

# WHAT'S INSIDE

We believe in our product and want homeowners to have the latest and greatest tankless technology available. That's why Noritz has done what no one else has in the tankless industry: We've backed our EZ Series with a 25 year warranty. For more information, visit [www.Noritz.com/EZWarranty](http://www.Noritz.com/EZWarranty).

## FASTER INSTALLATIONS

Get your hot water up and running faster with our EZ installation process.

## TOP MOUNTED WATER CONNECTIONS

Top mounted connections allow for previous water lines to be reconnected faster.

## DUAL HIGH GRADE STAINLESS STEEL HEAT EXCHANGERS

Featuring greater resistance to corrosion and buildup, keeping your system running for years to come.

## NEW STEADY BTU MODE

SBTU mode eliminates issues with high incoming water temperature in the summer by reducing effective BTU output to less than 5 KBTU, preventing water temperature fluctuations while keeping your tankless running efficiently.

## 1/2" GAS LINE COMPATIBLE

Compatible with most installations, the 1/2" gas line is found underneath the unit for a more convenient install.

## WIRELESS CAPABILITY

Combined with the Noritz Connect app and Noritz Wifi Adapter, users have control of all heater functions and diagnostic tools.

## VERSATILE VENTING
