Oideachas don Todhchaí
Education for the Future

A Welcome from Our Senior Leadership Team

Coláiste Abbáin is a growing, student-centred rural school in the heart of County Wexford.

Our core aim is to nurture the talents of our students and to inspire confident, respectful learners who will thrive in third-level education and the world of work. We have a superb, dedicated and enthusiastic teaching team whose focus is the holistic development of every student, so that each one can reach their full potential. There are many co-curricular and extra-curricular activities in Coláiste Abbáin, and every student is encouraged to take part.

Student leadership and student voice are central to daily life in our school, and we are extremely proud of the range of initiatives and programmes we have put in place to support them. Our students thrive because they are supported, encouraged and cared for, and because they feel a real sense of belonging in a purpose-built school with state-of-the-art equipment and facilities.

We are ambitious for our students, and they deliver. In 2026 our Leaving Certificate students achieved HIs in 11 different subjects – a clear reflection of the standard and calibre of teaching in our school – and our top student achieved 613 CAO points.

We are proud of our school, but even prouder of our students. You can see their work on our website and social media pages. In Coláiste Abbáin we expect the highest professional standards and we are ambitious for continued success. If you would like any further information, please contact us – we will be happy to help.

Why Choose Coláiste Abbáin?

We aim to prepare students for life and responsible citizenship, and to motivate them to achieve their full potential.

Every member of our school community matters, and that is central to every decision we make. We provide a welcoming, secure learning environment that is respectful, caring and stimulating – in other words, we develop the whole person, in a safe, orderly and supportive school where students can flourish in an atmosphere of mutual respect.

- A co-educational school where boys and girls learn together, building a confidence that is a springboard for success in third level and beyond.
- A rural school with a strong sense of community, where students are encouraged to contribute positively to their school and local area.
- An excellent care structure: every student is looked after by a Class Tutor and a Year Head.
- A Student Support Team that meets weekly to plan supports that help students engage positively in school life.
- Our Meitheal programme, helping First Years make a smooth move to post-primary school.
- Excellent canteen facilities with home-cooked meals and snacks at break and lunch.
- Supervised after-school study, and a free First Year Homework Club four days a week.
- A purpose-built, state-of-the-art campus.
- A Home School Community Liaison teacher who works with parents, guardians and families to support each child's education.
- A wide range of extra-curricular activities, and tours at home and abroad.
- A much-loved annual Variety Show and School Panto showcasing our students' talents.
- An Amber Flag school, with an active focus on positive mental health supports and initiatives.
- Proud holders of the Green Schools Flag, with an active Green Schools Committee.
- An Erasmus+ school since 2026, with language exchanges and Gaeltacht scholarships for our students.

What Others Say About Our School

Don't just take our word for it. Here is what inspectors and parents have said about Coláiste Abbáin.

“

Highly effective classroom management and learning routines were noted in all lessons, with a good teacher and student rapport and a positive learning atmosphere evident.

Department of Education Inspectorate · Subject Inspection Report, 2024

“

Good relationships between students and teachers were a feature of all lessons.

Department of Education Inspectorate
Inclusion and Additional Needs Inspection, 2023

“

A strong desire to look after the needs of students and promote inclusion and participation was evident in all discussions with management and staff.

Department of Education Inspectorate
Inclusion and Additional Needs Inspection, 2023

“

In focus groups students reported that all students are treated fairly and respectfully in school.

Department of Education Inspectorate
Inclusion and Additional Needs Inspection, 2023

“

Some very good use of visuals was observed, and in all lessons opportunities for collaborative learning and discussion were provided.

Department of Education Inspectorate
Follow-Through Inspection, 2025

From our parents

“

My daughter just goes about her day free from worry. Every day she is asked how her day went, and her reply Monday through Friday is 'great!'

Parent

“

From day one the school has gone above and beyond for my daughter. Her confidence has grown. She loves going to school and comes home happy.

Parent

“

I've always believed that student welfare and wellbeing were at the forefront of everything in Coláiste Abbáin. Keep it up!

