State Championship.

The Huskers open the 2023-24 campaign at the first-ever Visit Knoxville Collegiate hosted by Tennessee (Sept. 8-10). They play their second of five fall tournaments at Cincinnati's Bearcat Invitational (Sept. 18-19), before heading to Wisconsin for the Badger Invitational (Oct. 1-3).

Nebraska returns to the Purdue Fall Invitational (Oct. 9-10), before closing the fall campaign at the Little Rock Invitational (Oct. 15-16).

The Huskers will use November, December and January to hone their games before returning to the course for the first stroke-play event of the spring in the Battle at Briar's Creek hosted by the College of Charleston (Feb. 5-6). The Big Red then head to Florida for the first time to compete in The Gator (Feb. 17-18).

Nebraska travels to New Jersey for The Johnnie O hosted by Rutgers (March 10-12), before competing at the Tiger Collegiate in Missouri (April 8-9). The Huskers wrap up the regular season with the Hawkeye Invitational in Iowa City (April 13-14), before traveling to the Big Ten Championship at Scioto Country Club in Columbus, Ohio (April 26-28).

Reed Malleck returns for his fourth season as a Husker in 2023-24. He has competed in 40 rounds for the Big Red through his first three seasons.

# BIG TEN CONFERENCE

Known as one of intercollegiate sports' most successful undertakings, the Big Ten is home to a lineage of legendary names and an ongoing tradition of developing strong leaders.

The history of the Big Ten traces back more than 125 years to the Palmer House hotel in Chicago, where on January 11, 1895, then-Purdue president James H. Smart and leaders from the University of Chicago, University of Illinois, University of Michigan, University of Minnesota, Northwestern University and University of Wisconsin set out to organize and develop principles for the regulation of intercollegiate athletics.

At that meeting, a blueprint for the administration of college athletics under the direction of appointed faculty representatives was outlined. The presidents' first known action "restricted eligibility for athletics to bonafide, full-time students who were not delinquent in their studies." That important legislation, along with other legislation that would follow in the coming years, served as the primary building block for intercollegiate athletics.

On February 8, 1896, one faculty member from each of those seven universities met at the same Palmer House and officially established the mechanics of the conference, which was officially incorporated as the "Intercollegiate Conference Athletic Association" in 1905. Indiana University and the State University of Iowa became the eighth and ninth members in 1899. In 1908, Michigan briefly withdrew its membership, and in 1912 Ohio State University joined the conference, bringing its membership total back to nine. Upon Michigan's return in 1917, the conference was first referred to as the "Big Ten" by media members, and that name was eventually incorporated in 1987.

As the 1900s opened, faculty representatives established rules for intercollegiate athletics that were novel for the time. As early as 1904, the faculty approved legislation that required eligible athletes to meet entrance requirements and to have completed a full year's work, along with having one year of residence.

In 1901, the first Big Ten Championship event was staged when the outdoor track and field championships were held at the University of Chicago. The debut event marked what is now a staple of conference competition. Today, the Big Ten sponsors 28 official sports, 14 for men and 14 for women.

One of the conference's proudest traditions began in 1902 when Michigan took on Stanford in the Rose Bowl, the nation's first bowl game. Big Ten teams only appeared in Pasadena twice before the conference signed an exclusive contract with the Tournament of Roses in 1946, making it the first bowl game with permanent conference affiliations.

Coupling the academic goals set forth by the leaders of the charter members of the conference and their steadfast commitment to athletics, the conference instituted the Big Ten Medal of Honor in 1915. It is awarded annually by each conference institution to a student of the graduating class who has attained the greatest proficiency in scholarship and athletics. For more than 100 years, it has been the most prestigious honor a student competing in Big Ten athletics can receive.

In 1922, Major John L. Griffith became the conference's first "Commissioner of Athletics." Griffith was the first of seven men to assume the role of commissioner in the conference's history, followed by Kenneth L. "Tug" Wilson in 1945, Bill Reed in 1961, Wayne Duke in 1971, Jim Delany in 1989, Kevin Warren in 2020 and Tony Petitti in 2023.

After nearly 30 years with 10 members, the conference consolidated to nine schools when the University of Chicago formally withdrew its membership in 1946. Michigan State College (now Michigan State University) was added to the Big Ten three years later, bringing the number of affiliated conference schools to 10 once again.

In 1955, the Big Ten formulated a revenue-sharing model designed to pool all football television rights of its members and share those proceeds equally. The conference and its members continue to utilize a revenue-sharing model, dividing media rights, bowl payouts and other profits among all conference institutions.

While academics have always played an integral role in the conference, presidents of the Big Ten member institutions formalized the primacy of academics with the establishment of the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation) in 1958. The Big Ten Academic Alliance is an academic consortium of all Big Ten universities. Annually, the schools currently constituting the Big Ten Academic Alliance produced over \$10 billion in funded research, \$5 billion more than any other conference.

In one of Duke's first actions as commissioner, he oversaw the adoption of the Big Ten Advisory Commission in 1972, designed to study conference programs and make suggestions which would further Big Ten objectives. The Advisory Commission enlists former students that competed in Big Ten athletics to serve as liaisons to the NCAA's Diversity and Inclusion Department, the Big Ten Student-Athlete Advisory Commission and other organizations.

In 1981, the conference presidents and chancellors endorsed a proposal that enabled universities to affiliate their women's intercollegiate programs with the conference, and the first conference championships for women were staged that fall. The Big Ten was the first conference to voluntarily adopt male and female participation goals after launching its Gender Equity Action Plan in 1992.

In December of 1989, the conference agreed in principle to invite Pennsylvania State University for membership. On June 4, 1990, the Council of Presidents officially voted to integrate Penn State into the conference, giving the Big Ten 11 members.

In 2004, the Big Ten implemented a pilot program of instant replay for college football. Following the season, the conference forwarded replay proposals to the NCAA regarding the future use of instant replay, where it approved nationwide testing in 2005. A year later, the NCAA approved the use of instant replay for all conferences.

