

# in the field of tankless water heating.

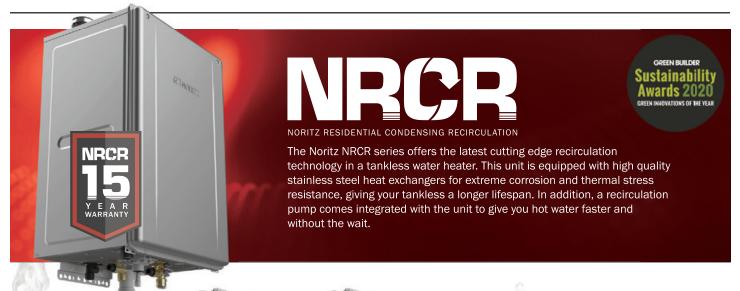

Noritz has been an innovator in the water heating industry for over 70 years. We introduced the first modern, electronically controlled tankless water heaters in 1981 and we remain the leader in energy savings and superior hot water delivery today.

Serving both homeowners & commercial users across the U.S. and Canada, Noritz America offers a broad range of tankless gas water heaters to meet the varying needs of its broad spectrum of customers.

## NRCR Features

In addition to a new integrated recirculation pump, Noritz has redesigned and reformulated the heart of what makes the tankless work - The Heat Exchanger. By using a special stainless steel blend the heat exchanger has not only gained better efficiency, but also SUPERIOR durability.

- 15 Year Heat Exchanger Warranty
- Steady BTU Mode
- » Integrated Recirculation Pump
- » High Quality Stainless Steel Heat Exchangers
- Best-in-Class Thermal Efficiency
- » Improved Smart Scheduling Interface
- CA Title 24 Compliant
- » Easier Serviceability
- On-Demand Mode
- » Heat Shrink Durability
- Flex Vent Capable

## Industry Leading Warranty

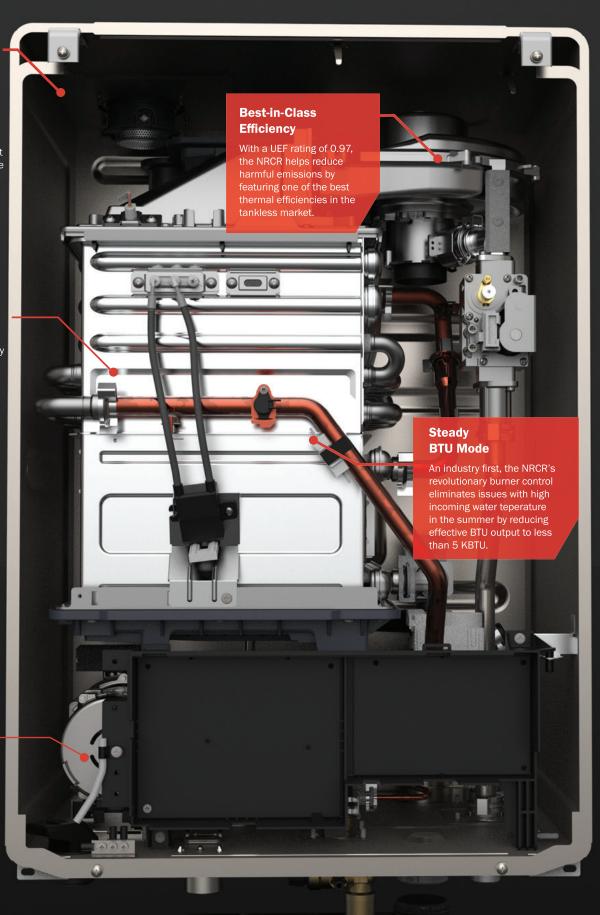

The NRCR features a 15 year warranty on its heat exchangers, which is one of the best warranties on a tankless with an integrated pump.

#### Reengineered Heat Exchanger

The NRCR's heat exchangers are composed of high quality stainless steel and designed for easier serviceability.

### Integrated Recirculation Pump

Built with an integrated pump allowing a 1/2" loop with a length of up to 200 feet (or 3/4" up to 500 feet), the longest in the industry.

### **Accessories**

Get ultimate comfort and control out of your NRCR when paired with any of our additional accessories.

