Agreed Report- Board of Management Meeting- 12th February 2026

Following the Board of Management meeting held on 12th February 2026, the following updates and information are provided:

- The Board of Management ratified the following policy:
 - Whole School Visual Arts Plan
 - All policies are available to view through the office

Uniform:

We would like to inform you of an important change to our school uniform from September 2026.

Following last year's parent survey, we carefully considered your feedback and worked closely with our pupils to design a comfortable and practical PE - style uniform. Our Student Council played a key role in consulting with classes on the style, colours and crest - we thank them for their excellent leadership.

We are pleased to confirm that *Reas* will be our uniform supplier. The new PE-style uniform includes a crested half-zip top, crested tracksuit pants, crested T-shirt and crested shorts. This uniform will be our only uniform from September 2026, meaning our formal uniform will no longer be worn. From September 2026, the half-zip top (€32) will be the only mandatory item. The remaining items will be optional, as parents can phase in the tracksuit pants, t-shirt and shorts gradually. If parents do not purchase the tracksuit pants, t-shirt or shorts next year, children must continue to wear plain navy uncrested pants, blue polo shirts and plain navy uncrested shorts.

The bundles available to parents include:

- Two pack: (half-zip and shorts): €40
- Two pack (half-zip and tracksuit pants): €50
- Three pack (half-zip, tracksuit pants and t-shirt): €60
- Full bundle (half-zip, tracksuit pants, t-shirt and shorts): €70

A fitting session will take place in the school on Friday, 20th March from 10am–12pm. Further details regarding ordering will follow.

Accelerated Reader:

We are delighted to announce that our school will be launching the Accelerated Reader (AR) programme.

This highly regarded programme is widely used in schools to strengthen reading skills and develop confident, independent readers. Accelerated Reader supports children in choosing books that match their reading level and checks their understanding through short, engaging quizzes. The programme promotes regular reading, builds strong comprehension skills, and encourages pupils to set goals and celebrate their progress. It also provides teachers with valuable insights to help us support each child effectively.

The Board of Management will cover the full cost of introducing this programme, which will begin later this school year.

ICT

We have made significant progress in developing ICT across the school in recent years. To further enhance our digital learning resources, the Board of Management will be purchasing a Chromebook trolley with integrated charging facilities for school use.
