Academic Year 2026-27

Dear Parents/Guardians,

Your Son/Daughter has been provided the following under the school book scheme:

- All textbooks required for all subjects.
- A Calculator, maths set and log book.
- Basic pencil case supplies.
- Copies and folders required for all subjects.
- Art materials where applicable
- Graphics/DCG tool box where applicable

Books are logged out to your child using our library system. Calculators, logbooks, Maths Sets, Art boxes, and Graphics/DCG tool sets are labelled with their details.

It is your child's responsibility to care for and mind all materials. They are on loan from the school and remain property of the school.

Should any book be lost or not returned in a good reusable condition, a fee of **€25** will be charged for its replacement. This also applies to DCG toolboxes.

Calculators, logbooks and Maths sets provided are to be kept year to year. They will not be reissued by the school, and should they be lost, it will be your responsibility to replace them.

It is yours and your child's responsibility to monitor their pencil case supplies and to replenish them as required.

Kind Regards
Curragh Community College