#### **Crossover Kit**

CSV-BPK

Our crossover kit brings recirculation to homes without a return line. Set your NRCR to crossover mode after installation and your home is ready for faster, hot water.

#### **Universal Concentric Termination Kit**

PVC-UCVK

The universal concentric vent kit allows for verstile venting installation for your tankless unit. It provides an up-and-out horizontal termination option for all GQ59,GQ60, and NRCB models.

#### **Outdoor Vent Kit**

VC-6

Our outdoor vent gives homeowners even more space savings by allowing for outdoor installations.

#### **Low Profile Termination Vent**

PVC-#LPT

Provides a flat termination option for all GQ59 and GQ60 condensing models.

#### **Additional NRCR Accessories**

### **Featured Modes**

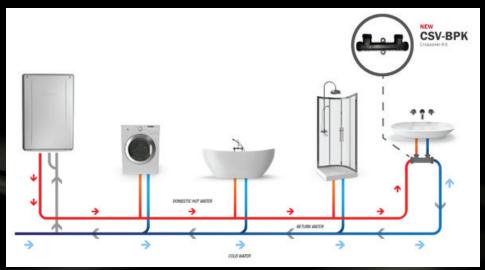

## Steady BTU Mode

An industry first, the NRCR's revolutionary burner control eliminates issues with high incoming water temperature in the summer by reducing effective BTU output to less than 5KBTU. This prevents water temperature fluctuations while keeping your tankless running efficiently.

# Crossover <u>Mode</u>

Is your home missing a return line? Now you can experience home recirculation with the NRCR's Crossover Mode. Utilizing our Crossover Kit (Item# CSV-BPK, sold separately), you can enjoy the full benefits of a recirculation line without the need to install additional piping in your home.

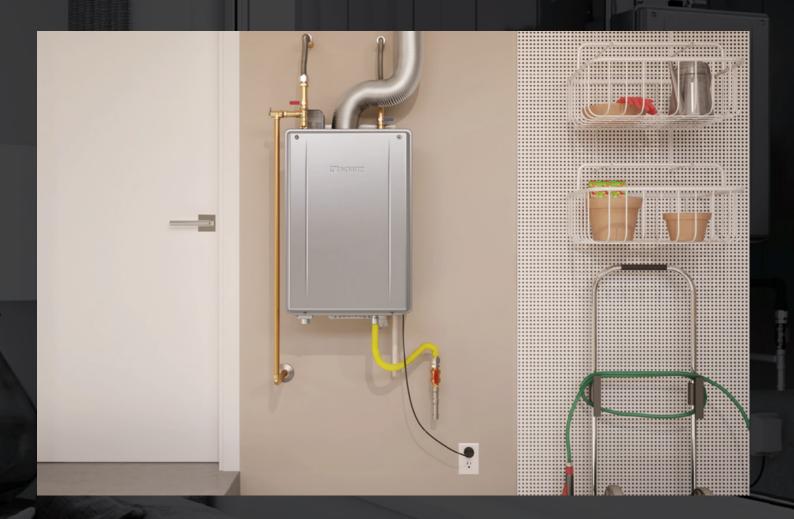

# Full Recirculation

Built with an integrated pump, the NRCR brings your home hot water faster than ever by utilizing your dedicated return line.

# EZ SERIES

The Noritz EZ Series is the industry leader in tankless. Featuring top mounted connections to accommodate any installation scenario and manufactured with the highest quality materials, the EZ Series line is built to keep your home with hot water for years to come. Our industry-leading 25 year warranty is also just another reason why the EZ Series is the preferred choice for homeowners.

## **Unmatched Performance**

# Now With The Industry's Best Warranty

We believe in our product and want homeowners to have the latest and greatest tankless technology available. That's why Noritz has done what no one else has in the tankless industry: We've backed our EZ Series with a 25 year warranty. For more information, visit WWW.NORITZ.COM/EZWARRANTY

#### **KEY SPECS**

Model	EZ98	EZ111	
Maximum Hot Water Capacity	9.8 GPM	11.1 GPM	
UEF	0.97 UEF	0.97 UEF	
BTu	180,000	199,900	

#### **EZ SERIES** What's Inside

#### **Top Mounted Water Connections**

Top mounted connections allow for previous water lines to be reconnected faster.

