MEN'S GYMNASTICS EVENTS

POMMEL HORSE

The gymnast must cover all three areas of the horse, the middle and both ends, while performing continuous circular movements interrupted only by the required scissor element. The only parts of the body that should touch the apparatus are the hands. The entire exercise should flow with a steady, controlled rhythm. Considered by many to be the most difficult of all men's gymnastics events, the pommel horse is also the most subtle. Each move is defined by complex hand placements and body positions. NCAA rules require gymnasts to include single leg work, circles, spindles and handstands, side and cross travels, kehres and wendeswings and a dismount. The pommel horse stands 42 inches high as measured from the top of the mat to the top of the apparatus.

FLOOR EXERCISE

The entire floor area must be used during the exercise, which consists primarily of three to five tumbling passes performed in different directions. The new NCAA scoring system requires gymnasts to include non-acrobatic elements, acrobatic forward, backward and sideward elements and a dismount. The exercise must also contain elements of balance, strength, jumps and leg circles. The area of the floor exercise mat is 40 feet by 40 feet.

STILL RINGS

The ring routine must include a swing to a handstand, swing to a strength element and a static strength skill. The exercise must also include kip and swing portions that may not lead to a held position. Examples of strength elements include a cross, an inverted cross or a planche. The rings should be absolutely still and in control at the end of each skill. The rings are 100 inches from the top of the mat.

VAULT

Each individual vault is categorized in the Code of Points, the official text giving relevant value of each skill performed. During the pre-flight from the springboard to the horse, the body must maintain proper form, i.e. legs together and straight. During the second flight, from the horse to the landing, the gymnast's body must rise and show a complete body extension before landing. The landing should be firm, without extra steps, and in line with the horse. The men's vault stands 53 inches high. The runway is a maximum of 82 feet long.

PARALLEL BARS

A parallel bar routine consists of swinging, flight and hold elements. The gymnast is required to execute swinging skills which originate from a support, a hang below the bars and an upper arm hang. Also required is at least one skill from the strength, leg swing and side bar element group. The parallel bars stand 70 inches high.

HIGH BAR

The routine on the high bar consists exclusively of swinging parts without stops. The gymnast must execute at least one move in which he releases and re-grasps the bar, and must perform at least one giant with either his back to the bar or with an "eagle" grip in which the wrists are rolled outward until the thumbs are on the outside. The gymnast is also required to perform an "in bar" skill like a stalder circle. The bar is 100 inches from the top of the mat.

MEN'S GYMNASTICS SCORING

HISTORY:

Prior to 2005, both men's and women's gymnastics used the well-known scoring system with a top score of a "perfect 10." However, in 2005, gymnastics officials created a new scoring system for men's gymnastics. In this new system, there is no limit to the score a gymnast can achieve for his routine. The top performances in men's gymnastics right now are receiving scores in the 15s and, occasionally, the low 16s.

There are three components used in judging a men's gymnastics routine: difficulty, element groups and execution.

THE DIFFICULTY SCORE:

There are nine countable skills, plus a dismount. Skill values range from A to H, with A being the easiest and H being the hardest. (A: 0.1, B: 0.2, C: 0.3, D: 0.4, E: 0.5, F: 0.6, G: 0.7, H: 0.8). Judges will add the values of the 10 skills together to get the gymnasts' difficulty score.

Example Routine: E(0.5) D(0.4) C(0.3) C(0.3) D(0.4) B(0.2) A(0.1) B(0.2) B(0.2) D(0.4) equals a difficulty score of 3.0.

ELEMENT GROUPS:

There are four different element groups on each event and each group is worth 0.5. For each of the element groups that a gymnast fulfills, he receives 0.5. If all four element groups are fulfilled, a gymnast will receive 2.0.