Parent

“

Teamwork in TY has been fantastic... the variety of subjects is excellent. Trying new subjects has definitely made my child's confidence bloom!

Overview of Our School

Coláiste Abbáin is proud to operate under the patronage of Waterford and Wexford Education and Training Board (WWETB), part of the national network of 16 ETBs.

All ETB schools around the country are united by the ETB core values. As a whole-school community, we strive to live out these values every day.

Excellence in Education

Care

Equality

Community

Respect

Our Mission Statement

Coláiste Abbáin endeavours to provide quality education for all students in a caring, disciplined and respectful environment. We aim to prepare students for life and responsible citizenship and motivate them towards achievement of their full potential.

WWETB Vision

WWETB aims to be the leader of learning through delivery of high quality, inclusive and innovative education and training services in our community.

WWETB Mission

To provide a wide range of high-quality education and training programmes, services and supports to children, young people and adults across the Waterford and Wexford region.

Promoting Excellence in Education

We are a growing school community, and we have developed the following initiatives and programmes to support and guide every student to reach their full potential.

Induction Week

At the start of every academic year, we run a busy Induction Week for all year groups, giving students the training and supports they need to prepare for the year ahead. Each Induction Week is tailored to the needs of students so that they are supported to achieve and succeed.

Induction Week features

Study skills

Éacht Programme training

Exam skills

Guidance on subject levels

Careers talk

Mental Health Support Day

Digital learning

Éacht Attainment Programme

The Éacht programme is a commitment by staff and students in Coláiste Abbáin to support attainment through focused formative assessment. It is aimed at improving student motivation and exam grades by introducing effective learning techniques and setting realistic study plans.

Our Senior Leadership Team and Guidance Department meet regularly with senior students to set targets, reflect on individual attainment and discuss the supports needed so that every student thrives. The programme helps students reflect on their academic performance and plan for future success, and we invite guest speakers from many fields of work to share their experiences with students.

Regular Assessment and Feedback

International research shows that regular feedback helps students succeed, and can improve a student's exam result by up to two grades.

In Coláiste Abbáin we assess in a variety of ways:

- Regular class tests.
- Formative assessment, where students are given feedback on how to progress and improve.
- Formal assessments at Christmas and Summer, with written reports to parents and guardians.
- Pre-Junior Cycle and Pre-Leaving Certificate examinations.
- Formal parent, guardian and student meetings at regular intervals during the school year.
- Monthly attainment reports for Fifth and Sixth Year students, up to the mock exams.
- Report Reading Week: every student receives a hard copy of their report in school, with 'quiet time' to read it, set targets and reflect on their progress using a set of reflective questions.

Numeracy in Assessment

Students plot their class test and term report results on progress charts in their school journals for each subject. This helps them reflect on their strengths and plan how to improve for their Christmas and Summer reports and their State Examinations.

Teacher Expectations

Teachers in Coláiste Abbáin expect students to always give of their best in effort and commitment, with progression to higher education as a fundamental expectation. This expectation motivates students to work towards and achieve their academic goals. Our teachers are extremely committed to our students and go above and beyond to meet their needs. We engage in high-quality professional development, including our Lunch and Learn programme, where staff meet to share best practice and new teaching methods.

Homework and Supervised Study

Homework

Homework reinforces the learning that has taken place during the school day and prepares students for the lessons that follow. It is an integral part of school life in Coláiste Abbáin.

Every student is given a homework journal in which homework must be recorded for each class. Our Year Heads and Class Tutors regularly check journals to make sure students are completing their homework to a high standard. This check-in system also means that students who need extra support get the help they need to succeed.

Supervised Study

Supervised after-school study runs four afternoons a week, from 4pm to 6pm in the school library.

It gives students the opportunity to complete their homework and study in a quiet, comfortable setting – with the structure and routine that help them make the most of their time.

Four afternoons a week

4pm – 6pm · School library · Supervised

First Year Homework Club

Our supervised Homework Club for First Years runs after school four days a week, free of charge. During the first term, two staff members are on hand to help First Years with their homework as they settle into secondary school.

