RIFLE GLOSSARY

Air rifle – A gun that uses a .177 caliber lead pellet propelled by compressed air instead of a gunpowder charge. The rifles can weigh up to 12.12 pounds.

Cleaned – A perfect target, in which the shooter hits a 10 on each of the 10 targets on the sheet for a score of 100. Can also be used to refer to a perfect match.

Front sight – The sight attached to the end of the barrel of the rifle, holding the front aperture.

Electronic targets – A target system that uses microphones and sound waves from the bullet or pellet going through the paper to send to a monitor on each point.

Iron sights - Sights that employ no magnification.

Kneeling – Shooting from a kneeling position with a sling and kneeling roll to support the position.

Off hand - The unsupported standing position.

Perfect match score – In air rifle and smallbore, 600 is perfect.

Prone – Shooting from a lying position.

Record shots – Also known as "shots for record," those shots that are counted toward the match score, with "sighters" not included.

Relay – One group of shooters firing the match at the same time.

Shooting glove – A padded glove, with or without fingers, used to ensure the comfort of the non-dominant hand (i.e., a right-handed shooter wears

a glove on the left hand) as the shooter supports the rifle.

Shooting jacket – The jacket is made of leather or canvas and provides support and pads the shooter to minimize the effect of pulse and recoil. There are strict guidelines regarding the thickness.

Shooting boots – Boots designed for rifle shooting. They have the toe end of the sole and the heel cut flat for stability.

Shooting trousers – Snug canvas and/or leather pants usually worn over running tights or sweatpants. They often have padded reinforcements sewn on both knees and the seat to prevent the slipping of elbows and knees when firing from the kneeling position.

Sighting shots – Practice shots taken before going "for record." Sighting shots are unlimited and may be fired before the beginning of each position. Once a position's first record shot has been fired, no further sighting shots are permitted.

Sling – Adjustable strap with buckle adjustments and arm cuffs that provide stability. A sling is attached to the rifle and helps to support it in prone and kneeling positions.

Smallbore – A .22 caliber gun with an iron sight used in competition. It can be customized with special accessories and/or alterations (barrel length and style, stock, design, etc.) to fit the shooter's needs and comforts.

SCORING SYSTEM

AIR RIFLE

Course of Fire – Competitors stand and shoot lead pellets from .177 caliber rifles at targets 10 meters away.

Rifle – Air rifles can be either air or gas powered and weigh up to 12.12 pounds by NCAA regulations.

Perfect Match Score – A perfect match score of 600 is the maximum for air rifle.

Actual size of an air rifle target

SMALLBORE

NEBRASKA RIFLE 2024-25 OUTLOOK

The Nebraska rifle team will look to continue its success for the 2024-25 season after another record-breaking season in 2023-24. Head Coach Richard Clark looks to make an impressive debut. Before his arrival to NU, Clark was an assistant coach at Army West Point for the 2023-24 season.

The Huskers enjoyed numerous achievements in the 2023-24 season. The team had two CRCA All-Americans in Cecelia Ossi and Emma Rhode. Ossi shot a program-record score of 597 in the smallbore. The team shot the highest air rifle (2,384 at Air Force) and aggregate (4,728 at Air Force) scores in program history and tied the third-highest smallbore score in program history (2,345 against WVU).

The Big Red return two shooters from last year in Rhode and junior Camilla Johannessen.

Rhode, a junior, will look to lead the Huskers after earning the highest air rifle season average for a sophomore in program history (594.94) in 2023-24. In addition, she was a second-team CRCA All-American in air rifle. Her remarkable sophomore season also featured averages of 584 in the smallbore and 1,178.54 in the aggregate, both ranking second on the team.

"I'm excited to have Emma back," Clark said.
"She has been one of our counters for the past
two seasons and has a lot to offer this program
both on and off the range. I look forward to her
stepping into a leadership role and mentoring
our freshmen off the range while being a great
example of how to get things done on the range."

Johannessen competed in every match last season for the Huskers, including the NCAA Championships. She earned a career high of 581 in the smallbore last season while averaging 572.39 in the smallbore, 584.77 in the air rifle and 1,157.15 in the aggregate.

