

3rd February 2026.

Pre-Examinations 2026

Dear Parent[s]/Guardian[s],

Mock examinations for Junior Cycle and Leaving Certificate students are scheduled to begin during the week commencing Tuesday the 3rd of February. These exams are externally marked by experienced teachers and the results will be an important indicator of progress which will help students to focus on aspects of study/revision which may require extra attention. The mock examination papers are identical in layout and duration to what is presented in the State Examinations and every effort is made to provide each student with as close an experience of the 'real thing' as is possible within our staffing and resources. Reports will be available to view on VShare as soon as possible after all scripts have been returned.

Mock Examination Fee

- Junior Cycle: €110
- Leaving Certificate: €125

The fee includes:

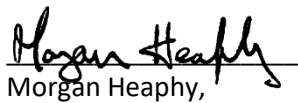

- Purchase of all examination papers
