TY PROGRAMME STATEMENT

- The TY Programme Statement is designed around the development and learning of students moving from junior cycle into senior cycle, and as they prepare for their future lives as local, national and global citizens. The statement offers guidance to schools on how to develop a TY programme for all students. Schools have autonomy and flexibility to design their TY programme within the parameters of this TY Programme Statement

This school's TY Programme will;

- To nurture the development of the students as a whole person by building on their previous experiences, through a curriculum designed by the school that is aligned to the TY Programme Statement.
- Create space and opportunities for meaningful, enjoyable learning experiences through which key competencies of the student can be developed in the classroom and school, in the home and in their role as local, national and global citizens.
- Expand the student's experiences and awareness of diverse future pathways and nurture the student's capacity to sustain their growth and development through the process of lifelong learning.
- Evolve continuously to support the learning and development of the student through reflection and renewal process involving students, teachers, school leaders, parents and community partners.

STUDENT DIMENSIONS

- Personal Growth
- Being a learner
- Civic and Community Engagement
- Career Exploration

STUDENT DIMENSIONS

Personal Growth

Students mature socially and emotionally over the course of the year, developing in areas that include health and wellbeing, autonomy, identity, empathy and leadership.

Being a Learner

Building on their previous experiences, students begin to develop as senior cycle students, embracing opportunities and strategies for learning that work best for the student now and into the future.

Civic and Community Engagement

Students make a positive difference in their schools, communities and society. They learn to act on their responsibilities and exercise their rights as local, national and global citizens in ethical and sustainable ways

Career Exploration

Students explore diverse future pathways in a guided and coordinated manner, gaining first-hand workplace experience, and developing career related competencies.

Please be aware that there will be an optional foreign tour Spring 2027 and there will be an additional cost involved

Please check out
Arklow CBS Facebook
and Instagram page
for regular TY updates
of all activities.

There will be an
updated parents'
handbook on the
website soon.
