

Date: 13/2/2026

Dear Parents/Guardians,

As part of our ongoing preparation for the updated Senior Cycle and its increasing digital requirements, the school has been exploring the introduction individual devices for incoming 5th Year students from September 2026.

This initiative was originally proposed by the Student Council in a presentation to the Board of Management last year. Since then, we have undertaken a detailed review which included consultations with teachers, discussions with technology providers, and surveys of parents and students to gather their views.

To share our findings and to give you the opportunity to ask questions, we would like to invite you to an Information Evening.

Information Evening on Senior Cycle Digital Devices

Date: Thursday 26<sup>th</sup> of February

Time: 7.00pm

Venue: School Hall

At this meeting we will outline:

- the reasons the school is considering devices for 5th Year students,
- the options and payment plans for parents
- benefits for teaching, learning and assessment
- the supports that may be available for families.

Your feedback is an essential part of the decision-making process, and we strongly encourage you to attend.

Thank you for your continued support.

Yours sincerely,

Michael Hickey

Principal
