

Daylight Savings Time Is Here

Every year Daylight Savings sneaks up on us. We're here to provide you with a reminder to help ensure you aren't the person that forgets to change their clocks and has a tough start to their day.

On Saturday evening before you go to bed, NOVEMBER 4 at 2:00 am, don't forget to set your clock BACKWARD one hour. This is the one where you gain an hour of sleep, my personal favorite!

This is also a great time to consider some basic but important maintenance.

- PUT NEW BATTERIES IN YOUR SMOKE & CARBON MONOXIDE DETECTORS
- CHECK YOUR EMERGENCY KIT
- TAKE STOCK OF YOUR MEDICINE CABINET & PANTRY
- REMOVE EXPIRED ITEMS FROM YOUR REFRIGERATOR
- CLEAN YOUR FRIDGE'S COILS
- VACUUM OUT YOUR DRYER'S VENT & DUCTS
- REPLACE OR CLEAN FILTERS AROUND YOUR HOUSE
- CLEAN THE OVEN
- FLIP YOUR MATTRESS
- WASH YOUR PILLOWS
- CHECK FLASHLIGHT BATTERIES
- CLEAN GUTTERS