"Having Camilla back is exciting," Clark said. "If you want to know what it means to be a student athlete at Nebraska, look no further than her. She is constantly purusing perfection in the classroom, on the range and in all other facets of life. I look forward to seeing what she can accomplish this year."

Despite losing three shooters from last season, the Huskers will be adding four freshmen to the squad. Grace Corbett, Riley Dunn, Maddy Moyer and Alivia Perkins all look to make strong debuts for the Husker rifle team in 2024-25.

Corbett comes to Nebraska from West Springfield High School in Springfield, Va. She placed first in the U21 Virginia Junior Olympics Air Qualifier, which made her eligible to compete in the 2024 Junior Olympics in both the smallbore and air rifle. She competed in the 2022 and 2023 Junior Olympics and garnered First-Team All-Metro honors in 2023.

"Grace has been a joy to have around at practice," Clark said. "In the few short weeks she has been on campus, she has already proven that she is a student of the sport and eager to gain experience as she starts her freshman year here at Nebraska. I'm excited to see what she can do as she gains experience and progresses through her four years here."

Dunn brings an impressive resume to the Husker rifle team. A native of Pittsburgh, Dunn was a four-year all-conference athlete during her career at McGuffey High School. During the 2022-23 school year, she was the WPIAL Pennsylvania individual championship gold medal winner, becoming just the third student athlete to win multiple WPIAL individual titles. Dunn continued her accomplishments, as she qualified for the 2024 Junior Olympics and was also the 2024 Pennsylvania Interscholastic High School Rifle State Champion in three-position smallbore.

"It's been a pleasure getting to know Riley," Clark said. "She always brings a fun and light mood to practice, but knows how to put in work to help push herself and her teammates to the next level. I am excited to see what the next four years have in store for her."

Moyer comes from Lumpkin County High School near Atlanta, Ga. Moyer made the Georgia All-State rifle team while shooting the highest season average in the region. As a junior, she placed second at the Georgia State Championships. At the 2023 Dixie Doubles Tournament, she placed third in the junior division in air rifle and 14th overall in the same event.

"It's exciting to have Maddy on campus this year," Clark said. "She has shown her strong pursuit to excel both on and off the range. Maddy has already been competing at a high level and

I am excited to see where the next four years take her as she takes advantage of the resources UNL has to offer."

Perkins comes from Fort Wayne, Ind., where she was a 2024 Indiana Junior Olympics silver medalist in air rifle and smallbore, along with earning a gold medal in 3P Air for the Indiana State Rifle and Pistol Association. She set a new state record for 3P air in 2024, breaking her own previous record in 2023. In 2023, Perkins won the gold medal for the Women's U18 Junior Olympics in smallbore, as well as winning gold in the smallbore and bronze in the air rifle at the Indiana Junior Olympics. Perkins also competed in the Indiana Junior Olympics in 2021 and 2022.

"It's great to have Alivia on campus," Clark said. "She brings a large wealth of knowledge and experience to the program and has competed for Junior World Cup and Junior World Championships teams throughout her high school career. I am excited to see her continue hard work and help push our program forward throughout her years here."

Alivia Perkins comes to Nebraska after winning gold in the smallbore at the 2023 U18 Junior Olympics.

Emma Rhode was named a Second-Team CRCA All-American in the air rifle in 2023-24.

Camilla Johannessen competed in every match for NU in 2023-24, including the NCAA Championships.

Dr. Rodney D. Bennett began his work as the 21st chancellor of the University of Nebraska–Lincoln, Nebraska's flagship, Big Ten research institution on July 1, 2023. He is a 30-year veteran of higher education with a track record of growing research, increasing student success and building impactful partnerships.

In his first year as Chancellor, the University experienced rising retention and graduation rates, demonstrated positive signs related to enrollment, and expanded its research and creative activity efforts.

DR. RODNEY BENNETT

Chancellor

- In Fall 2023, almost 4,700 first-time freshmen enrolled at UNL—an increase of 1.3 percent from 2022. 75.4 percent of those first-time freshmen are from Nebraska.
- Spring 2024 overall enrollment reversed a trend of five straight years of spring enrollment declines
- Over the last five years, UNL retention from first to second year has increased 2.3 percentage points and four-year graduation rate has increased more than 8.5 percentage points.
- In 2023, the university's total research expenditures grew to \$366 million, a 37 percent increase over the past decade. UNL has also experienced tremendous growth in externally sponsored federal funding, increasing to a record \$163 million in 2023.