Curriculum

Our goal is to create a supportive and joyful environment where students can thrive and achieve their full potential.

We offer the Junior Cycle, Transition Year and Leaving Certificate programmes, with a diverse range of subjects designed to meet the evolving needs of our students. We review our curriculum every year to make sure the needs and interests of our students are catered for, and we are immensely proud of the range of subjects on offer.

Junior Cycle Curriculum

In October of First Year, students choose the elective subjects they wish to study for their Junior Cycle. We firmly believe that experiencing every subject in First Year helps students and parents make well-informed decisions. Our Guidance Team provides detailed videos for parents on the implications of subject choices, and supports students to make the right choices for them.

Junior Cycle Core Subjects	Junior Cycle Elective Subjects
English	French or German
Gaeilge	Geography
Maths	Business
History	Music
Science	Art
Physical Education	Metalwork / Engineering
CSPE & SPHE	Woodwork / Wood Technology

Junior Certificate School Programme (JCSP)

What is JCSP?

JCSP is a social inclusion programme for students who may be at risk of becoming socially or academically isolated, or of leaving school early before completing the Junior Cycle.

Aims of JCSP

- To retain students
- To bridge the gap
- To build strong and positive learning foundations
- To make school relevant and accessible to young people

The programme aims to ensure that each student

- Is affirmed
- Develops a pattern of success
- Enjoys school and stays in school
- Has good news to bring home
- Feels good about themselves
- Improves their attendance
- Sees possibilities for themselves

Transition Year

Transition Year is an optional one-year programme that bridges the more dependent learning of the Junior Cycle and the independent, self-directed learning of the Senior Cycle.

Our TY programme gives students the chance to engage in independent learning, to develop general, technical and academic skills, and to mature and grow without the pressure of a terminal exam.

Coláiste Abbáin has designed its TY curriculum as a dynamic programme with a continuing emphasis on academic excellence and achievement. It combines the best teaching and learning strategies, with cross-curricular work, experiential learning and activity-based learning. The curriculum is broad and balanced, and learning-led rather than exam-led, helping students become self-regulated learners.

TY combines core and optional subjects. Optional subjects rotate during the year so every student samples the full range of subjects offered in Coláiste Abbáin – leading to better-informed Senior Cycle subject choices. The programme is reviewed every year, so subjects on offer may change.

TY trips abroad: Lake Garda, Verona and the ski slopes

Senior Cycle Curriculum

We offer the established Leaving Certificate, Leaving Certificate Life, Community and Work (formerly LCVP) and the Leaving Certificate Applied (LCA) programme.

Leaving Certificate

With the support of our Guidance Team, conversations with home, analysis of results and CAT4 tests – and, most importantly, listening to student voice – students choose seven examination subjects for their Leaving Certificate. All subjects in Coláiste Abbáin are taught to Higher Level standard.

Core Leaving Certificate exam subjects

English · Gaeilge · Maths · Life, Community and Work

Elective Leaving Certificate exam subjects

Art	French
Construction Studies	German
Engineering	Geography
Design and Communication Graphics	Agricultural Science
Accounting	Biology
Business	Chemistry
History	Music
Physical Education	Home Economics

Non-exam subjects

- PE
- Guidance and Study Skills
- Life Skills
- Information Technology

Leaving Certificate Life, Community and Work

Formerly known as the Leaving Certificate Vocational Programme (LCVP)

Life, Community and Work places a strong emphasis on vocational preparation alongside students' academic studies.

It complements the skills students develop in Transition Year and gives them recognition in their Leaving Certificate for those skills. Students study an additional subject at common level called the Link Modules.

Preparation for the World of Work

Job-seeking skills, employment legislation, work experience and career investigation.

Enterprise Education

Entrepreneurs and their characteristics, commercial, community and voluntary enterprises in the local area, starting your own business, and developing enterprising skills.

Assessment

Students build a portfolio over two years, worth 60% of the overall mark, and sit a written examination worth the other 40%. Grades are awarded as Distinction, Merit and Pass, and students must achieve at least 50% overall to pass.

