# NEW AND IMPROVED EZ SERIES PRO

RESIDENTIAL TANKLESS

**NORITZ®**

## Pro Features

Our new EZ Series Pro has been upgraded with even more features and benefits for both homeowners and installers. A new cover and latch design is new to this model, along with Bluetooth® capabilities as well as an energy-saving 0.98 UEF rating - making the EZ Series Pro line our most advanced tankless offering yet.

### New Bluetooth Connectivity

All GQ-C61 models come equipped with Bluetooth® connectivity, providing users with more control of heater functions including pump timers, temperature settings, and a quicker startup procedure. Dipswitch settings are now also updated exclusively via the new Bluetooth feature.

### New Latch Cover Design

The new latch cover design now provides quick and easy access to internal parts and components.

### New Greater Efficiency

Our new EZ Series GQ-C61 line offers an industry-leading **0.98 UEF RATING**, making it even more efficient than previous models by generating less harmful emissions.

### New Built-In Display

All GQ-C61 EZ models now come with a built-in display that shows your heater's temperature, status, as well as error codes.

### NEW Available in One Gas Type

Natural Gas (NG) is the default gas type on all GQ-C61 models but if liquid propane (LP) is preferred, all units come with a gas conversion kit that helps to easily update your unit's gas type.

## Additional Features & Benefits

### Versatile Venting Options

The Noritz EZ Series adapts to your installation needs, providing professional installers and their homeowner-customers with a wider range of venting options.

- No Roof Kit
- Flex Vent
- Single Vent
- Direct Vent
- Outdoor

### Top Mounted Water Connections

Top mounted connections allow for previous water lines to be reconnected faster.

### Dual High Grade Stainless Steel Heat Exchangers

Featuring greater resistance to corrosion and buildup, keeping your system running for years to come.

### Industry-Leading 25 Year Warranty

Our EZ Series Pro heat exchanger features a 25 year warranty, the highest warranty in the tankless industry on the most crucial component of the unit.

### Steady BTU Mode

SBTU mode eliminates issues with high incoming water temperature in the summer by reducing effective BTU output to less than 5 KBTU, preventing water temperature fluctuations while keeping your tankless running efficiently.

### 1/2" Gas Line Compatible

Compatible with most installations, the 3/4" fitting is found underneath the unit for a more convenient install.
