Bullying behaviour is when someone keeps being mean or hurtful on purpose over and over again

We want everyone in our school to feel happy and safe!

If you feel you are being bullied or think someone else is being bullied, you should tell and adult you trust. They will help you!

What will happen?

1. Talk with the student.
2. Ask the student what they want to happen.
3. Work out a plan.
4. Talk to their parents/guardians
5. Talk to the other student(s) involved.
6. Talk with the other student's parents.