EXECUTION SCORE:

Each gymnast automatically starts with an execution score of 10.00. Judges can take the following deductions from that 10.00 score:

Small Error 0.1 (little step, small leg separation, slight knee bend, slight arm bend)
Medium Error 0.3 (big step, medium leg separation, medium knee bend, medium arm bend)

Large Error 0.5 (large leg separation, large knee bend, large arm bend)

Fall 1.0 (falling off apparatus)

The totals of these three components are added together to reach a start value:

+ Difficulty Score = Start Value	3.0 15.0
Element Groups	2.0
	0.0
Execution Score	10.0

If the gymnast had 0.9 points taken off for execution errors, the execution score would be 9.1 and the final score would look like this:

Execution Score	9.1
Element Groups	2.0
+ Difficulty Score	3.0
= Final Score	14.1

WHAT TO LOOK FOR:

Though the scoring system is complicated, fans can still identify great routines without knowing everything about the scoring system. When watching a routine, be sure to look for:

Good Form and Execution: A gymnast should always look as though he is in complete control, even when performing the most difficult of skills. Good form in gymnastics includes pointed toes, straight arms and legs and a tightness throughout the body. Every movement should look planned.

Strength Moves Held Long Enough: On the still rings and on floor, the gymnast must stay in position for two seconds on each strength move (e.g. an iron cross).

Height and Distance: In tumbling passes, vaults and release moves, the gymnast should look as if he is exploding off the apparatus. On vault, the distance a gymnast travels from the horse is also a factor in his final score.

A Stuck Landing: On vaulting, dismounts, and tumbling passes on floor, the gymnast should end with a "stuck landing" -- he should not move his feet once they hit the ground. The gymnast is not allowed to lunge backward out of tumbling passes. (The women used to be able to do this without deduction, but it is now considered an error in women's artistic as well).

Uniqueness of the Routine: A great gymnast will perform a routine that looks different from the rest. It will have something special about it -- risky tricks, an artistic flair or skills that are simply unique from others performed in the competition.

2024 NEBRASKA MEN'S GYMNASTICS

NEBRASKA MEDIA INFORMATION

The 2024 Nebraska men's gymnastics media guide is designed to assist the media in its coverage of Husker gymnastics. Additional information, including releases and photographs, may be obtained by contacting Maddison Lind in the Nebraska Communications Office at (402) 472-2263. Please take a moment to review the following policies and services that are intended to assist you in your coverage of Nebraska gymnastics this season. Thank you for your continued interest in collegiate gymnastics.

Media Parking: Parking for the media is in lot 52 on the south side of the Devaney Center. Handicap parking is primarily on the East side of the Devaney Center.

Devaney Center Directions: The Bob Devaney Sports Center is located on the west edge of the Innovation Campus. To reach it from the Lincoln Municipal Airport, turn right on Northwest 12th Street as you drive out of the airport. Northwest 12th Street becomes Cornhusker Highway, which intersects with 14th Street. Exit south on 14th Street off Cornhusker Highway. Travel to Military Avenue and turn left. Continue a half mile and enter the Innovation Campus. Take the first right turn before the Devaney Center and follow the access road to Lot 52 on the South Side of the arena. From Omaha's Eppley Airfield, follow the signs to downtown Omaha and I-480. Take I-480 west to I-80, then take I-80 west approximately 60 miles to I-180. Exit south on I-180, then exit east to Cornhusker Highway and follow the instructions above.

Interviews: All media requests for interviews with Nebraska gymnasts should be directed to Maddison Lind, office phone: (402) 472-2263; cell phone: (952) 992-9872 at least one day in advance. The best time for in-season interviews is after practice in the practice gym. Practice is typically held from 2 to 5 p.m at the Devaney Center. For post-meet interviews, Nebraska gymnasts and coaches are generally available on the gym floor immediately following the presentation of team and individual event awards. The best time to reach Coach Chuck Chmelka is weekdays from 9 a.m. to 1 p.m. Interviews with Coach Chmelka should be coordinated through Maddison Lind in the Communications Office at (402) 472-2263 or (952) 992-9872 or by e-mail at mlind3@huskers.unl.edu.