Also in 2006, Delany announced the creation of the first conference-owned television network, a 20-year agreement with FOX Networks to create what would become the Big Ten Network (BTN). Launched on Aug. 30, 2007, BTN now produces more than 2,200 live events annually as the first internationally distributed network dedicated to covering one of the premier collegiate conference in the country. BTN is in almost 60 million homes in the U.S. and Canada alone via all major video distributors in those countries and approximately 300 additional video providers across North America. BTN is also available through the majority of OTT providers, and via the Fox Sports App, which delivers live and on-demand programming to computers, smartphones and tablets. In addition, the BIG+ ("Big Ten Plus") platform streams more than 1,700 conference events each season.

The Big Ten took its media reach to unprecedented heights on Aug. 18, 2022, with the announcement of a groundbreaking media rights agreement to provide fans with unparalleled access and exposure to its student-athletes and member institutions. Beginning with the 2023-24 academic year and continuing through 2029-30, the Big Ten will increase distribution coast-to-coast, featuring exclusive content across linear networks FOX, CBS and NBC, as well as NBCUniversal's direct-to-consumer streaming platform, Peacock. The breadth of new partners, in addition to BTN and FS1, will place conference football, women's and men's basketball and Olympic sports student-athletes on the biggest stage and provide fans with the most exciting matchups across traditional over-the-air linear television and direct-to-consumer streaming.

On June 11, 2010, the Big Ten Council of Presidents/Chancellors (COP/C) approved a formal membership application by the University of Nebraska, expanding the conference to 12 institutions. Nebraska officially joined the Big Ten on July 1, 2011. The conference expanded its footprint further in 2012 when the COP/C approved formal membership applications from the University of Maryland and Rutgers University on November 19 and 20, respectively. Maryland and Rutgers became official Big Ten members on July 1, 2014, giving the conference almost 9,500 students participating in

intercollegiate athletics and more than 11,000 participation opportunities on 350 teams. The Big Ten officially stretched from coast to coast on June 30, 2022, when it was announced the COP/C had unanimously voted to admit the University of California, Los Angeles (UCLA) and the University of Southern California (USC), effective Aug. 2, 2024. Competition will begin for those institutions in conference sports in the 2024-25 academic year.

Since opening in the fall of 2013, the Big Ten Headquarters and Conference Center, located in Rosemont, Illinois, hosts more than 300 meetings annually for member institutions, Big Ten Academic Alliance-related committees and coaches' groups. The headquarters also features an interactive digital museum — the Big Ten Experience — which brings the conference's storied academic and athletic history to life.

In June 2014, the Big Ten opened a second office in New York City, featuring both office and meeting space in Midtown Manhattan. Big Ten staff members are based in the New York City office to provide expanded coverage and service, while other conference and institutional administrators utilize the space as necessary when conducting business on the East Coast. The Big Ten and its member institutions also have access to satellite office space in Washington, D.C.

Petitti and his staff work to meet the educational needs of student-athletes to allow them to excel in all areas of their lives. The conference office manages 27 different championships and tournaments, offers legislative and compliance services, oversees the production and distribution of more than 2,000 events annually, provides staff services to coaching and administrative personnel, and remains a vital resource for media and fans seeking information on the Big Ten.

On March 7, 2020, in advance of the rising tide of the COVID-19 pandemic, the conference partnered with all 14 of its member institutions to create the Big Ten Task Force for Emerging Infectious Diseases. This group was formed to provide counsel and sound medical advice to ensure the health, safety and wellness of the Big Ten's students, coaches, administrators and fans. Less than two months later on May 4, 2020, the conference announced the formation of the Big Ten Mental Health and Wellness Cabinet, featuring representation from all 14 member institutions, as well as sport affiliate members Johns Hopkins (men's and women's lacrosse) and Notre Dame (men's ice hockey). The goal of the cabinet is to promote optimal mental health for Big Ten student-athletes through a comprehensive, systemic and interdisciplinary approach to establishing mental health programs, while also providing counsel, advice and expertise to the conference office.

One of the signature moments of Warren's tenure as commissioner came on June 1, 2020, when, following the death of Minneapolis resident George Floyd, he penned an open letter in which he announced the formation of what became known as the Big Ten Equality Coalition. This group, which features student-athletes, coaches, athletic directors, chancellors, presidents and other members of the Big Ten family from all 14 member institutions, has a stated goal of seeking tangible ways to actively and constructively combat racism and hate around the world, while also empowering student-athletes to express their rights to free speech and peaceful protest.

A product of the conversations emerging from the coalition was the creation of the Big Ten Voter Registration Initiative. This non-partisan, conference-wide collaboration encourages student-athletes to take part in the electoral process and is led by a Voter Registration Committee that includes representatives from all 14 Big Ten institutions.

More than 125 years after its inception, the Big Ten remains a national leader in intercollegiate athletics on and off the field. Big Ten programs have combined to win more than 450 team and 1,800 individual national championships, consistently taking home individual honors for athletic and academic accomplishments and fulfilling the Big Ten's mission of academic achievement and athletic success.

# JUDD CORNELL

## HEAD COACH SECOND SEASON

### CORNELL'S EXPERIENCE

- Nebraska Head Coach (2022-Present)
- Creighton Head Coach (3 seasons, 2019-22)
- Nebraska Associate Head Coach (2 seasons, 2017-19)
- Nebraska Men's Golfer (4 letters, 2003-06)
- Nebraska Team Captain (2004, 2005, 2006)
- Nebraska Amateur of the Year (2004)

Former Nebraska's men's golfer and assistant coach Judd Cornell returned to his alma mater to lead the Husker program in August of 2022.

Cornell came back to Lincoln after spending three seasons (2019-22) as the head coach at Creighton. An Omaha native, Cornell was an assistant coach at Nebraska for six seasons, including his final two years in Lincoln as associate head coach (2017-18 and 2018-19).