Chancellor Bennett came to Nebraska after nine years of successful leadership at the University of Southern Mississippi. During his tenure as president, USM was reclassified from a Carnegie R2 to an R1 university, signaling growth in research prestige and funding. Dr. Bennett also invested in programs to support student recruitment, retention and outcomes, including for the 30 percent of USM students who were first-generation. His efforts led to an improvement in the university's six-year graduation rate.

Prior to his role at the University of Southern

Troy Dannen, a leading voice in collegiate athletics with extensive experience as an athletic director and deep ties to the Midwest, is in his first year as Nebraska's Director of Athletics. Dannen was hired on March 20, 2024, and has hit the ground running in Lincoln

Nebraska Athletics enjoyed success during Dannen's first championship season, as the Husker baseball program won its first Big Ten Tournament title and reached the 40-win plateau for the first time since 2014 while the Husker track teams put together impressive showings. The Husker men won the Big Ten Outdoor title and earned their best NCAA Championship finish since 2016 with a 13th-place finish, while the Husker women posted their second straight top-10 NCAA finish and placed ninth at the national meet. Nebraska finished 22nd in the final 2023-24 Learfield Director's Cup, the program's highest finish since 2010.

Dannen has been a leader in charting the course for a new era of collegiate athletics, serving from 2021 to 2023 as a member of the NCAA Constitution Committee and the Division I Transformation Committee. Dannen also previously served as the chair of the NCAA Football Competition Committee and was an Executive Committee member of the Football Oversight Committee. TROY DANNEN

Athletic Director

In 2022, Dannen was a finalist for Sports Business Journal's Athletic Director of the Year award, and he received the Distinguished American Award from the Sugar Bowl Chapter of the National Football Foundation.

Dannen came to Lincoln after serving as Director of Athletics at the University of Washington. He helped guide the Huskies' transition to the Big Ten Conference and oversaw a football program that reached the College Football Playoff National Championship Game in January of 2024.

He arrived at Washington in the fall of 2023 after serving as Director of Athletics at Tulane University since 2015. While at Tulane, Green Wave student-athletes earned 49 All-America honors, a national championship, 21 conference championships and 41 postseason appearances.

in 2022-23, Tulane football won its first American Athletic Conference football championship and won the Cotton Bowl over USC, which was ranked ninth in the nation at that time. The men's basketball program won 20 regular-season games for the first time in two decades. Additionally, men's tennis advanced to its sixth NCAA Tournament in seven years, both bowling and beach volleyball finished ranked in the top 20, and baseball won the conference championship.

Tulane's football program participated in an unprecedented three consecutive bowl games from 2018 to 2020, winning back-to-back bowl games for the first time in 128 years of football at the University.

In the classroom, Tulane student-athletes excelled at a high-level. At the end of the 2022-23 academic year, over 68 percent of Green Wave student-athletes earned a 3.0 GPA or better, with a 93 percent Graduation Success Rate and a record-setting department Academic Progress Report of 992, with seven teams earning a perfect 1000 APR score.

Dannen spearheaded fundraising efforts and numerous capital projects at Tulane. He helped secure the largest unrestricted gift in Tulane Athletics history, an endowment gift that funded the operation of a new sport

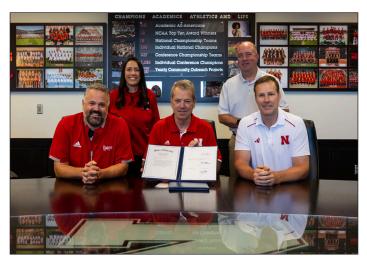

(sailing), and a \$10 million lead gift for capital renovations, which was the second-largest gift in department history. In addition, marketing and licensing revenue grew four-fold, and in 2022-23, Tulane football, basketball and volleyball set ticket sales and revenue records. Under Dannen's leadership, the Green Wave Club Annual Fund grew by 40 percent in terms of donors, and 45 percent in terms of dollars.

