02 PROGRAMME OVERVIEW

A Professional Degree for Construction Leaders and Project Management Professionals

The construction industry plays a vital role in economic growth, infrastructure development, urbanisation, and national transformation. As projects become larger, more complex, and increasingly multidisciplinary, organisations require professionals who can effectively manage resources, budgets, timelines, stakeholders, risks, and project delivery.

The Professional Master of Science in Construction Project Management (M.Sc. CPM) at the University of Ibadan is designed for professionals seeking advanced expertise in planning, managing, and delivering construction projects successfully while ensuring quality, efficiency, sustainability, and compliance with industry standards.

Delivered fully online through UI eCampus, the programme allows professionals to strengthen their project management capabilities without interrupting their careers.

03 WHY CHOOSE THE UNIVERSITY OF IBADAN

Why Choose the University of Ibadan M.Sc. CPM?

The University of Ibadan is Nigeria's first university, with more than 75 years of academic excellence, leadership, and national impact. Its name carries a legacy of scholarship, credibility, and influence across Nigeria and beyond.

Through UI eCampus, that legacy is now accessible to professionals who need a flexible and modern way to study. Learn from anywhere, continue working while studying, and gain a qualification that supports your growth in technology and leadership.

04 WHO THIS PROGRAMME IS FOR

Who This Programme Is For

This programme is designed for:

01 **Construction Professionals**
Individuals working in construction, infrastructure development, and project delivery environments.

02 **Engineers and Technical Specialists**
Professionals seeking project management expertise to complement their technical knowledge.

03 **Quantity Surveyors and Built Environment Practitioners**
Professionals responsible for project planning, costing, procurement, and contract administration.

04 **Project Coordinators and Supervisors**
Individuals preparing for senior project management and leadership roles.

05 **Industry Professionals Seeking Career Advancement**
Those who wish to strengthen their management capabilities and improve effectiveness in complex project environments.

06 WHAT YOU WILL STUDY

What You Will Study

The programme covers construction project management, leadership, and delivery. Students will study subjects such as:

01 Construction Project Planning and Scheduling

02 Project Risk Management

03 Construction Economics

04 Procurement and Contract Management

05 Project Leadership and Team Management

06 Cost Control and Budgeting

07 Quality Management

08 Applied Project Research

These modules develop the strategic, technical, and leadership capabilities required to manage complex construction projects and deliver successful outcomes.

07 LEARNING EXPERIENCE

Learning Experience

The M.Sc. CPM is delivered fully online through UI eCampus. Students access lectures, project management tools, industry case studies, and assessments through a secure digital learning environment.

Through UI eCampus, students benefit from:

01 100% online learning

02 Flexible access to course materials

03 A structured academic journey

04 Digital learning support

05 Online assessments

06 Access to academic resources

07 A learning experience designed to support construction professionals who want to advance their careers while continuing to contribute to ongoing projects and goals.

08 ENTRY REQUIREMENTS

Entry Requirements

01 Applicants must hold a minimum of a Third Class degree from a recognised university in a relevant subject area with at least two years of cognate work experience; or an HND with a minimum of Lower Credit and at least four years of management-level experience in the construction industry.

02 Applicants must have five (5) O'Level credit passes at one sitting, or six (6) credit passes at no more than two sittings, including a credit pass in English Language and other relevant subjects.

03 Applicants must submit the required application documents:
- Valid National ID or International Passport (International Passport for international applicants)
- Curriculum Vitae (CV)
- Relevant academic transcripts and certificates
- NYSC Discharge or Exemption Certificate (Nigerian applicants)

04 Applicants must complete the University's online Test of Proficiency in English (TPE) with a score of at least 40%, taken within four weeks after classes begin. Degrees must be from the University of Ibadan or a university recognised by the UI Senate.