"We are excited that Judd Cornell will be coming back to Nebraska to lead the young men in the Husker golf program," Nebraska Director of Athletics Trev Alberts said. "Judd is a hard-working, high-character leader who knows the importance of helping student-athletes develop both on and off the course. He knows our program as well as anyone in the country and will take great pride in continuing the growth of our program."

Upon the announcement of his hiring on Aug. 11, 2022, Cornell immediately focused his attention on helping the Huskers improve.

"My family and I are thrilled to be back in Lincoln, and I can't wait to lead the Husker men's golf program," Cornell said. "I want to thank Trev Alberts for giving me the opportunity to return to the University of Nebraska and lead a program that means so much to me. The Husker program has been climbing in the national standings the past several years, and we plan to keep moving forward in the years to come."

Cornell began to lay his foundation by leading the Huskers to five top-eight team finishes in 2022-23. Every Husker posted an individual stroke average of better than 76.1 during the season, while competition on a daily basis became the standard. Ten different Huskers played at least nine competitive rounds on the year.

The Huskers feature eight returning letter winners in 2023-24, led by fifth-year senior Will

Marshall alongside seniors Reed Malleck and Gentry Scheve.

Cornell, who took over the top spot at Creighton on Aug. 15, 2019, had his first season with the Jays cut short by the COVID-19 pandemic. Despite an early end to the spring, Cornell's first season featured strong performances from junior Nate Vontz, who led CU with a 73.40 scoring average in 2019-20. It was CU's best individual single-season scoring average since 2007-08.

Creighton continued to make strides in Cornell's second year, as the Jays' 296.67 scoring average in 2020-21 was the program's best since at least 2002-03. Vontz also continued to thrive under Cornell's tutelage with a 72.06 scoring average that ranked No. 2 in program history. Vontz went on to earn first-team All-BIG EAST honors. Charlie Zielinski, an Omaha native, added an impressive freshman season in 2020-21, capturing second-team All-BIG EAST accolades with his 73.56 stroke average. A third Bluejay, Jackson Thompson, qualified for the 2021 U.S. Amateur Championship at Oakmont.

With Vontz and Zielinski leading the way again in 2021-22, Cornell's Jays slashed 4.5 strokes per round off their 2020-21 average. Creighton, which finished with a 292.17 team average, also notched the three best team rounds in program history. The Bluejays won Stampede at the Creek in October of 2021 with an 836 (-28), including a program-best first round aggregate of 275 (-13). Vontz won the tournament with a 197 (-19), including individual rounds of 63 (-9) and 65 (-7). Vontz repeated as a first-team All-BIG EAST selection, while Zielinski repeated as a second-team all-conference honoree. Zielinski also earned a spot on the BIG EAST All-Tournament Team after a third-place individual finish at the league championship. Zielinski added a fourth-place finish at the Nebraska Amateur Championship and qualified for the U.S. Amateur Championship in Paramus, N.J. Another Bluejay, Shaun Campbell, a junior from Tauranga, New Zealand, claimed the 2022 Nebraska Amateur title with a 72-hole score of 282 (-2) at Firethorn Golf Club in Lincoln (July 25-28).

Off the course, Creighton's team led the BIG EAST with a 3.758 GPA, including three golfers who posted perfect 4.0 grade-point averages in

the spring of 2021. The team's performance in the classroom earned Cornell's squad a second straight BIG EAST Team Academic Excellence Award, which is presented to the program with the best GPA in each league sport.

Cornell's experience and extensive time with many of the top instructors throughout the United States played a huge role in the preparation and development on and off the course for the golfers he has coached. He worked with Michael Colgate in 2015-16 when Colgate qualified for the NCAA Regionals as an individual. In 2019, Cornell assisted Nebraska to its highest Big Ten finish in school history (5th), as well as its best finish at the Big Ten Match Play Championship (4th).

A member of the Golf Coaches Association of America (GCAA), Cornell also served as tournament director for the Git-R-Done Husker Invitational in 2019, NU's first home tournament in 12 years.

As a Husker golfer, Cornell was part of Nebraska's 2006 NCAA Regional team that included PGA Tour player Brady Schnell and PGA Tour Latino America winner Ty Capps. Cornell was a three-time team captain, a first-team Academic All-Big 12 honoree and the first recipient of the Dick Spangler Memorial Scholarship for his leadership on and off the golf course. He was named 2004 Nebraska Amateur Player of the Year and competed in some of the nation's top amateur events, including the U.S. Amateur, Western Amateur and North and South Amateur. During his time as a professional, Cornell had success on multiple tours such as the Hooters Tour, Egolf, Dakotas Tour, Gateway, Web.com and Adams tour where he was named 2007 Rookie of the Year and finished among the top 20 on the money list.

Cornell graduated from the University of Nebraska in 2007. He and his wife, Bridget, have two children, Michael (5) and Grace (3). His family includes his parents, Mike and Patti Cornell and his two sisters Katy and Meggie Cornell. His father Mike is Director of Instruction at Champions Run in Omaha. Mike has been named top golf instructor in the state of Nebraska and the Midwest region multiple times in more than 35 years in the golf business.

# TREV ALBERTS

## VICE CHANCELLOR, DIRECTOR OF ATHLETICS THIRD YEAR

A veteran administrator and College Football Hall of Famer, Trev Alberts is in his third year as Vice Chancellor, Director of Athletics at the University of Nebraska in 2023-24. Alberts returned to his alma mater after spending 12 years at Nebraska-Omaha, guiding the program through a successful transition to the Division I level.

In his first season at Nebraska in 2021-22, Alberts helped the Huskers navigate the ever-changing landscape of Name, Image and Likeness guidelines for the benefit of Nebraska student-athletes. He led the development of the N-Vest Nebraska program to award \$5,980 per year to student-athletes who meet academic benchmarks. Alberts also spearheaded the charge to complete the fundraising for Nebraska's Go Big Project, which will provide Nebraska football with a new facility scheduled to open this fall. The project will also house academic, life skills, nutrition and support services for all Nebraska student-athletes.