#### **Dual High Grade Stainless Steel Heat Exchangers**

Featuring greater resistance to corrosion and buildup, keeping your system running for years to come.

#### **New Steady BTU Mode**

SBTU mode eliminates issues with high incoming water temperature in the summer by reducing effective BTU output to less than 5KBTU, preventing water temperature fluctuations while keeping your tankless running efficiently.

#### **Quick Connect**

Get your hot water up and running faster with our EZ installation process.

#### **Wireless Capability**

Combined with the Noritz Connect app, users have control of all heater functions and diagnostic

is found underneath the unit for a more convenient install.

# EZTR BUNDLES

The Noritz EZTR bundles include select accessories to help get you up and running with your installation. Each model is designed for different water demands for residential applications.

NORITZ

#### EZTR50 Tankless Bundle

The EZTR50 package comes with an EZ98DV tankless, plus all the aforementioned components, for replacement of a 50-gallon tank water heater.

# **EZTR75 Tankless Bundle**

The EZTR75 package contains an EZ111DV tankless, plus all the aforementioned components, for replacement of a 75-gallon tank water heater.

#### **Also Available**

#### EZTR40 Tankless Bundle

The EZTR40 package is designed for quick and direct indoor replacement of 40-gallon tank water heaters.

# All Necessary Parts Included

Each EZTR50 and EZTR75 bundle includes the heater itself, a flex vent conversion kit (25 feet of 2-inch flex), an isolation valve kit, and a startup guide. The EZTR40 also comes with a heater, vent kit, and service valves.

Bag 1

Flex Feeder
Base Junction Suppor

Bag 2

Top Flex Support Rain Cap

# NRCB

**Combination Boiler** 

# The New Hero in **Home Heating and Hot Water**

Most combination boilers prioritize the call for hot water while your home is being heated. This causes your home heating to go cold while things like the shower are running.

The NRCB is the industry's first to be able to handle both simultaneously to provide ease and comfort.

## NRCB Features

- · Corrosion Resistant
- Self Regulating Flow
- 2" and 3" PVC, CPVC and PP Venting Capable
- 11:1 Turndown Ratio
- 1/2 Inch Gas Line Capable
- High Grade Stainless Steel Heat Exchangers
- Outdoor Temperature Reset Sensor
- External Pump Terminal

- Scalding Prevention for DHW Safety
- · Up to 11.1 GPM
- High Capacity Internal Pump
- Maintains Set DHW Temp. in All Conditions
- Simultaneous DHW and Heat<sup>1</sup>
- Larger hot water demand can be connected with EZ Series

#### All Stainless Steel Heat Exchangers (3 total)

Made with high quality stainless steel, these main components are built to last and bring you years of heating and hot water.

### Ultra Low Emissions by Premix Burner

The NRCB's Premix Burner help eliminate harmful emissions into the environment.

# Simultaneous Operating of DHW and Heating<sup>1</sup>

The NRCB is the industry's first tankless combi boiler to offer simultaneous DHW and home heating.

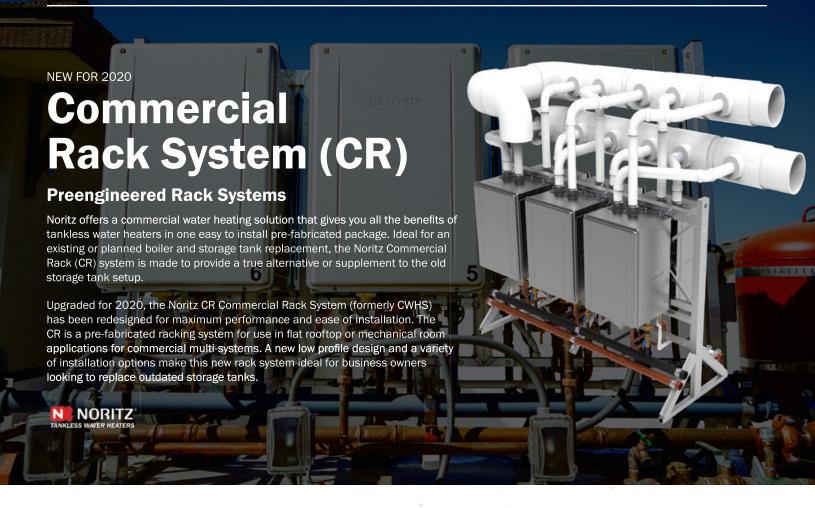

#### Stability and Quick Temperature Control of DHW and Heating

0000

Prevent temperature spikes with our built-in stability and quick temp control.

