Dear Parent/Guardian,

At Grennan College, we are committed to fostering a supportive and focused learning environment where every student is encouraged to reach their full academic potential. Developing consistent study habits and a structured routine is key to academic success, and we encourage all students to make study time a regular part of their daily schedule.

To support this, we are pleased to offer Evening Study for 2nd, 3rd, 5th and 6th Year students. Our supervised Evening Study facility is designed to provide students with a quiet, focused environment free from unnecessary distractions. This space will allow students to complete homework, revise, or prepare for exams in a setting that promotes concentration and productivity.