Media Services: Pre-meet notes and media guides will be provided before each meet. Final results will be available following each meet in the press room. Press row for most Nebraska gymnastics meets is located on the south sideline of the gym floor. The Devaney Center media work room is located off the southwest corner of the floor level, across from the interview room.

Husker Gymnastics on the Internet - Huskers.com: Complete results, releases and statistics will be updated each week on the official athletic department home page at Huskers.com. 2023 NEBRASKA MEN'S GYMNASTICS COACHES

HEAD COACH | 15TH SEASON

Coach Chmelka enters his 15th

season as Nebraska's head coach prepared to lead the Huskers through their 13th season in the Big Ten in 2023. In his last 14 years as NU's head coach, he helped produce ten top-10 NCAA finishes and 22 All-Americans. Chmelka looks to continue leading the Huskers to become one of the nation's topranked programs in the years to come.

In 2023, Chmelka produced three All-Americans (Taylor Christopulos, Donte McKinney, and Zac Tiderman) and a fifth-place finish at the NCAA Championships. Chmelka also produced a top-three finish, claiming third place at the Big Ten Conference Championships.

In 2022, Chmelka produced two All-Americans (Dillan King, Donte McKinney) and a fourth-place finish at the NCAA Championships. He led the Huskers to a second-place finish at the Big Ten Championships, tying for the best finish since joining the conference.

In 2021, Chmelka produced four All-Americans (Taylor Christopulos, Charlie Giles, Evan Kriley and Mitch Tyndall). Chmelka lead the Huskers to their best conference finish since joining the Big Ten, finishing second. The season was highlighted by a first-place finish at the NCAA Qualifiers and a fourth-place finish at the NCAA Finals.

In 2020, Chmelka produced one regular season All-American (Jake Bonnay) despite the season ending early due to the coronavirus pandemic. Chmelka was on track to reach the NCAA Championship Finals for the fourth year in a row. The Huskers finished the season ranked fourth in the CGA

Coaches Poll.

In 2019, Chmelka led the Huskers to their best national finish since 1999, as the team finished third nationally. Chmelka produced five All-Americans for six All-America awards (Jake Bonnay, Charlie Giles, Khalil Jackson, Josh Martin, Anton Stephenson). He coached Anton Stephenson to his third Big Ten vault title.

In 2018, Chmelka led the Huskers to a fifth-place finish at the NCAA Championships. Chmelka produced four All-Americans. He also developed the vault program, as Anton Stephenson placed second at the NCAA Championships and earned the gold medal at the Big Ten Championships. Chmelka also had three Huskers place in the top three at the Big Ten Championships (Anton Stephenson, Jake Bonnay, Kyle King).

In 2017, Chmelka led the Huskers to the team finals at the NCAA Championships for the first time since 1999 where the team finished sixth nationally. Chmelka produced two All-Americans (Austin Epperson, Kyle King) both on floor. Additionally, Anton Stephenson claimed the Big Ten vault title at the Big Ten Championships, becoming Chmelka's first conference winner and NU's first Big Ten Champion. He also helped Chris Stephenson claim NCAA Gymnast-of-the-Week accolades.

In 2016, the team shattered school records nearly every week, including total team score, total floor score (twice), total pommel horse score (twice) and total high bar score. Individually, Ethan Lottman and Kyle King broke the program record on pommel horse (15.55) and floor (15.85) respectively. The Huskers made a run in the postseason as well. Daniel Leal placed second on parallel bars at the Big Ten Championships. At the NCAA Championships, the team finished seventh. Four gymnasts took home All-America honors (Ethan Lottman, Sam Chamberlain, Austin Epperson, Anton Stephenson). It was the first time since 1998 that four gymnasts each took home an All-America honor

In 2015, Chmelka helped the Huskers overcome several health issues during the season. Junior Ethan Lottman erupted for a breakout year under Chmelka, earning All-America honors on pommel horse at the NCAA event finals. Lottman also captured the Elite 90 Award and was a CoSIDA Academic

In 2014, the Huskers finished strong despite being plagued with injuries early. Senior Wyatt Aycock led the team in the all-around, earning his second All-America honor. Over the course of the season, 15 Huskers tied or set career-highs on individual events. These achievements helped pave the way for NU's eighth-place finish at the NCAA Championships.

