Green Week 2026

Green Week was a great success in our school last week, with different activities taking place. Students engaged in Green Week activities during assemblies, participated in Walk to School Day, and celebrated achieving our Green Flag for the Travel Theme with a special flag-raising ceremony. We also enjoyed a whole-school walk, promoting wellbeing and care for the planet. TY students took part in a "Cycling in Style" talk and a litter-picking competition, highlighting the importance of sustainable travel and caring for our environment. The week also included a fundraiser for Barnardos, and we thank everyone for their generosity and support.
