Dear Parents and Guardians

It is **College Awareness Week** at St Joseph's. This is an opportunity to highlight the rewards of Further and Higher Education and to draw attention to the many courses and career paths available to your daughter at 3rd Level. We are delighted to invite back past pupils Caoimhe Lee and Ruth McGann who will be sharing their University experiences with our 4th, 5th and 6th Year students. We are also grateful to Maynooth University's Nursing Department and Ulster University who will be in the school this week to talk to our senior cycle students about the many and varied courses available at these two very reputable universities. To celebrate the week and promote interest and awareness in our younger students we have Daily Competitions and a Scavenger Hunt with some great prizes, generously donated this year by a few of our most loyal 3rd Level Institutions UCD, Maynooth University and Ulster University, along with StudyClix and Grinds360.

College Awareness Week is an opportunity for families to talk about future college and careers at home. The Guidance Department at St Joseph's is happy to answer any questions or queries you might have - adonohue@stjosephslucan.com & lmcateer@stjosephslucan.com (2nd, 4th, 6th year groups) and rallen@stjosephslucan.com (1st, 3rd, 5th year groups)