A tireless worker who puts both the interests of student-athletes and fans first, Alberts helped orchestrate a qualitative survey of Nebraska's fan base to help shape the future of Memorial Stadium's game-day atmosphere. Alberts has also focused much of his time on developing the first strategic plan for Nebraska Athletics in 15 years. He has also committed himself to providing intense support and a unifying vision for Nebraska's coaches across all sports.

He continued to make a mark on Nebraska Athletics in his second year. Alberts conducted a thorough, nationwide search for a new leader for the Husker football program in the fall of 2022 that resulted in the hiring of Matt Rhule as Nebraska's new head coach. Rhule has a proven track record as a program builder at the college level, winning conference championships at both Temple and Baylor. Since his hiring, Rhule has energized the Nebraska fan base and attracted a top-25 recruiting class to the Husker program.

Alberts also spearheaded a new 15-year multimedia rights agreement between Nebraska Athletics and Playfly Sports, an emerging leader in sports marketing, media and technology. The partnership is one of the nation's most comprehensive multimedia rights agreements and has a total value of \$301 million for Nebraska over the life of the contract.

Nebraska's athletic achievements in 2022-23 included NCAA top-10 finishes by wrestling, rifle, bowling, women's outdoor track and field, men's gymnastics and men's indoor track and field. In all, 10 Husker teams posted top-20 national finishes, while the men's track team captured the Big Ten outdoor title under first-year coach Justin St. Clair.

Academically, Nebraska student-athletes continued to shine with a school-record 95 percent graduation rate across all sports for the second straight year. All of Nebraska's programs had at least an 88 percent GSR score in the most recent report.

Alberts' impact on college athletics stretches beyond the Nebraska campus. A respected leader at the Big Ten and national level, Alberts serves on both the NCAA's Division I Football Oversight Committee and the NCAA Division I Competition Committee.

Alberts' tenure leading UNO athletics was marked by successes in competition and in academics; by transitioning the university's athletic programs to NCAA Division I in 2011; and by establishing new homes for many UNO athletics teams, including Baxter Arena, the Maverick Park baseball/softball complex and the soccer pitch at Caniglia Field.

Alberts took the bold step in announcing that Omaha would reclassify from Division II to Division I in all sports in 2011 and simultaneously securing conference affiliation with the Summit

League for all of the department's then-Division II programs. His vision for UNO's reclassifying teams was demonstrated even before the four-year transition period had ended. The Omaha baseball team won back-to-back Summit League regular-season championships in 2013 and 2014, while the men's basketball team made its first Division I postseason appearance in 2014 with a berth in the CollegeInsider.com Postseason Tournament.

During UNO's time in the Division I ranks under Alberts tenure, the Mavericks had six teams and four student-athletes qualify for the NCAA Tournament, including hockey advancing to the Frozen Four in 2015 and men's soccer reaching the second round of the NCAA Tournament in the spring of 2021. He also expanded opportunities, adding men's golf and men's soccer in 2011, and Omaha began a men's swimming and diving program in 2021-22.

Throughout his tenure in Omaha, Alberts was focused on enhancing the student-athlete experience, including the construction and staffing of the Hamilton Academic Excellence Room and the development of the Ethel S. Abbott Student-Athlete Development Wing. Those efforts paid off in Nebraska-Omaha student-athletes posting consistent collective semester grade point averages above 3.3 for 18 consecutive semesters, including at least a 3.5 in each of his final three semesters.

The facilities around Omaha Athletics received a major uplift during his tenure. Maverick Park opened in March of 2021 to rave reviews as the home to the Mavericks' baseball and softball programs. Funding for the complex, which includes a 1,500-seat baseball facility and a 650-seat softball facility, were raised privately and provided both programs a permanent on-campus home for the first time.

Another crowning achievement was the opening of Baxter Arena in 2015. Alberts directed efforts to secure community support and funding to build the on-campus arena, which allowed the nationally prominent hockey program to play on campus and also serve as the home of the men's and women's basketball and volleyball programs. Caniglia Field underwent renovations in 2012, making it one of the finest collegiate soccer facilities in the country, highlighted by a

Alberts' work on behalf of hockey, UNO's established Division I sport, also paid dividends. He successfully guided the Mavericks into the new National Collegiate Hockey Conference in 2013-14. The following year, Omaha reached the 2015 NCAA Frozen Four.

In addition, Alberts and his team led Omaha Athletics into a partnership with Learfield, a national leader in the marketing of collegiate athletics, and developed Omaha Sports Properties. As the exclusive corporate sponsorship sales unit for UNO Athletics, Omaha Sports Properties further enhanced revenue and increased brand prominence locally, regionally and nationally.

As part of UNO's reclassification to Division I, Alberts oversaw the rebranding of UNO athletics with new primary and secondary logos and a greater focus on strengthening the Maverick brand both regionally and nationally.

As a student-athlete, Alberts was an All-American on and off the football field as a Husker Blackshirt. He was Nebraska's first Butkus Award winner in 1993, helping Coach Tom Osborne's Huskers to an undefeated regular season and an Orange Bowl appearance against Florida State. A first-team All-American by every major publication in 1993, he was also the Football News National Defensive Player of the Year, the Big Eight Male Athlete of the Year, and the Big Eight Defensive Player of the Year. His No. 34 jersey was retired at the 1994 Red-White Spring Game. In 2015, he was elected to the College Football Hall of Fame.

Off the field, Alberts earned the NCAA's highest honor, The Today's Top Six Award. A three-time Academic All-Big Eight honoree, he was an Academic All-American in 1993. He graduated from Nebraska before his senior season.

Alberts was the fifth pick in the 1994 NFL Draft by the Indianapolis Colts and played for the Colts until 1996. Following his NFL career, he served as an analyst on college and professional football games for major national networks, including ESPN, CNN/SI and CBS Sports Network.