In 2013, Chmelka produced three All-Americans (Wyatt Aycock, Grant Perdue, Sam Chamberlain). This trio became NU's 48th, 49th and 50th All-Americans since 1975. At the time, the three All-America awards were the most earned in a single season for the Huskers since 1999.

In 2012, Chmelka led the Huskers to their first season in the tradition-rich Big Ten Conference. Under Chmelka's leadership, NU completed its inaugural Big Ten season with a 10th-place finish at the NCAA Championships paced by freshman All-American Grant Perdue.

In 2011, the Huskers continued to build by posting another top-10 national finish despite a lineup made up of primarily first- and second-year

gymnasts.

In his first season as head coach, Chmelka helped the Huskers return to the national top 10 by tying for ninth with a veteran team in 2010.

Before the 2010 season, Chmelka replaced legendary NU coach Francis

Allen, an icon of U.S. men's gymnastics.

Prior to becoming head coach, Chmelka served as an assistant under Allen (1986-2009), and assisted with three of the Huskers' eight national team championships. Since Chmelka joined the staff in 1986, he has coached Nissen-Emery Award winners Wes Suter (1986) and Tom Schlesinger (1988) and helped Nebraska win eight conference titles. Chmelka was named the 2007 CGA West Region Assistant Coach of the Year and was a finalist for the 2009 CGA West Region Award.

Chmelka competed at Nebraska from 1978 to 1981 and was a member of NU's first three national championship teams in 1979, 1980 and 1981.

Since 1982, Chmelka has been the program director and head coach for the Nebraska School of Gymnastics (NSG) boys' team, producing Nebraska All-Americans Dusty Jakub, Blake Bukacek, Derek Leiter, Ryan McEwen, Burkett Powell and Jason Christie. NSG athletes have competed in the Junior Pan American Games, Junior Olympic Nationals, Olympic Festival and have traveled abroad for various competitions (Junior Pacific Alliance Championships and USA vs Canada).

After completing his eligibility at NU, Chmelka was a volunteer assistant coach while finishing his bachelor's degree in community health, which he earned in 1982. In 1988, Chmelka added a bachelor's degree in education.

An Omaha South graduate and product of Omaha Sokol and the legendary Phil Cahoy Sr., Chmelka was a high school and collegiate teammate of Husker Olympians Jim Hartung and Phil Cahoy Jr.

of Nebraska in 2022-23.

In his first season at Nebraska in 2021-22, Alberts helped the Huskers navigate the ever-changing landscape of Name, Image and Likeness guidelines for the benefit of Nebraska student-athletes. He led the development of the N-Vest Nebraska programto award \$5,980 per year to student-athletes who meet academic benchmarks.

Alberts also spearheaded the charge to complete the fundraising for Nebraska's Go Big Project, which will provide Nebraska football with a new facility scheduled to open in the summer of 2023. The project will also

house academic, life skills, nutrition and support services for all Nebraska student-athletes

A tireless worker who puts both the interests of student-athletes and fans first, Alberts helped orchestrate a qualitative survey of Nebraska's fan base to help shape the future of Memorial Stadium's game-day atmosphere.

Alberts has also focused much of his time on developing the first strategic plan for Nebraska Athletics in 15 years. He has also committed himself to providing intense support and a unifying vision for Nebraska's coaches across all sports.

Nebraska's athletic achievements in 2021-22 included top-five NCAA finishes from Husker volleyball, wrestling and men's gymnastics programs, while the NU women's basketball and softball teams enjoyed breakout seasons that concluded with trips to the 2022 NCAA Tournament. The women's track and field team added a 14th-place finish at the NCAA Outdoor Championships - its best showing since 2006.