Increases in fundraising and major gift donors positively impacted capital project development and completion. A \$13 million renovation to the Reilly Natatorium, home of the swimming and diving program, as well as \$8 million in renovations to locker rooms and the sports medicine area inside the Wilson Center were completed in 2023. Dannen also oversaw construction of a new dining facility, weight room, basketball and volleyball locker rooms. Tulane also completed a \$2.4 million academic center renovation and a \$5 million television and digital production center.

Dannen came to Tulane after serving eight years as the Director of Athletics at the University of Northern Iowa (UNI) from 2008 to 2015. During his tenure, the Panthers enjoyed success at both the conference and national levels, highlighted by an NCAA Sweet 16 appearance in 2010 by the UNI men's basketball team. During his eight-year tenure, UNI was recognized with 39 All-Americans, 13 Coaches of the Year and nine Missouri Valley Conference (MVC) Players of the Year. UNI football, men's basketball, women's basketball, volleyball and softball combined to reach 15 NCAA tournaments and 20 postseason berths during that stretch. For his efforts, Dannen was recognized as NACDA's FCS Athletic Director of the Year in 2014.

Prior to his time at UNI, Dannen served as the lowa Girls High School Athletic Union's Executive Director for seven years, overseeing 400 high schools and 10 sports.

Dannen grew up on a farm just outside Marshalltown, Iowa, and graduated from UNI in 1989 with a degree in communications. He is married to Amy, and has four children: Elle, Emily, Holly and William.

ATHLETIC MEDICINE

Nebraska features one of the most well-trained and highly skilled athletic medicine staffs in the country. Under the guidance of Associate Athletic Director for Athletic Medicine Brandon Yoder, the Nebraska athletic medicine staff consists of 22 full-time athletic trainers, two graduate assistant athletic trainers, as well as a team of primary care, sports medicine and orthopedic physicians.

Nebraska's medical facilities have long been among the nation's best, and the Husker football program moved into the Osborne Legacy Complex in 2023. The facility includes state-of-the-art equipment for the evaluation, diagnosis, treatment and rehabilitation needs of the players. The athletic medicine staff continues to strive for growth with advanced coursework, allowing for innovation and research-based decisions to improve medical outcomes in conjunction with other athletic performance units to help create an allencompassing health care model.

