Dear Parent,

As outlined in our previous letter, we currently have a number of students in the school with serious nut allergies. We have now also been made aware that there are students attending the school with severe sesame seed allergies.

In order to help us provide a safe environment for all students, we ask again that you **do not include any items containing nuts, traces of nuts, or sesame seeds** in your son's school lunch.

We would also ask that you remind your son to be mindful of food items purchased in town and brought back onto the school premises, as these products may contain nuts, sesame seeds, or traces of these allergens.

I want to thank you in advance for your care and consideration to help us make the whole school an inclusive and favourable environment for all our students.

Regards

Brendan O'Sullivan
Principal