Academically, Nebraska student-athletes continued to shine with a school-record 95 percent graduation rate across all sports.

Alberts' tenure leading UNO athletics was marked by successes in competition and in academics; by transitioning the university's athletic programs to NCAA Division I in 2011; and by establishing new homes for many UNO athletics teams, including Baxter Arena, the Maverick Park baseball/softball complex and the soccer pitch at Caniglia Field.

Alberts took the bold step in announcing that Omaha would reclassify from Division II to Division I in all sports in 2011 and simultaneously securing conference affiliation with the Summit League for all of the department's then-Division II programs. His vision for UNO's reclassifying teams was demonstrated even before the four-year transition period had ended. The Omaha baseball team won back-to-back Summit League regular-season championships in 2013 and 2014, while the men's basketball team made its first Division I postseason appearance in 2014 with a berth in the CollegeInsider.com Postseason Tournament.

During UNO's time in the Division I ranks under Alberts tenure, the Mavericks had six teams and four student-athletes qualify for the NCAA Tournament, including hockey advancing to the Frozen Four in 2015 and men's soccer reaching the second round of the NCAA Tournament in the spring of 2021. He also expanded opportunities, adding men's golf and men's soccer in 2011, and Omaha began a men's swimming and diving program in 2021-22.

Throughout his tenure in Omaha, Alberts was focused on enhancing the student-athlete experience, including the construction and staffing of the Hamilton Academic Excellence Room and the development of the Ethel S. Abbott Student-Athlete Development Wing. Those efforts paid off in Nebraska-Omaha student-athletes posting consistent collective semester grade point averages above 3.3 for 18 consecutive semesters, including at least a 3.5 in each of his final three semesters.

The facilities around Omaha Athletics received a major uplift during his tenure. Maverick Park opened in March of 2021 to rave reviews as the home to the Mavericks' baseball and softball programs. Funding for the complex, which includes a 1,500-seat baseball facility and a 650-seat softball facility, were raised privately and provided both programs a permanent on-campus home for the first time.

Another crowning achievement was the opening of Baxter Arena in 2015. Alberts directed efforts to secure community support and funding to build the on-campus arena, which allowed the nationally prominent hockey program to play on campus and also serve as the home of the men's and women's basketball and volleyball programs. Caniglia Field underwent renovations in 2012, making it one of the finest collegiate soccer facilities in the country, highlighted by a FIFA 2-star rated playing surface and one of the largest LED videoboards in a soccer-only college facility.

Alberts' work on behalf of hockey, UNO's established Division I sport, also paid dividends. He successfully guided the Mavericks into the new National Collegiate Hockey Conference in 2013-14. The following year, Omaha reached the 2015 NCAA Frozen Four.

In addition, Alberts and his team led Omaha Athletics into a partnership with Learfield, a national leader in the marketing of collegiate athletics, and developed Omaha Sports Properties. As the exclusive corporate sponsorship sales unit for UNO Athletics, Omaha Sports Properties further enhanced revenue and increased brand prominence locally, regionally and nationally.

As part of UNO's reclassification to Division I, Alberts oversaw the rebranding of UNO athletics with new primary and secondary logos and a greater focus on strengthening the Maverick brand both regionally and nationally.

As a student-athlete, Alberts was an All-American on and off the football field as a Husker Blackshirt. He was Nebraska's first Butkus Award winner in 1993, helping Coach Tom Osborne's Huskers to an undefeated regular season and an Orange Bowl appearance against Florida State. A first-team All-American by every major publication in 1993, he was also the Football News National Defensive Player of the Year, the Big Eight Male Athlete of the Year, and the Big Eight Defensive Player of the Year. His No. 34 jersey was retired at the 1994 Red-White Spring Game. In 2015, he was elected to the College Football Hall of Fame.Off the field, Alberts earned the NCAA's highest honor, The Today's Top Six Award. A three-time Academic All-Big Eight honoree, he was a CoSIDA Academic All-American in 1993. He graduated from Nebraska before his senior season.

