Learning for life

January 29th 2026

Dear Parents and Guardians,

We would like to take this opportunity to commend our Transition Year students who are engaging well with the programme. Their positive attitude and commitment are helping them make the most of this year. We would also like to remind parents and guardians of the importance of regular attendance, as this is essential for students to gain the full benefit of the Transition Year experience.

As you are aware, Transition Year is an important mix of classroom-based learning and a wide range of extra-curricular workshops and activities. Together, these provide students with a balanced and meaningful educational experience. With this in mind, it is vital that students meet all deadlines for projects, assignments, and coursework. This is particularly important if a student has missed classes, as it is their responsibility to ensure that all work is completed and submitted on time.

Students had a very busy first term and should now be actively organising their second block of work experience, which will begin on 9th February. Details of this work experience placement must be entered on the TY Team using the link that has been shared by their Career Guidance teachers. We appreciate your continued support in ensuring this information is submitted promptly.

The term ahead is also a busy and exciting one, with a wide range of activities planned. These include the Greenway Cycle, a history trip to Dublin, visit to Croke Park, RSA awareness day in Wexford, a show in the Bord Gáis Energy Theatre, a surf camp, a Chinese lunch, a wellbeing workshop, and an overnight end-of-year trip to Lilliput. These experiences are an integral part of the Transition Year programme and play a key role in students' personal and social development.

We ask you to continue to encourage your son/daughter's involvement in the many opportunities available to them, Thank you for your ongoing support of the Transition Year programme.

Regards,

Bridget O' Connor

TY Coordinator

Anna Nolan
