Dear Parents, Students, Staff and Members of the Presentation De La Salle College School Community,

I am delighted to share the exciting news that it has been confirmed that work on our new school building will commence during the week beginning Monday 21/09/2026.

This marks an important milestone in the development of our school and represents an exciting new chapter for our school community. Many of you have been eagerly anticipating the commencement of this project for several years and we are delighted to see our plans now moving from design and preparation to reality.

Our new building will provide our students and staff with a modern, state-of-the-art learning environment, designed to support the needs and aspirations of our school community for many years to come. It is a significant investment in the future of our school and reflects our ambition to provide the very best facilities for our students.

We are particularly excited that this new development will create an environment that matches the ambition, energy and potential of our students. Their enthusiasm for learning, creativity and achievement continues to inspire us, and we look forward to seeing them benefit from these new facilities.

As construction gets underway, there will be some disruption to our normal routines. The safety and wellbeing of our students, staff and visitors will remain our highest priority throughout the project. We will continue to keep the school community informed as the development progresses and we will work closely with all involved to ensure that the transition is managed as smoothly as possible.

We would like to thank our students, staff, parents and the wider school community for their continued support as we embark on this exciting journey together.

We look forward to seeing our students make the very best use of their new learning environment in the years ahead.

Meliora Sequi – Together, striving for success.

Yours sincerely,

Michael Hickey

Principal