Alberts was the fifth pick in the 1994 NFL Draft by the Indianapolis Colts and played for the Colts until 1996. Following his NFL career, he served as an analyst on college and professional football games for major national networks, including ESPN, CNN/SI and CBS Sports Network.

Alberts and his wife Angela have three children – Chase (and his wife, Cassie), Ashtynne and Breanna.

SCOTT **FUESS, JR.**

ACULTY ATHLETICS REPRESENTATIVE 5TH YEAR

Scott M. Fuess Jr. was named the University of Nebraska-Lincoln faculty athletics representative on Feb. 21, 2020. He officially began his new role on July 1, 2020.

As faculty athletics representative, Fuess serves as a liaison between the Office of the Chancellor and Athletic Department. Areas of focus in the role include the welfare of student-athletes, maintaining the positive relationship between athletics and faculty, NCAA compliance, developing and responding to NCAA legislative proposals and representing the university at related NCAA and Big Ten Conference meetings.

The half-time position - which was restructured to an expected term of five years - reports directly to Chancellor Ronnie Green and consults with Athletic Director Bill Moos. The representative splits academic year time equally between academic responsibilities and faculty representative duties.

"The faculty athletics representative plays a key role as a leader dedicated to protecting and enhancing the student-athlete experience both here at Nebraska and across the NCAA," Green said in announcing Fuess' appointment. "Scott has needed experience with intercollegiate athletics and in training the next generation of athletics administrators. I know he will serve in distinction, continuing Nebraska's tradition as a national leader in the student-athlete experience."

Fuess, the Steinhart Distinguished Professor of Business and former chair of the College of Business' economics department, has worked at the University of Nebraska-Lincoln since 1986. He serves on the Faculty Senate's Intercollegiate Athletics Committee, having chaired the committee for 2018-19 and a sub-committee in 2017-18.

"It's an honor to serve the university as its faculty athletics representative," Fuess said. "I embrace the challenge to uphold and advance the university's well-earned reputation for supporting student-athlete academic success, as well as our renown for ethical leadership in intercollegiate sports."

In August 2018, Fuess was named director of the university's crossdisciplinary master's degree program that offers a specialization in intercollegiate athletics administration. The program - which has been completed by 48 Huskers - is built on MBA coursework, allowing students to earn hands-on experiences through Nebraska Athletics, industry professionals, other universities and alumni.

Fuess earned a bachelor's degree from the University of Delaware, as well as master's and doctoral degrees from Purdue University. His research interests revolve around issues of economics, primarily in labor, collegiate athletics and Japan.

NEBRASKA'S CONFERENCE HISTORY & HONORS

Note: Nebraska participated in the Big Eight Conference before 1995. After Iowa State dropped men's gymnastics following the 1994 season, the Big Ten Conference opted not to sanction a league championship meet because NU and Oklahoma were the only schools sponsoring a varsity team. NU entered the Mountain Pacific Sports Federation (MPSF) in 1995. The Huskers joined the Big Ten Conference for the 2012 season.

NEBRASKA'S CHAMPIONSHIP TRADITION

Winner

<u>Year</u>

College gymnastics' highest honor, the Nissen-Emery Award, has been presented annually since 1966 to an outstanding senior collegiate gymnast based on gymnastic achievement, sportsmanship and academic

The original Nissen Award was named in honor of George Nissen, a former NCAA champion, for his contributions to men's gymnastics. The award was re-named the Nissen-Emery Award in 1998 to honor Dr. Robert Emery, a Penn State graduate, who won the Nissen Award in 1969.

The "Heisman Trophy" of gymnastics, the Nissen-Emery Award is inscribed with the following motto:

"The true champion seeks excellence physically, mentally, socially and morally."

Nebraska's dominance of men's gymnastics throughout the 1980s is best illustrated by the three Huskers who captured the Nissen Award within a period of seven years.

Tom Schlesinger was the third NU recipient of the Nissen. He won the award in 1988, following former Huskers Jim Hartung (1982) and Wes Suter (1986).

