Additional Information

- All textbooks will be provided to students free of charge at the start of the year. These books remain the property of the school for the duration of the school year – they are on loan to the student. Students must return all 1st year specific textbooks (e.g. Irish) to the school by the end of the school year. They will retain schoolbooks which last for the duration of the Junior Cycle course (e.g. History) until the end of 3rd year.
- Students will be provided with a calculator at the start of first year. It is essential that they mind this calculator until the conclusion of the Junior Cycle as it will not be replaced by the school.
- Where students lose or cause significant damage to a textbook provided by the school, they are liable for the cost of replacement of the same.
- Students are responsible for all stationery and copybook needs – pens, highlighters, calculators, exam sets, copies, folders etc. The school will not provide these to students.
- An Administration Charge of €140 is payable to the school through the school app. Please see the letter sent from the Blackrock ETSS Board of Management.
- Students will use an iPad in Blackrock ETSS. Please see the school's website for more information regarding purchasing an iPad with our technology provider, *Select*.
- In October, students will make their choices between their option subjects – they will receive their textbooks after this date. Please note that some option subjects require a student contribution for materials used throughout the year (e.g. Wood Technology). These are outlined above.