Alberts and his wife Angela have three children — Chase (and his wife, Cassie), Ashtynne and Breanna, and one grandson, Walker John.

- To provide a wealth of education and resources that each student athlete can utilize to enhance their overall level of knowledge and awareness as it pertains to fueling their body for competition and recovery.

### DESCRIPTION OF SERVICES

Performance Nutrition seeks to provide fueling options and education to Husker student athletes, so they are adequately prepared and knowledgeable on the impact nutrition can have in their lives as athletes and after sport.

### NUTRITION OVERVIEW

Our Training Table is the primary resource for student athletes to seek out holistic fueling options. Our Training Table operates and sets its menus with a student athlete first mentality. We seek to provide healthy, accommodating nutrition options for all our athletes at breakfast, lunch, and dinner.

Our fueling stations are the secondary resource for student-athletes to fulfill their fueling needs. The primary goal of our fueling stations is to provide quick and easy sources of nutrition and hydration to supplement training and competition.

Team rooms and competition fueling are an additional asset our student-athletes can utilize. Each team has a dietitian that coordinates additional nutrition options to team rooms and around competition.

Husker Bucks are provided to student-athletes to supplement meals on their own. Athletes have the chance to purchase a meal at local restaurants or choose to use the dollar value on groceries.

### EDUCATION AND CONSULTATION

Each team has a sport specific dietitian who oversees the nutritional needs per team. Our dietitians are a great resource for education and consultation to our student athletes. The dietitians conduct DEXAs for body composition assessment, hydration testing, consult with athletes individually, provide nutrition education team talks (hydration, Pre-workout fueling, recovery nutrition) and coordinating materials, host cooking classes & grocery store tours, and assist with fueling options surrounding competitions.

### ACADEMIC COUNSELING

Eight academic counselors, three learning specialists, two assistant academic counselors and one administrative assistant are in place to monitor daily academic progress, receive consistent course feedback, assist with the advising/registration process and monitor eligibility and progress toward graduation.

### TUTORIAL SUPPORT

A tremendous resource for all academic abilities, unlimited tutorial support from approximately 75-100 tutors on staff is available from day one up to college graduation in all subject areas. Tutorial support is provided both in-person and virtually. Nebraska's tutorial program is certified as a model tutoring program by the College Reading and Learning Association.

### STUDY HALL

Student-athletes attend a supervised, flex-time study hall within the Herman Student Life Complex that features day, evening and weekend hours. Student-athletes are required to complete a specific number of study hours each week as determined by their academic counselor and/or coach. Additional performance-based or tutor-based study hall also may be determined by the academic counselor.

### MENTORING

Academic staff serve as mentors to all incoming student-athletes. The student-athletes meet with their mentor weekly to develop time management skills, gather and report academic progress information and discuss academic success strategies.

### EDUCATIONAL ASSESSMENTS

Assessments are administered upon the request of the student-athlete, academic counselor, or coach. Learning specialists are available to administer and score informal assessments, which include a reading comprehension and a writing assessment. When more in-depth assessments are necessary, referrals are made to a consulting neuropsychologist who conducts the assessments. If it is determined a student-athlete has a learning disability or another medical condition that impedes the student from reaching their academic potential, appropriate accommodations are implemented by the Office of Services for Students with Disabilities.

### STUDENT-ATHLETE ORIENTATION

Each new student-athlete attends an orientation at the beginning of their academic career. Student-athletes are introduced to staff, faculty, administrators, and a variety of resources that help facilitate the transition into college while enhancing awareness of support services in the Athletic Department and across campus.

### PERSONAL COUNSELING

Student-athletes will find a supportive and caring environment at Nebraska. Transitional issues, stress management, time management, academic focus and problem resolution are all addressed in a proactive manner throughout the year. If necessary, counseling referrals are also made to designated practitioners.

### COMPUTER RESOURCES

All student-athletes are provided the opportunity to have a laptop for use during their academic career at Nebraska. The Herman Student Life Complex has printers and desktop computers available for student-athletes to use in the facility.

#### STUDENT-ATHLETE EXPERIENCE

Nebraska is a leader in providing all the resources and support necessary for student-athletes to become successful in Academics, Athletics and Life. Nebraska will continue to strategically plan for avenues to strengthen the resources to support more than 600 Husker student-athletes across 24 sports.

#### UNMATCHED SUPPORT

Nebraska has a history of providing unmatched benefits and support to student-athletes. A few examples of these enhanced benefits for Husker student-athletes include:

- All scholarship student-athletes have their scholarship calculated based on the full cost of attendance.
- Each student-athlete is offered a free Apple MacBook Air laptop computer to enhance their learning opportunities.
- Nebraska has increased resources and support in all academic and performance related areas including but not limited to Academic Services, Life Skills, Athletic Medicine, Athletic Training, Strength and Conditioning, Nebraska Athletic Performance Laboratory, Nutrition and Sports Analytics.
- The N-Vest Nebraska program begins in the fall of 2022. N-Vest Nebraska will reward Husker scholarship student-athletes for academic performance, success toward graduation and retention. NU student-athletes who meet the established academic benchmarks will receive \$5,980 per year for their academic achievement.
- As part of Nebraska's innovative Post-Eligibility Opportunity (PEO) program, every student-athlete graduate who has exhausted their athletic eligibility has the opportunity to pursue (with Nebraska support) an internship, participate in a study abroad program or attend graduate school within the University of Nebraska system.

