

EZ SERIES

The rolling update to the EZ Series provides an industry-leading performance for all residential water heating applications. In addition to top-mount water connections, new features include a built-in non return valve for common venting, improved dual heat exchangers, and our new Steady BTU Mode. Noritz has upgraded the EZ lineup to further enhance the tankless experience without compromising our 25-year heat exchanger warranty

NORITZ®
TANKLESS WATER HEATERS

EZ98

9.8 GPM
18,000-180,000 BTU/h

EZ111

11.1 GPM
18,000-199,900 BTU/h

FEATURES

NEW STEADY BTU MODE

An industry first, the EZ Series' revolutionary burner control eliminates issues with high incoming water temperature in the summer by reducing effective BTU output to less than 5,000.

HIGH GRADE STAINLESS STEEL HEAT EXCHANGERS

Greater resistance to corrosion and buildup, keeping your system running for years to come.

TOP MOUNTED WATER CONNECTIONS

Top mounted connections allow for previous water lines to be reconnected faster.

WIRELESS CAPABILITY

Combined with the Noritz Connect app, users have control of all the heater functions and diagnostic tools.

FASTER HEATING CAPABILITY

The upgraded EZ Series now hits your set temperature even faster, minimizing wait times further.

ALTITUDE UP TO 10,000 FEET

Gives consumers the freedom to install at higher altitudes.