#### High Delivering Capacity of DHW (Max 199K / 180K BTUh)

High delivery capacity ensures your family is never without hot water again.

### **New Features**

#### New Low Profile Design

Redesigned with lower center of gravity for increased stability and easier transportation.

### New Wall Mount Option

The redesigned wall mounted option allows for more space savings without sacrificing performance.

#### **Reduced Install Time**

Pre-piped condensate manifold and condensate line along with pre-wiring required for multisytems reduces installation time.

#### Simplified Venting

Built-in non-return valve allows for common venting up to 6 units on a single manifold without the need for external accessories.

#### **Easy Scalability**

Standardized water and gas lines allow easy connection of multiple rack systems in-line.

#### **Flexibility**

The new CR offers unmatched versatility and flexibility compared against a boiler or storage system.

The CR was designed with building logistics in mind: at 30" in depth, the CR system can fit through any standard 32" doorway. Able to be installed indoors or outdoors, floor-mounted or wall-mounted, the possibilities for reducing building footprint are extensive. Indoor installations can be vented with PVC , CPVC, or PP, either horizontally or vertically, and convertible to allow either room air or direct vent combustion air options.

#### **Efficiency**

Each CR system comes standard with the ultra-efficient NCC199CDV model unit, rated at 0.97 UEF. Fully modulating, with turn-down ratios of up to 67:1², the CR system provides exceptional energy savings potential over a storage tank set up. With all of these benefits plus the Noritz trademark quality, the Noritz CR system provides a true business-friendly replacement for any existing system.

Built-in redundancy from using multiple Noritz water heaters ensures continuous hot water, even in the worst case of a unit going down. Isolation valves (included) allow for easy maintenance or service without interrupting hot water service to the rest of the building. The pre-installed (included) system controller monitors and controls the units to ensure even wear and proper operation of each unit.

With the optional wireless adapter<sup>3</sup>, you can further enhance system reliability by monitoring the units at the touch of a finger and receiving service alerts automatically.

<sup>1</sup>Floor mounted racks only

<sup>2</sup>With one 6 unit system CR rack. Multiple racks can be combined together to get turndown ratios of up to 300:1 with 24 units and the SC-401-24M system controller.
<sup>3</sup> NWCC-ADAPTER

#### **Additional Options And Accessories**

#### **Wall Hanging Rack**

The new wall hanging rack allows installers to accomodate for existing conduit and piping without interference, reducing additional installation time. A new floor stand also comes included which allows for easy positioning while fixing to a wall.

#### CR60-WK

#### **CR60 Wheel Kit**

Noritz CR60 Wheel Kit is designed to simplify logistics of moving Noritz Commercial Racks from the crate to the mechanical room. Designed to last, the wheel kits are compatible to move all Noritz Commercial Rack configurations for years to come

# **2020 CR System Update**

The updated Noritz CR Commercial Rack System brings new features designed to create a hassle free and easy installation. The CR system update comes with a redesigned gas header with built-in gas sediment traps and an additional shutoff valve, simplifying both installation and service.

# Features & Benefits

> Service Alarms

React Proactively. Prevent critical errors with warning alarms for necessary service.

> Multi-Site Monitoring

Simultaneous system monitoring. Up to 6 per adapter through our dedicated dashboard.

> Site-Specific Notifications

Notifications for any installation. Set your parameters and cater your alerts to your business.

> Alerts Directly to You

Email and text message alerts. Get notifications across desktop and mobile.