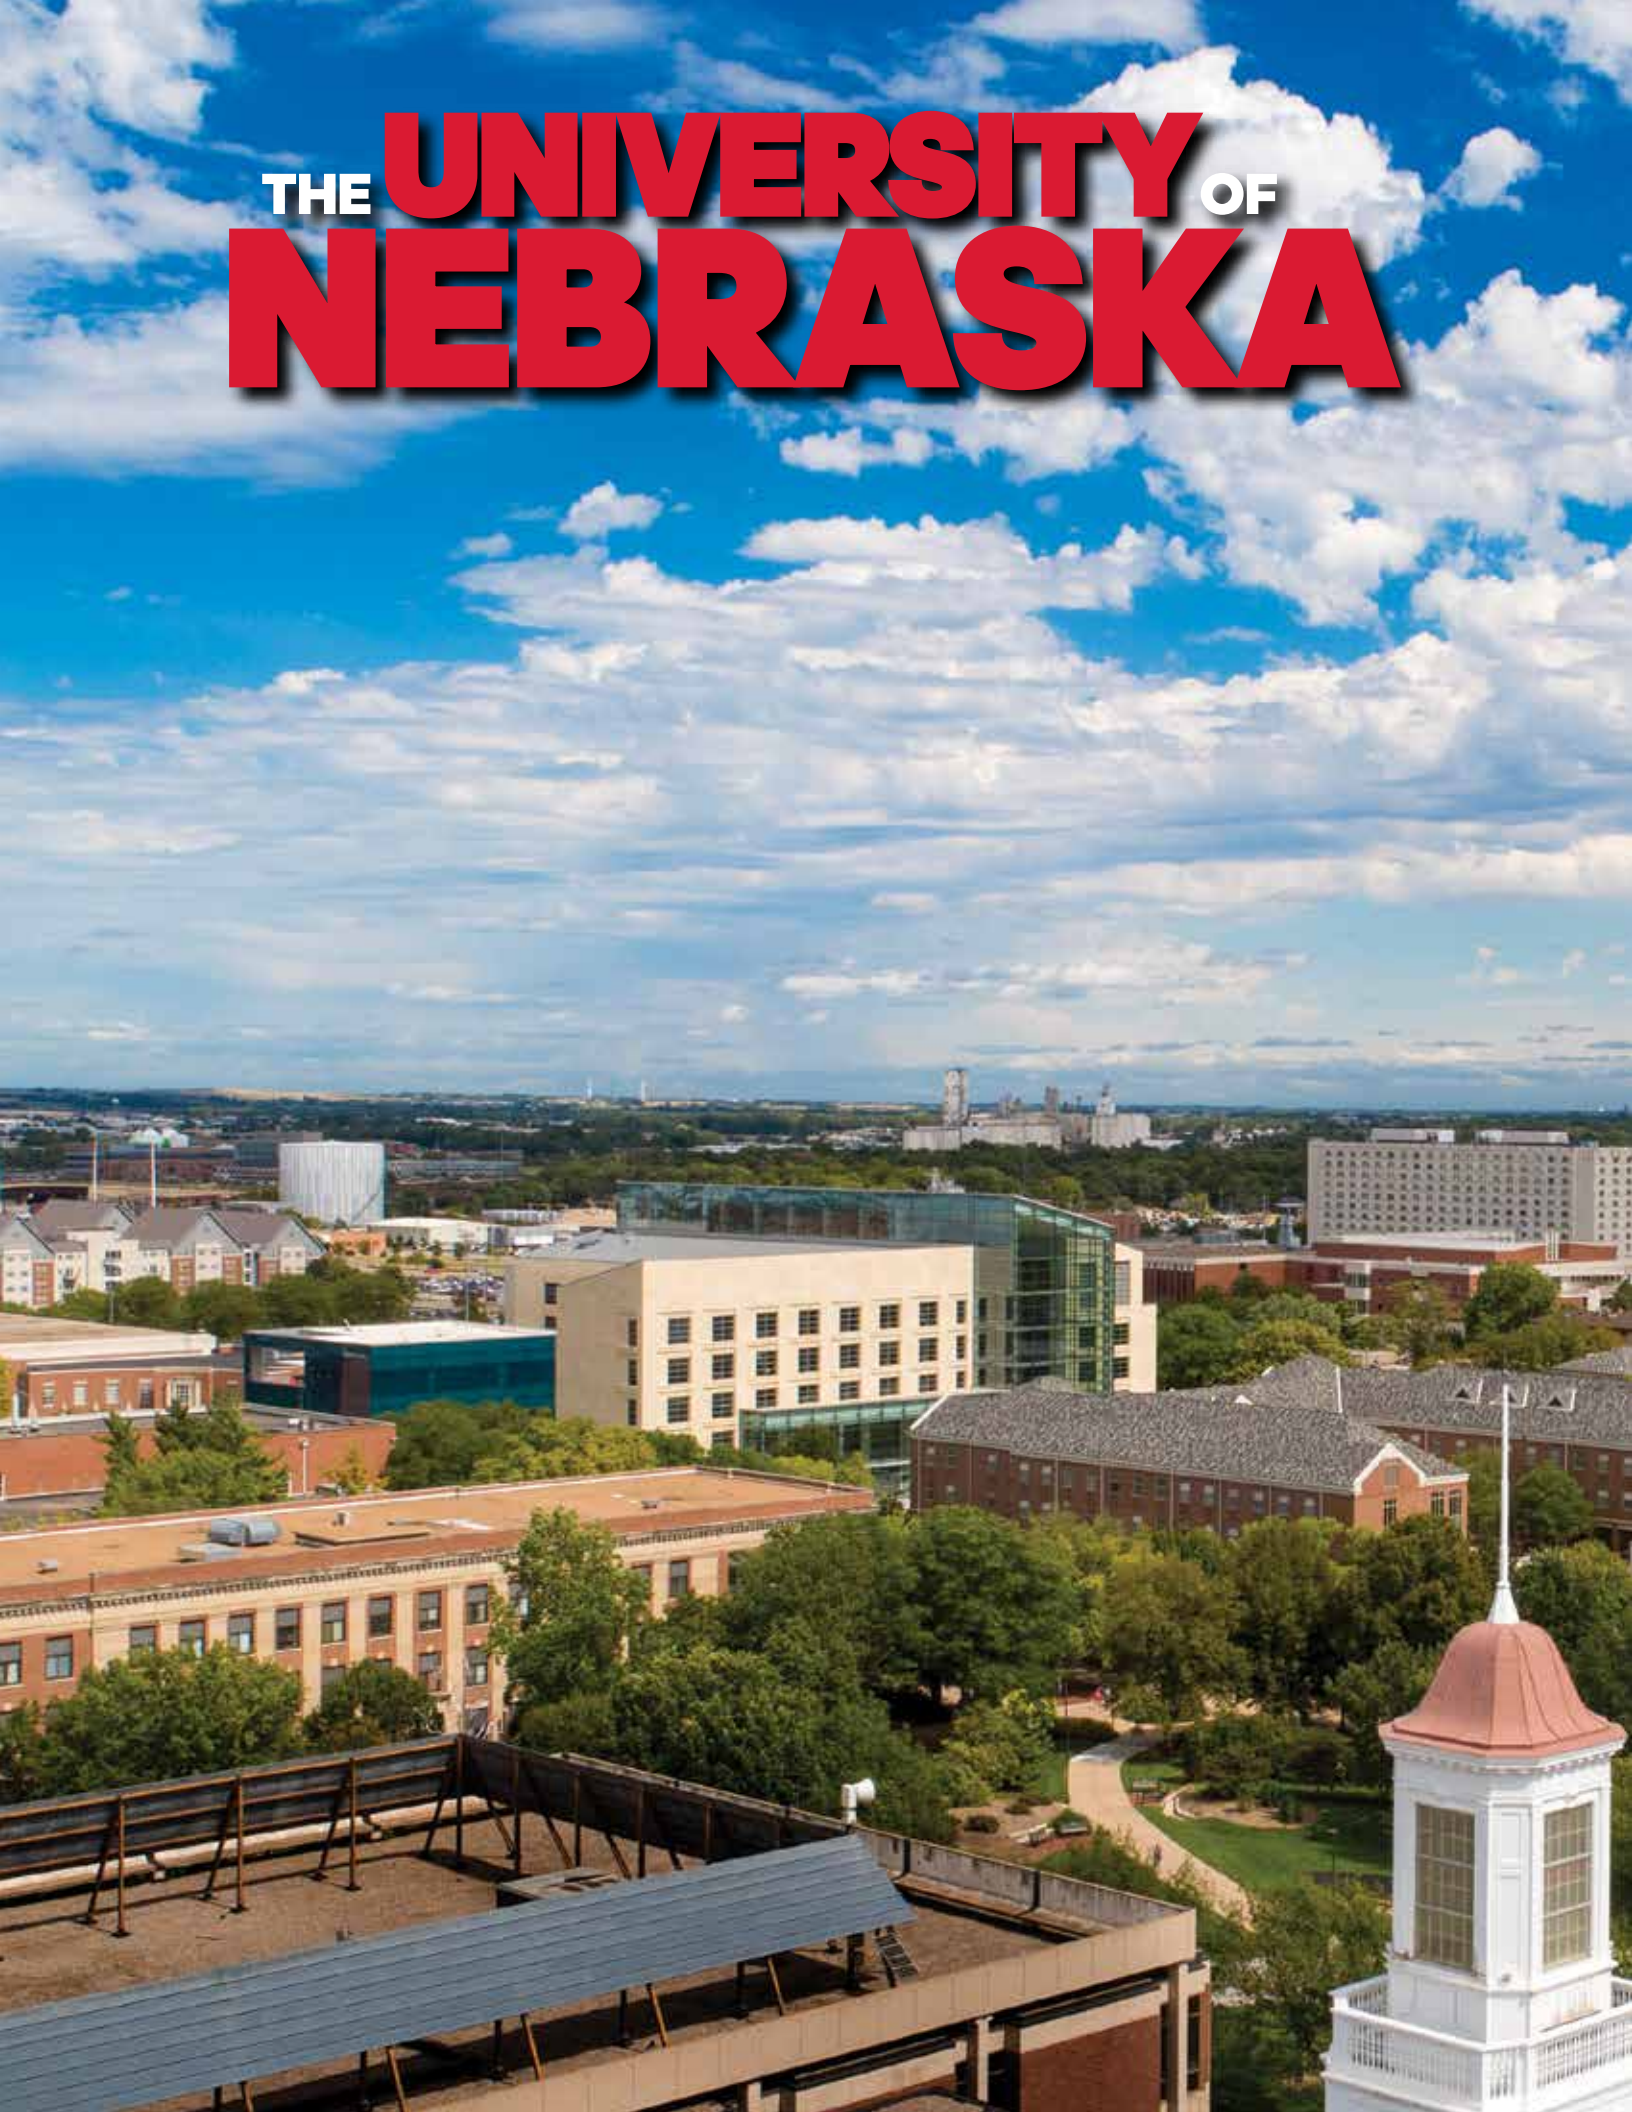

#### #NILBRASKA

In the summer of 2021, Nebraska Athletics introduced #NILbraska, an initiative to educate student-athletes on branding, marketing and financial literacy, among other aspects. #NILNebraska prepares student-athletes to take advantage of Name, Image and Likeness legislation.

The #NILbraska program focuses on a three-pronged approach to providing education for student-athletes to maximize their potential in the NIL category: Ready Now, Accelerate and the Husker Advantage.

# THE UNIVERSITY OF NEBRASKA

## THE UNIVERSITY OF NEBRASKA

Chartered in Lincoln by the Nebraska Legislature in 1869, the University of Nebraska was expanded in 1968 into a university system now comprising four campuses under the guidance of a Board of Regents and a central administration. The flagship University of Nebraska–Lincoln is an educational institution of international stature. Nebraska is classified within the Carnegie “R1: Doctoral Universities – Highest Research Activity” category. Nebraska is also a land-grant university and a member of the Association of Public and Land-grant Universities. The university is accredited by the Higher Learning Commission.