NEBRASKA NISSEN-EMERY AWARD WINNERS

School

JIM HARTUNG, 1982

Jim Hartung captured Nebraska's first Nissen Award in 1982. A seven-time NCAA champion, Hartung led the Huskers to their first four NCAA team titles. The Omaha native capped his career as a member of the gold medal winning 1984 U.S. Olympic Team.

WES SUTER, 1986

Wes Suter won the Nissen Award in 1986 to cap a brilliant career in which he won the 1985 NCAA all-around title and two NCAA individual event championships. He competed for the United States in the 1988 Olympic Games.

TOM SCHLESINGER, 1988

Tom Schlesinger earned the Nissen en route to winning the 1987 NCAA all-around title. He earned NCAA All-America status seven times and went on to capture a spot on the 1988 Olympic Team as the United States' top alternate.

NEBRASKA'S OLYMPIANS

One of the nation's premier programs, Nebraska has produced nine athletes who have earned 11 U.S. Olympic positions, including a two-time Olympic appearance by current Nebraska assistant coach Jim Hartung. Former Head Coach Francis Allen was also a two-time Olympic team head coach for the 1980 and 1992 teams.

JIM HARTUNG: 1980, 1984

A two-time Olympian, Jim Hartung helped the 1984 U.S. squad to the gold medal. It marked the only time in Olympic history that the U.S. men have claimed team gold. A 22-time NCAA All-American and seven-time NCAA champion, Hartung won NCAA all-around titles in 1980 and 1981, was second in 1982 and third in 1979. In addition, Hartung won three straight NCAA still rings titles (1980-82) and back-to-back NCAA parallel bars crowns (1981-82). As a freshman in 1979, Hartung led NU to its first national championship. During his Husker career, Hartung guided NU to four straight national championships. An Omaha native and South High School graduate, Hartung was a product of the Cahoy School of Gymnastics. In 1982, Hartung became NU's first Nissen Award winner.

PHIL CAHOY: 1980

One of three Huskers on the 1980 Francis Allencoached U.S. Olympic team, Phil Cahoy was a 10-time NCAA All-American at Nebraska. Like Jim Hartung, Cahoy was an Omaha South High School graduate. He trained under his father, Phil Cahoy Sr., at the Cahoy School of Gymnastics before coming to Nebraska. As a Husker, he was a key figure on four NU squads that won national championships (1980-83). Individually, he was a four-time NCAA champion, winning back-to-back NCAA parallel bars and horizontal bar national titles in 1980 and 1981.

LARRY GERARD: 1980

One of three Huskers on the Francis Allencoached 1980 U.S. Olympic team, Larry Gerard was a seven-time NCAA All-American while at Nebraska. In 1979, Gerard finished fifth in the all-around to help Nebraska win its first national championship.

JIM MIKUS: 1984

The alternate for the gold medal winning 1984 U.S. squad, Jim Mikus was a five-time NCAA All-American at Nebraska. He was a valuable contributor for NU's national championship teams in 1981, 1982 and 1983. Mikus was a two-time NCAA All-American on the floor exercise and horizontal bar, and finished fourth in the all-around in 1982.

SCOTT JOHNSON: 1984, 1988

One of two Huskers who were two-time Olympians, Scott Johnson was a member of the gold medal winning U.S. squad in 1984. An 11-time NCAA All-American, Johnson was a three-time national champion at NU. At the 1983 NCAA Championships, Johnson won the floor exercise, parallel bars and horizontal bar national titles and placed second in the all-around.

WES SUTER: 1988

One of three Huskers on the 1988 U.S. Olympic squad, Wes Suter became NU's second Nissen Award winner in 1986. A five-time NCAA All-American at Nebraska, Suter finished his Husker career as a three-time NCAA champion. At the 1985 NCAA Championships, Suter won national titles in the all-around, floor exercise and horizontal bar.

KEVIN DAVIS: 1988