NWCC-ADAPTER

# Link up to 24 units with Our System Controller Bundles

No hot water project demand is too large for our NWCC Commercial Wifi Adapter and System Controller bundles. These bundles come with everything needed to link your commercial install with 6, 12, or 24 tankless units. (See page 28 for more details)

Wifi Adapter

System Controller

# **How it Works**

#### Error data collected when a problem in your system occurs

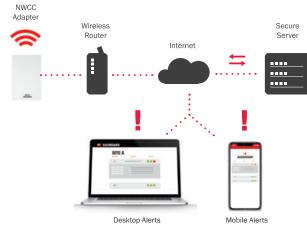

When problems arise in your commercial units, the Noritz NWCC adapter immediately transmits all error information.

#### **Contractor** is notified about error via mobile app as well as desktop alerts

The NWCC adapter utilizes our dedicated app and immediately sends this information over the web to contractors and business owners. This allows them to take action or be proactive to prevent further issues.

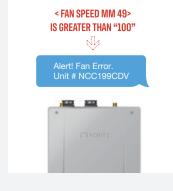

## Additional Features

#### **Keep Tabs on What Matters**

With the NWCC-Adapter you can keep track of your Noritz Commercial installation over the internet. Whether it's one site or multiple sites, the organized dashboard and alarm system will keep you updated when you need to know.

#### **Custom Logic Based Alarms**

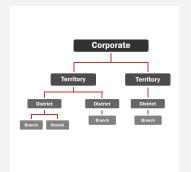

Customize when you want to get a preventative alarm to your preference. Not sure what you want to set it at? We've provided you default templates you can tweak so you can choose alarms you want to get via text or email.

#### **Filter** and Find

Sift through information fast and effectively with custom dashboard setups and filter by the information you want to know.

Want to see only the heaters with errors? Or perhaps you want to see only the heaters in a certain territory or district.

#### **Organize** and Conquer

With the Commercial dashboard you can maintain your internal organization structure. Setup users and dashboards based off hierarchy and control who can see what.

**Table 1.**For less than 8" WC initial supply pressure

Maximum natural gas delivery capacity (0.5" Pressure Drop) [Schedule 40 Metallic Pipe]

Values in Table are in Cubic Feet of Gas per Hour (0.60 Specific Gravity, 0.5" Pressure Drop, inlet pressure less than 2 psi). Contact your gas supplier for BTU/Cubic Foot ratings. For simplification of your calculations, 1 Cubic Foot of Gas is approximately equivalent to 1000 BTU.

PC-10S	Pipe cover for NRCR, EZ Series (GQ60 Models), and NCC199CDV (GQ60 Model)	1

# **QC-#**Quick Connect Cable

Model Number	Description	Qty.
QC-1	Quick connect cable for NC380 <sup>1</sup>	1
QC-2	Quick connect cable (NR83, NR98, NRC111, NRC98, NCC199, NC199, EZ98, EZ111, NCC300, NRCR)*	1

**H2F** H2Flow Water Treatment

Model Number	Description	Qty.
CH2F-***	Commercial H2Flow	**
H2F	H2Flow Anti Scale System	1
H2F-C	H2Flow Replacement Cartridge	1

<sup>\*\*</sup>Call for commercial sizing

Model Number	Description	Qty.
MR-2	Commercial multi-rack system <sup>1</sup>	1

<sup>1</sup>Fits 2 heaters, front and back Refer to page 18 for complete accessories compatibility chart.

Model Number	Description	Qty.
RC-7651M	Remote controller (all residential models)	1
RC-9018M	Commercial remote controller (Excluding NC380)/ NRCR Controller	1

Remotes will require a remote cord

<sup>1</sup>Up to 2 units only Noritz America 27

#### RB-#

Recess Box

Model Number	Description	Qty.
RB-510	Recess box for NRC66, NR50, NR66, NRC71	1
RB-700-1	Recess box for NR98 and NR83	1
RB-900-1	Recess box for NRC111 and NRC98	1

For OD models only

#### **RC-CORD**

Remote Controller Cord

Model Number	Description	Qty.
RC-CORD10	10 feet in length	1
RC-CORD26	26 feet in length	1

#### MK-#

Manifold Kit

Model Number	Description	Qty.
MK-NRCB-1	Manifold kit for NRCB model	1

#### **NWC-ADAPTER**

Wireless Adapter

Model Number	Description	Qty.
NWC-ADAPTER	Wireless adapter (NAW-1 US) for current tankless models	1

\*Not compatible with NRCB models.

