

NRCR PRO

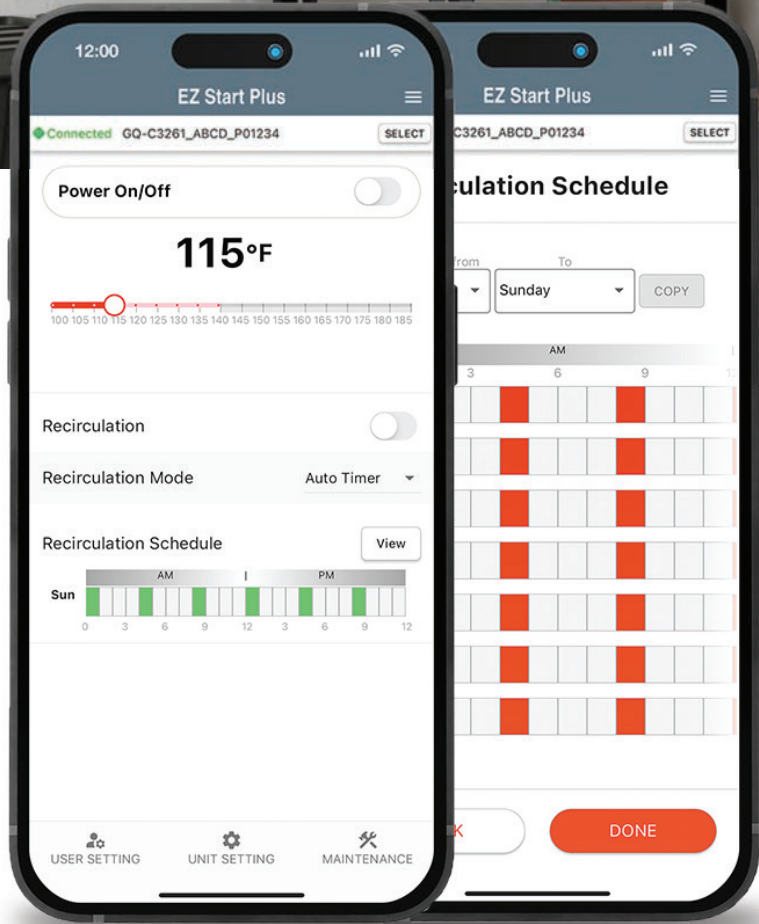

The new NRCR Pro line updates our best-selling recirculating tankless with several exciting new features. This includes improved efficiency, Bluetooth® connectivity, and more.

In addition, the NRCR Pro also comes with a variety of recirculation options including full recirculation and crossover mode for homes without a return line. These upgrades make our NRCR Pro the first choice for homeowners looking for faster, reliable hot water delivery with recirculation.

Total Control of Your Tankless Directly from Your Phone

Introducing our EZ Start Plus® app, available now for use with our NRCR Pro line of tankless water heaters.

NEW

EZ START PLUS®

Mobile app for iOS and Android

Our new EZ Start Plus® app gives users more control of their tankless water heater functions via Bluetooth®:

- Update Temperature Settings.
- Program Recirculation Scheduling.
- Quick Initial Setup Process.
- Tools for Quick and Easy Maintenance.
- Easily Switch Between Recirculation Modes.
- Check Unit Status and Error Codes.

Built for **Unmatched Recirculation Performance**

NORITZ®

NRCR PRO

NORITZ RESIDENTIAL CONDENSING RECIRCULATION

Pro Features

⇒ New Bluetooth® Connectivity

All NRCR Pro models come equipped with Bluetooth® connectivity, providing users with more control of heater functions including pump timers, temperature settings, and more.

⇒ Greater Efficiency

The NRCR Pro now offers an improved **0.98 UEF RATING**, making it even more efficient than previous models while generating less harmful emissions.

⇒ Available in One Gas Type

Natural Gas (NG) is the default gas type on all NRCR Pro models but if liquid propane (LP) is preferred, all units come with a gas conversion kit that helps to easily update your unit's gas type.

⇒ Supports 2 Crossover Valves

The NRCR Pro supports use of 2 crossover valves (item #cCS-V, each sold separately) for homes without a return line.

⇒ Compact Design Simplifies Installation Process

The NRCR Pro installation process is now a breeze for contractors thanks to a reduction in overall weight and a more compact design. In addition, its new longer vent capability allows for greater installation options.

Technical Specs

Model Number		NRCR92DV	NRCR111DV
GQ Number		GQ-C2661WXQ-FF US	GQ-C3261WXQ-FF US
Min. / Max. BTUh		12,800 - 165,000 BTU/h	12,800 - 199,900 BTU/h
Min. / Max Flow Rate		0.4 - 9.2 GPM	0.4 - 11.1 GPM
Max. Hot Water Capacity		30° Rise: 9.2 GPM	30° Rise: 11.1 GPM
Dimensions		18.1" (w) x 26.1" (h) x 11.8" (d)	
Weight		62 pounds	
Connection Sizes	Water Inlet	3/4" NPT	
	Hot Water Outlet	3/4" NPT	
	Recirculation Return	3/4" NPT	
	Gas Inlet	3/4" NPT	
	Condensate Drain	1/2" NPT	
Freeze Protection		Outdoor: -4 °F	
UEF		0.98 UEF	
Warranty		15 Year Heat Exchanger Warranty 5 year warranty on parts / 1 year reasonable labor	
Temperature Settings	° F Mode	100-140 °F (In 5 °F intervals) (9 Options)	
	° C Mode	37-48 °C (In 1 °C intervals), 50-60 °C (In 5 °C intervals) (15 Options)	
Recirculation Lengths		200 feet (1/2") / 500 feet (3/4")	
Venting Lengths		2" PVC (75 feet), 3" PVC (150 feet), 4" (65 feet)	
Bluetooth® Compatible		Yes	

ECM Pump Comes Integrated

The NRCR Pro uses a fully integrated **ECM pump** to keep hot water close to even the farthest outlet in the home, minimizing the wait and, therefore, the waste of unused potable water down the drain.