## BIG TEN ACADEMIC ALLIANCE

As a member of the Big Ten, the University of Nebraska–Lincoln is a member of the Big Ten Academic Alliance (BTAA), formerly the Committee on Institutional Cooperation, which is the academic consortium of the universities in the Big Ten Conference. The BTAA includes all 14 Big Ten Institutions and partners with the University of Chicago. The Big Ten Academic Alliance and the institutions together have annual research expenditures topping \$11.5 billion — more than the Ivy League and the University of California System combined — and they educate a total of nearly 600,000 students with approximately 50,000 faculty members.

# HUSKERS SET MULTIPLE RECORDS IN 2022-23

**Gentry Scheve finished with a career-best 208 (-8) to lead Nebraska at the Tiger Collegiate. Scheve's second-round 66 helped the Huskers set the school single-round record with a 274 (-14) on the par-72, 7,221-yard layout of The Club at Old Hawthorne in Columbia, Mo., April 10, 2023.**

The Nebraska men's golf team made steady improvements in Coach Judd Cornell's first season leading the Huskers in 2022-23.

Cornell, who returned to Nebraska after three seasons at Creighton, helped the Huskers to a school-record 274 (-14) in the second round of the Tiger Collegiate at The Club at Old Hawthorne in Columbia, Mo., April 10.

He also helped lead first-year Husker Harry Crockett to a school-record 71.82 stroke average through 11 fall rounds in 2022.

Junior Gentry Scheve shaved strokes off his game and gained confidence throughout his third season in Lincoln, finishing with a career-best 73.35 stroke average on the year. Scheve fired a career-best 208 (-8) in Missouri that included a career-best 66 (-6) in Nebraska's record-setting team round. He followed with a fourth-place finish in a strong field at the Fighting Illini Spring Collegiate (April 22-23) as a final tune-up for the Big Ten Championship.

Cornell also got solid play and improvement throughout the season from senior Will Marshall, who finished with a 73.68 stroke average over a team-high 28 rounds. Marshall closed his fourth season in Lincoln with five top-25 finishes in 2022-23, before deciding to return for a fifth season to lead the Huskers in 2023-24.

While Crockett, Scheve and Marshall set the tone for laying the foundation of Nebraska's future, they were far from alone in giving Cornell plenty of reasons for optimism.

Junior Reed Malleck continued to cut strokes off his game, and the third-year golfer from York, Neb., capped his season as Nebraska's top finisher at the 2023 Big Ten Championship at the Galloway National Golf Club in New Jersey (April 28-29). Malleck finished the rain-shortened

conference tournament with a 36-hole total of 152 to tie for 41st. Malleck closed the year with a 74.86 stroke average over 22 rounds, ranking second among the Huskers in rounds played on the season trailing only Marshall's 28.

Malleck was followed in the Big Ten Championship standings by first-year Husker Grant Jabenis, who finished just one stroke back in a tie for 43rd. Jabenis, a sophomore from Omaha, contributed 20 rounds and finished with a solid 74.50 average. His season highlights included a second-place finish while playing as an individual at the Stampede at The Creek and a third-place finish while playing at The Prestige Individual in California early in the spring.

Another young Husker, Davis Johnson posted Nebraska's No. 4 finish at the Big Ten Championship while closing the season strong down the stretch. The freshman from Minnesota earned lineup spots in each of Nebraska's last three tournaments beginning with the Tiger Collegiate.

Overall, the Huskers are set to return all five of the members of their lineup from the 2023 Big Ten Championship.

Nebraska opened the 2022-23 season with a solid fourth-place finish in an 18-team at the Badger Invitational in Verona, Wis. (Sept. 11-13). Marshall led the Big Red with a tie for 16th (142) over two rounds that included a second-round 68 (-4). Senior Jeremy Sisson and freshman Quinn Yost added ties for 20th at 143 (-1), while Crockett tied for 34th at 145 (+1).

The Huskers traveled next to New Mexico for the William H. Tucker Intercollegiate in Albuquerque, where Marshall notched his second straight top-25 finish by tying for 23rd at 218 (+2). Sisson and Yost again tied for

Nebraska's No. 2 finish, this time at 222 (+6) while Crockett also tied them for 45th overall.

Crockett broke through at the Purdue Fall Invitational with a third-place individual finish at 213 (-3). Crockett's performance included a final-round 67 (-5) on the 7,465-yard layout at the Kampen Course. Jabenis also made his first contributions as a Husker by tying for 33rd as Nebraska's No. 2 finisher at 225 (+9) to help the Big Red to a fifth-place finish in a 15-team field at Purdue.

The Huskers closed the fall with an eighth-place finish in a 12-team field at the White Sands Bahamas Invitational at Paradise Island (Oct. 28-30). Sisson led the Big Red with his tie for sixth at 207 (-9), while Crockett added a tie for 11th at 210 (-6) that included another final-round 67. Freshman Evan McDermott also performed well with an even-par 216 as NU's No. 3 finisher in a tie for 32nd.

After opening the spring with a 1-2-0 record at the Big Ten Match Play, the Huskers struggled at The Prestige in Palm Springs, Calif., settling for 22nd in a 24-team field.

NU added an 11th-place showing in a 16-team field at the Desert Mountain Collegiate in Scottsdale, Ariz. (March 4-5), before taking 12th at the Seahawk Intercollegiate in North Carolina (March 26-27). Marshall led the Huskers with his tie for 19th at 213 (-3), which included a final-round 67 (-4) to start a stretch of three straight top-25 finishes for the senior from Elburn, Ill.

The Huskers finished seventh among 14 teams at the Tiger Collegiate, before taking sixth in the regular-season finale at the Fighting Illini Spring Collegiate. The season concluded with a 12th-place effort over just two rounds at the Big Ten Championship.

Will Marshall was a consistent factor in the Nebraska lineup throughout 2022-23. The senior from Elburn, Ill., produced five top-25 finishes and a 73.68 stroke average over 28 rounds. He will return to the Huskers in his fifth season in 2023-24.
