Booklist and iPad information for 5th Year 2026/2027

During senior cycle students have the option in class to use the ebook or physical books however the **iPad is still used extensively so it is compulsory for students to bring it to every class.**

- On the inside cover or inside back cover of new physical books, there will be an ebook code. The ebook can be downloaded onto the iPad for free from the publisher's site with this code. Students login to the [publisher website](#) (Gill, Edco, Folens etc.) and redeem the code. A code will not be needed for Educate books.
- Any issues with ebook downloads must be reported to the book supplier. The school are unable to give assistance here as the books are being sourced from suppliers completely independent from the school.

5th years are expected at all times to bring their iPad to class. iPads are used extensively for Schoology, research purposes, assignments and communication with students.

SENIOR CYCLE JUMPER AND TRACKSUIT – Available to order online at
