Data Protection Principles

The Board of Management of Hamilton High School is a *data controller of personal data* relating to its past, present and future staff, students, parents/guardians and other members of the school community. As such, the school is obliged to comply with the principles of data protection set out in the Data Protection Acts 1988, 2003 and the General Data Protection Regulation of 2016 (GDPR) which can be summarised as follows:

- **Obtain and process *Personal Data* fairly:** Information on students is gathered with the help of parents/guardians and staff. Information is also transferred from their previous schools. In relation to information the school holds on other individuals (members of staff, individuals applying for positions within the School, parents/guardians of students etc.), the information is generally furnished by the individuals themselves with full and informed consent and compiled during the course of their employment or contact with the School. All such data is treated in accordance with the Data Protection Acts and the terms of this Data Protection Policy. The information will be obtained and processed fairly.
- **Keep it only for one or more specified and explicit lawful purposes:** The School will inform individuals of the reasons they collect their data and will inform individuals of the uses to which their data will be put. All information is kept with the best interest of the individual in mind at all times.
- **Process it only in ways compatible with the purposes for which it was given initially:** Data relating to individuals will only be processed in a manner consistent with the purposes for which it was gathered. Information will only be disclosed on a need to know basis, and access to it will be strictly controlled.
- **Keep *Personal Data* safe and secure:** Only those with a genuine reason for doing so may gain access to the information. Sensitive Personal Data is securely stored under lock and key in the case of manual records and protected with firewall software and password protection in the case of electronically stored data. Confidential information will be stored securely and in relevant circumstances, it will be placed in a separate file which can easily

be removed if access to general records is granted to anyone not entitled to see the confidential data.

- **Keep Personal Data accurate, complete and up-to-date:** Students, parents/guardians, and/or staff should inform the school of any change which the school should make to their personal data and/or sensitive personal data to ensure that the individual's data is accurate, complete and up-to-date. Once informed, the school will make all necessary changes to the relevant records. The principal may delegate such updates/amendments to another member of staff. However, records must not be altered or destroyed without proper authorisation.
- **Ensure that it is adequate, relevant and not excessive:** Only the necessary amount of information required to provide an adequate service will be gathered and stored.
- **Retain it no longer than is necessary for the specified purpose or purposes for which it was given:** As a general rule, the information will be kept for the duration of the individual's time in the school. Thereafter, the school will comply with DES guidelines on the storage of Personal Data and Sensitive Personal Data relating to a student. In the case of members of staff, the school will comply with both DES guidelines and the requirements of the Revenue Commissioners with regard to the retention of records relating to employees. The school may also retain the data relating to an individual for a longer length of time for the purposes of complying with relevant provisions of law and or/defending a claim under employment legislation and/or contract and/or civil law. Examination results will normally be kept indefinitely for the purpose of providing references and in-house analysis of student performance.
- **Provide a copy of their *personal data* to any individual, on request:** Individuals have a right to know what personal data/sensitive personal data is held about them, by whom, and the purpose for which it is held. In the case of students, the parents or guardians will ordinarily be the person/s entitled to make the request on behalf of the student.