Refer to page 29 for complete accessories compatibility chart.

#### **NWCC-ADAPTER**

Commercial Wireless Adapter

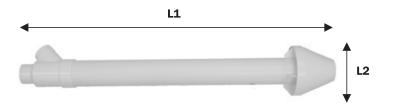

Model Number	Description	Qty.
NWCC-ADAPTER	Wireless adapter for current commercial tankless models	1

Model Number	Description	Qty.
SC-401-6M	System controller for up to 6 units for the NCC199, NCC300 & NC380 series	1
SCU-401-12M	System controller for up to 12 units for the NCC199, NCC300 & NC380 series	1
SCU-401-24M	System controller for up to 24 units for the NCC199, NCC300, & NC380 series	1
SC-401-6M-EXT	System controller for up to 6 units for the NC199	1
SC-401-6M-WIFI	System controller bundle w/ NWCC Adapter and System Controller for NCC199CDV (6 units)	1
SCU-401-12M-WIFI	System controller bundle w/ NWCC Adapter and System Controller for NCC199CDV and NCC300 (12 units)	1
SCU-401-24M-WIFI	System controller bundle w/ NWCC Adapter and System Controller for NCC199CDV (24 units)	1

Noritz prides itself in providing our installers all the tools necessary to make every install a great one. Noritz University provides a library of resources available online, along with live virtual events on a number of products and topics every week.

In addition, Noritz online training courses are available to everyone who wants to learn more about the ins and outs of our tankless water heaters at their own pace. From domestic units to combination boilers, our courses are designed to deepen your knowledge of Noritz tankless technology.

#### **Available Online Courses Include:**

R1 training

- EZTR bundles
- Noritz tankless models with pump
- Combination boilers

Get started today at Training.Noritz.com

## **Support Site**

Our support page features technical specs and support documents for all Noritz Tankless Water Heaters. Whether its questions about parts or warranty information, our support page is your go-to resource for all technical information of every Noritz unit.

#### **Part Search Tool**

Allows you to search for parts easily. Access a complete overview of technical spec info, installation, accessories, approvals, & warranty.

#### **Technical Literature**

Our technical literature page offers owners a vast library of documents for each heater including spec sheets, owner's guides, install manuals, parts lists, and certification documents.

#### **Warranty Calculator**

This calculator is designed to approximate the length of your warranty terms. Now more precise when you add an installation date or maintenance monitor data.

# Advanced Search Function

This calculator is designed to approximate the length of your warranty terms. Now more precise when you add an installation date or maintenance monitor data.

#### **Lead Generation**

Grow your business and connect with your customers. Our new leads system can send you notifications straight to your mobile device.

#### **Troubleshooting Tools**

Our troubleshooting tools include access to our sizing calculators, support document library, and Noritz Tech Tip Videos.

# Maintenance and Service Alerts

ProCard now alerts you when maintenance issues arise and sends notifications to your phone directly, keeping you ready when your Noritz Connect customers may need assistance. (Requires Noritz Connect and Wifi Adapter)

#### **Visible on any Device**

Now you can log into ProCard from your phone, tablet, or PC. With our rebuilt platform, you can access your account anywhere. Available on iOS and Android.

# Power Ranking System

We let you control your visibility with our dynamic ranking list based on things such as activity, trainings, and installations.

#### **Do Work Remotely**

Access your leads, register a warranty, or get support information.
Our new mobile app puts Noritz in your pocket.

# **Get Rewarded for Your Installs!**

The more installs completed, the bigger the rewards and benefits received. Our new ProCard Rewards program gives installers complete control of their installs and rewards received, now with an even greater library of redeemable rewards.

#### Register For Procard

Sign up at NORITZ.COM/ PROCARD to register and create your profile. Users can create either a verified installer or utility user account, each with its own features.

### **Earn Points For Installs**

For every registered install through ProCard, you earn points over time. All install information, as well as your points, are tracked on the leaderboard of the ProCard app.

### Redeem Your Points

Choose from our revamped rewards library that now features a variety of rewards including travel, event tickets, and electronics.