LCVP results 2026

37%

of our students achieved a Distinction – nearly double the national rate of 21%

97%

achieved a Merit or Distinction, and every student passed

Leaving Certificate Applied (LCA)

LCA is a two-year Leaving Certificate for students who want a practical programme with a strong vocational emphasis.

It is one of three Leaving Certificate options offered by the Department of Education and by Coláiste Abbáin, and runs in both Fifth and Sixth Year. LCA was introduced to recognise the talents of all students and to give them opportunities to develop responsibility, self-esteem and self-knowledge.

It is an innovative programme – in the way students learn, in what they learn, and in the way their achievements are assessed. LCA meets the needs of students who are not best served by other Leaving Certificate programmes, or who choose not to take them.

Supporting Every Student

The Student Support Team

The Student Support Team plays a crucial role in student wellbeing and success. By addressing academic, emotional, social and behavioural challenges, the team makes sure every student receives the individual care they need. It brings together key staff to identify and support students who need extra help, creating a positive school environment where students feel supported, engaged and empowered. The team meets every week.

The AEN Team

Our Additional Educational Needs (AEN) Team is dedicated to supporting students with additional educational needs. The AEN Co-ordinator and team work closely with subject teachers, Year Heads, Guidance Counsellors, the Senior Leadership Team, parents and guardians, and external agencies in a whole-school approach. We also have a team of Learning Support and Resource teachers and Special Needs Assistants (SNAs).

The Garden Room – our ASD classes

Our Autism Spectrum Disorder (ASD) classes, which we call The Garden Room, give students with an ASD diagnosis a supportive and secure environment. They offer a safe space during stressful times to help ease anxiety, with staff dedicated to each student's specific learning needs. Because places are limited, a separate application process applies, in addition to standard enrolment.

Student Leadership

Student leadership builds responsible, confident and dynamic citizens.

In Coláiste Abbáin we empower our students to lead, make decisions and contribute meaningfully to the school community and beyond. Through leadership roles such as the Student Council, Meitheal, committees and extra-curricular leadership, students learn to voice their opinions, collaborate and bring about positive change. We encourage student voice by giving students a platform for open dialogue and a real say in school policies and initiatives.

Student Council

Our Student Council is a highly active group that works with students, staff and parents to contribute to the running of the school. As the voice of the student body, the Council gives students a platform to express their views and keeps everyone informed about school events. It is student-led, operates for the benefit of students, and is guided and supported by teachers and school management. Council members also help shape school policies that directly affect students. Students are elected from each base class from First to Sixth Year and are supported by a dedicated staff member.

Extra-Curricular at Coláiste Abbáin

Extra-curricular activities and sport are vital for a well-rounded education.

They build teamwork and leadership skills that complement learning in the classroom. Sport promotes physical health, discipline and perseverance, while clubs and the arts encourage creativity, critical thinking and friendship. Students who take part are more likely to succeed academically and to feel a strong sense of community – and they get the chance to explore their interests, discover their passions and grow into confident young people.

Life at Coláiste Abbáin

First Year Information

We know the move from primary to post-primary school can be an anxious time for students and their parents.

To make the change smoother and more enjoyable, we run transition and induction programmes designed to support and reassure our new students. They are led by a team that includes the Year Head, Principal, Deputy Principal, Class Tutors, Guidance Counsellor, Home School Community Liaison teacher and our Meitheal Leaders.

88% of parents say their child was supported moving from primary to secondary school

Transition supports in Coláiste Abbáin

- Get Set Go
- Behaviour for Learning organisation days
- Home School Community Liaison
- Free First Year Homework Club, four days a week

Meitheal

Our Meitheal Leaders are Fifth Year students who act as role models, mentors and leaders for our First Year students.

As peers, they are uniquely placed to connect with younger students, and their role is invaluable in helping newcomers feel cared for. They organise activities that help First Years get to know the school and make friends. Regular visits to First Year classes and the First Year area let them see how students are settling in, and they quickly let staff know about any concerns.
