

Skerries Community College

Dear Parents, Guardians, and Candidates,

Following the release of the Leaving Certificate component marks today, we want to remind all candidates of the critical and very short timeline to apply to view their examination scripts.

Portal Deadline Tomorrow

The State Examinations Commission (SEC) Candidate Self Service Portal (CSSP) is open for script viewing applications from **5:00 PM today, Tuesday 25 August, until 8:00 PM tomorrow, Wednesday 26 August 2026.**

- **You must apply via the portal if you wish to see your scripts.** [Click here to access the CSSP Portal.](#)
- **Late applications will not be accepted by the SEC under any circumstances.**
- Applying to view your scripts is completely **free**.

Online-Marked Subjects (Viewed from Home)

The vast majority of exam subjects are marked online. If your subjects were marked online, you will view them digitally as PDFs via your portal from home. This 24-hour viewing window opens at **9:00 AM on Saturday 29 August. You do not need to attend** the school for these subjects.

Manually Marked Subjects (Viewed at School)

For a small number of specialised subjects or practical components that were manually marked on paper, the viewing will take place here at the school on **Saturday 29 August.**

- **The school will contact relevant candidates directly**, once the SEC issues our official centre roster.
- We will confirm your allocated 3-hour viewing time slot (either the morning session starting at 9:30 AM or the afternoon session starting at 2:00 PM).

Please ensure candidates log into their portal before **8:00 PM tomorrow** to register their choices.

Kind Regards,

Skerries Community College
