

# Erasmus+ Mobility - May 2023

Cuxhaven, Germany.

## Los geht's!

In May 2023, our fourth- and fifth-year students embarked on an exciting milestone—their first-ever Erasmus+ mobility to Cuxhaven, Germany. The journey began with a flight to Hamburg, followed by a scenic transfer to the coast, where our students were warmly welcomed by host families and embraced the experience of living in a German home. The following day, we joined our partner students at Amadeus-Abendroth Gymnasium, attending lessons and gaining invaluable insights into the German education system and classroom culture.

**One of the most memorable aspects of the trip was a visit to the Bergen-Belsen Memorial, a profoundly moving experience that deepened our understanding of history and its lessons for the future. The group also enjoyed a walking tour of Hamburg's vibrant city centre and an excursion to Bremerhaven, where they explored the fascinating Klimahaus exhibition. This interactive experience highlighted the impact of human activity on the natural world and encouraged reflection on sustainability and global responsibility.**

**Our exchange partners went above and beyond to make us feel at home, treating us to a traditional German breakfast at school and giving us the opportunity to dine in the school canteen—simple yet enriching experiences that allowed our students to truly appreciate the daily life of their German peers. From cultural immersion to language practice, every moment of this mobility strengthened friendships, broadened horizons, and reinforced the value of international collaboratio**