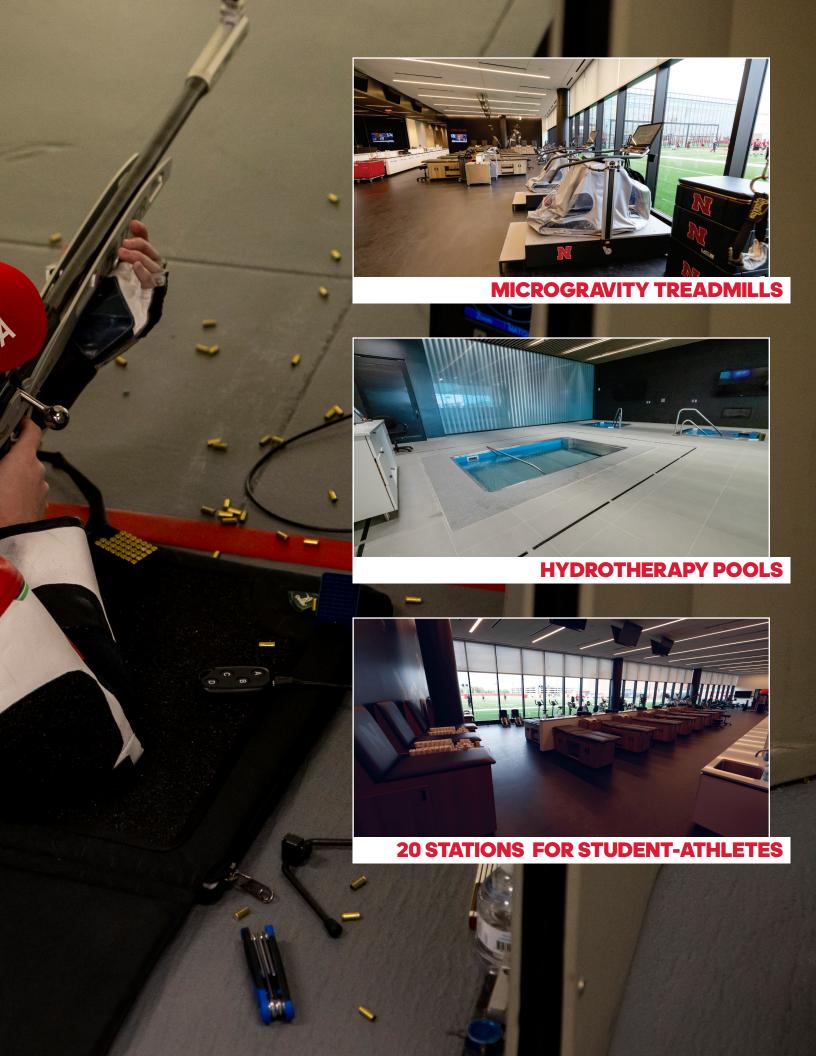

In addition to the Osborne Legacy Complex, the Tom and Nancy Osborne Athletic Complex, Hawks Field, Bowlin Stadium, Pinnacle Bank Arena, the Bob Devaney Sports Center and the Nebraska Soccer and Tennis Complex all feature athletic medicine facilities.

SPORT PSYCHOLOGY

Continuing its commitment to complete care for all student-athletes, Nebraska has a staff of five in-house mental health providers specializing in performance psychology who work directly with student-athletes, teams and coaches. Under the leadership of Director of Sport Psychology Brianna Ward (above), the Huskers' sport psychology staff provides counseling, psychological services, mental skills training, teambuilding and leadership development services for each of Nebraska's 24 sports and more than 600 Husker student-athletes. The staff works directly with student-athletes to help them develop skills to enhance personal well-being, address mental health and train psychological skills to optimize performance

ACADEMIC COUNSELING

A team of 14 academic staff members are in place to monitor daily academic progress, promote skill development, receive consistent course feedback, assist with the advising/registration process and monitor eligibility and progress toward graduation.

TUTORIAL SUPPORT

A tremendous resource for all academic abilities, tutorial support is available from day one up to college graduation in all subject areas. Tutorial support is provided both in-person and virtually. Nebraska's tutorial program is certified by the College Reading and Learning Association.

STUDY HALL

Student-athletes attend a supervised study hall within the newly-opened Osborne Legacy Complex that features day, evening and weekend hours. Student athletes are required to complete a specific number of study hours each week and/or a list of academic tasks as determined by their academic counselor, learning specialist and coach.

MENTORING

Academic staff serve as mentors to all incoming student-athletes and select returning student-athletes. The student-athletes meet with their mentor weekly to develop time management skills, gather and report academic progress information and discuss academic success strategies.

EDUCATIONAL ASSESSMENTS

Assessments are administered upon the request of the student-athlete, academic counselor or coach. Learning specialists are available to administer and score informal assessments, which include a reading comprehension and a writing assessment. When more in-depth assessments are necessary, referrals are made to a neuropsychologist who conducts the assessments. If it is determined a student-athlete has a learning disability or another medical condition that impedes the student from reaching their academic potential, appropriate accommodations are implemented by the Office of Services for Students with Disabilities.

STUDENT-ATHLETE ORIENTATION

Each new student-athlete attends an orientation at the beginning of their academic career. Student-athletes are introduced to staff, faculty, administrators and a variety of resources that help facilitate the transition into college while enhancing awareness of support services in the Athletic Department and across campus.

PERSONAL COUNSELING

Student-athletes will find a supportive and caring environment at Nebraska. Transitional issues, stress management, time management, academic focus and problem resolution are all addressed in a proactive manner throughout the year. If necessary, counseling referrals are also made to designated practitioners.

COMPUTER RESOURCES

All student-athletes are provided the opportunity to have a laptop for use during their academic career at Nebraska. The Osborne Legacy Complex has printers and desktop computers available for student-athletes to use in the facility. A full-time computer specialist is on-site and available to assist with technology needs.