Equipped with Integrated **ECM Recirculation Pump**

Featured Modes and Accessories

Designed for flexibility and control, the NRCR Pro comes equipped with a range of customizable modes that let you tailor your home's hot water usage to your exact needs.

Featured Mode

Crossover Mode

With the NRCR Pro's Crossover Mode, homes without a return line can now enjoy the benefits of recirculation. Simply utilize our crossover kit (item# CSV-BPK, sold separately) and get faster hot water without the need to install additional piping.

Item#
CSV-BPK

New for NRCR Pro
Support for 2 crossover valves (item# cCS-V, each sold separately)

Featured Mode

Full Recirculation

Built with an integrated pump, the NRCR Pro brings your home hot water faster than ever by utilizing your dedicated return line.

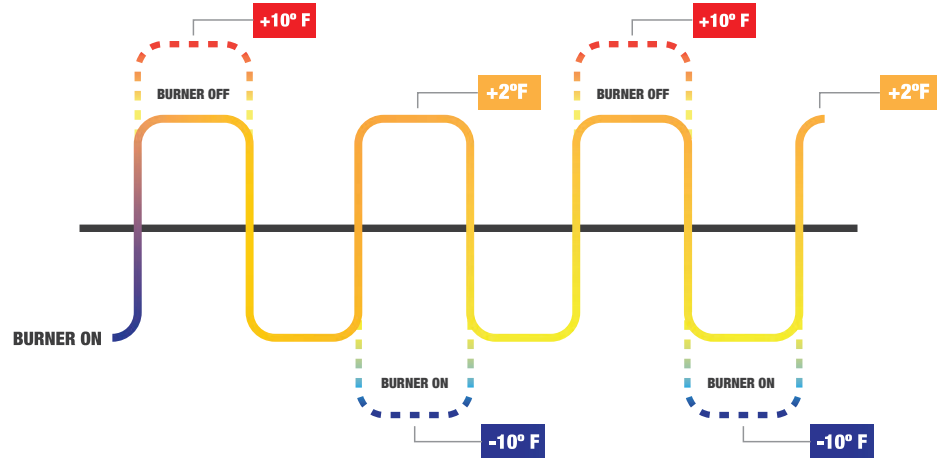

Featured Mode

SBTU[®] MODE

The NRCR Pro's revolutionary burner control eliminates issues with high incoming water temperature in the summer by reducing effective BTU output to less than 5 KBTU. This prevents water temperature fluctuations while keeping your tankless running efficiently.

Inside the NRCR^{PRO}

Equipped with a variety of features and customizable modes, the Noritz NRCR Pro helps you simplify and personalize your home's hot water usage.

High Efficiency

Offers an industry-leading **0.9% UEF RATING**, making it even more efficient than previous models by generating less harmful emissions.

High Quality Stainless Steel Heat Exchangers

The NRCR Pro's heat exchangers are composed of high grade stainless steel for maximum performance and years of service thanks to our **INDUSTRY-LEADING 15 YEAR WARRANTY**.

Get Full Control with our EZ Start Plus[®] App

Our EZ Start Plus app works to bring users control of all heater functions and diagnostic tools.

Integrated ECM Recirculation Pump

The NRCR Pro uses a fully integrated **ECM pump** to keep hot water close to even the farthest outlet in the home, minimizing the wait and, therefore, the waste of unused potable water down the drain.

New Latch Cover Design

The new latch cover design now provides quick and easy access to internal parts and components.

Available in One Gas Type

Natural Gas (NG) is the default gas type on all NRCR Pro models but if liquid propane (LP) is preferred, all units come with a gas conversion kit that helps to easily update your unit's gas type.

Built-in Digital Display

A new built-in display comes integrated into the NRCR Pro that shows your heater's temperature, status, as well as error codes.

Bluetooth[®] Support

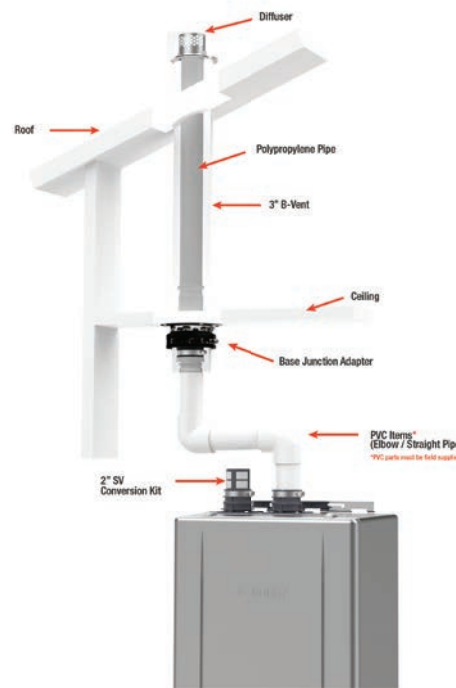

All NRCR Pro models come equipped with Bluetooth[®] connectivity, providing users with more control of heater functions including pump timers, temperature settings, and more.

Accessories

Get ultimate comfort and control out of your NRCR Pro when paired with any of our additional accessories.

No Roof Kit NRK-1

The Noritz No-Roof Kit provides a new venting option by eliminating the need to climb onto the rooftop to complete your installation. The kit also comes with all materials needed, cutting down further install time and material waste.
